The power of music to influence mood, create scenes, routines and occasions is widely recognised and this is reflected in a strand of social theory from Plato to Adorno that portrays music as an influence on character, social structure and action. There have, however, been few attempts to specify this power empirically and to provide theoretically

grounded accounts of music's structuring properties in everyday experience. Music in Everyday Life uses a series of ethnographic studies - an aerobics class, karaoke evenings, music therapy sessions and the use of background music in the retail sector - as well as in-depth interviews to show how music is a constitutive feature of human agency. Drawing together concepts from psychology, sociology and socio-linguistics it develops a theory of music's active role in the construction of personal and social life and highlights the aesthetic dimension of social order

and organisation in late modern societies.

**The Imagined Immigrant** Hal Leonard Corporation

Using original sources--such as newspaper articles, silent movies, letters, autobiographies, and interviews--Ilaria Serra depicts a large tapestry of images that accompanied mass Italian migration to the U.S. at the turn of the twentieth century. She chooses to translate the Italian concept of *immaginario* with the Latin *imago* that felicitously blends the double English translation of the word as "imagery" and "imaginary." *Imago* is a complex knot of collective representations of the

immigrant subject, a mental production that finds concrete expression; impalpable, yet real. The "imagined immigrant" walks alongside the real one in flesh and rags.

In this remarkable memoir, Anna Goldsworthy recalls her first steps towards a life in music, from childhood piano lessons with a local jazz muso to international success as a concert pianist. As she discovers passion and ambition, and confronts doubt and disappointment, she learns about much more than tone and technique. This is a story of the getting of wisdom, tender

and bittersweet. With wit and affection, Goldsworthy captures the hopes and uncertainties of youth, the fear and exhilaration of performing, and the complex bonds between teacher and student. An unforgettable cast of characters joins her: her family; her friends and rivals; and her teacher, Mrs Sivan, who inspires and challenges her in equal measure, and who transforms what seems an impossible dream into something real and sustaining.

A must-read' Thomas Piketty 'The twentieth century's most prophetic critic of capitalism' Prospect Karl Polanyi's landmark 1944 work is one of the earliest and most powerful critiques of unregulated markets. Tracing the history of capitalism from the great transformation of the industrial revolution onwards, he shows that there has been nothing 'natural' about the market state. Instead of reducing human relations and our environment to mere commodities, the economy must always

be embedded in civil society. Describing the 'avalanche of social dislocation' of his time, Polanyi's hugely influential work is a passionate call to protect our common humanity. **Exploring Country and Bluegrass**

**Fiddle** Hal Leonard Corporation  
“They’re still trying to hide the weenie,” thought Sherron Watkins as she read a newspaper clipping about Enron two weeks before Christmas, 2001. . . It quoted [CFO] Jeff McMahon addressing the company’s creditors and cautioning them against a rash judgment. “Don’t assume that there is a smoking gun.” Sherron knew Enron well enough to know that the company was in extreme spin mode... Power Failure is the electrifying behind-the-scenes story of the collapse of Enron, the high-flying gas and energy company touted as the poster child of the New Economy that, in its hubris, had aspired to be “The World’s Leading Company,” and had briefly been the seventh largest corporation in America. Written by

prizewinning journalist Mimi Swartz, and substantially based on the never-before-published revelations of former Enron vice-president Sherron Watkins, as well as hundreds of other interviews, Power Failure shows the human face beyond the greed, arrogance, and raw ambition that fueled the company’s meteoric rise in the late 1990s. At the dawn of the new century, Ken Lay’s and Jeff Skilling’s faces graced the covers of business magazines, and Enron’s money oiled the political machinery behind George W. Bush’s election campaign. But as Wall Street analysts sang Enron’s praises, and its stock spiraled dizzily into the stratosphere, the company’s leaders were madly scrambling to manufacture illusory profits, hide its ballooning debt, and bully Wall Street into buying its

fictional accounting and off-balance-sheet investment vehicles. The story of Enron's fall is a morality tale writ large, performed on a stage with an unforgettable array of props and side plots, from parking lots overflowing with Boxsters and BMWs to hot-house office affairs and executive tantrums. Among the cast of characters Mimi Swartz and Sherron Watkins observe with shrewd Texas eyes and an insider's perspective are: CEO Ken Lay, Enron's "outside face," who was more interested in playing diplomat and paving the road to a political career than in managing Enron's high-testosterone, anything-goes culture; Jeff Skilling, the mastermind behind Enron's mercenary trading culture, who transformed himself from a nerdy executive into the personification

of millennial cool; Rebecca Mark, the savvy and seductive head of Enron's international division, who was Skilling's sole rival to take over the company; and Andy Fastow, whose childish pranks early in his career gave way to something far more destructive. Desperate to be a player in Enron's deal-making, trader-oriented culture, Fastow transformed Enron's finance department into a "profit center," creating a honeycomb of financial entities to bolster Enron's "profits," while diverting tens of millions of dollars into his own pockets. An unprecedented chronicle of Enron's shocking collapse, *Power Failure* should take its place alongside the classics of previous decades - *Barbarians at the Gate* and *Liar's Poker* - as one of the cautionary tales of our

times.
