This book reflects the crude reality of rural Spain in Franco's time. It is full of human power and rich in social insight. Cela writes with great detail, but still maintains simplicity.

EN LA TUMBA DE CAMILO JOSÉ CELA es la crónica del viaje que realizó, en julio de 2008, el escritor barcelonés Antonio Gálvez Alcaide al cementerio de Iria Flavia, parroquia de Padrón, desde Santiago de Compostela. El carácter descriptivo enormemente detallista de la crónica se refleja desde el primer párrafo hasta el último, sin desfallecer. De este modo, el lector obtiene tanto una información precisa y sugestiva para llegar, en autobús, desde Santiago al objetivo del viaje, como el retrato capturado de unos instantes cargados de matices y connotaciones. Tanto que le hacen vivir, automáticamente, un transporte en autobús, el camino que conduce a la diminuta Iria Flavia, el reflejo de la fachada de la Fundación Camilo José Cela, la recoleta Colegiata de Santa María y, por último, el cementerio parroquial, que acoge los restos del premio Nobel español, con el que el autor de esta crónica llegó a coincidir, como articulista de opinión del diario ABC, en 1998, y al que le estrechó la mano, en junio de1991, durante una

entrega de premios literarios. En esta crónica, por lo tanto, tenemos frente a frente a dos escritores que fueron contemporáneos. Uno vivo; y el otro, muerto.

Mi relativo tío Camilo José Cela es un retrato íntimo e inédito sobre el Cela más desconocido, un perfil del escritor y del hombre a través de los afectos y los lugares que tuvieron destacada importancia en su vida.El libro está escrito desde la curiosa mirada de una sobrina de Camilo José Cela. Lola Ramírez comparte una rama de su familia con el autor de La familia de Pascual Duarte y, desde la oportunidad que le ha brindado este parentesco, compone un novedoso perfil de Cela. El niño mimado, el hermano entrañable y déspota, el genial escritor, el atípico padre o el apasionado amante, irrumpen en estas páginas mostrando algunas desconocidas facetas del Nobel gallego.

Christ versus Arizona turns on the events in 1881 that surrounded the shootout at the OK Corral, where Wyatt Earp, Doc Holliday, and Virgil and Morgan Earp fought the Clantons and the McLaurys. Set against a backdrop of an Arizona influenced by the Mexican Revolution and the westward expansion of the United States, the story is a bravura performance by the 1989 Nobel Prize-winning author. A monologue by the nave, unreliable, and

uneducated Wendell L. Espana, the book weaves together hundreds of characters and a torrent of interconnected anecdotes, some true, some fabricated. Wendell's story is a document of the vast array of ills that welcomed the dawning of the twentieth century, ills that continue to shape our world in the new millennium. "Cela prefers the weird, the apparently meaningless and the amorphous. The world of his novels has been likened to that of Hieronymus Bosch and Brueghel; he sees man as a prisoner in a forbidding universe where chaos and imperfection always defeat the idealist." Paul West "Cela is a restless spirit. In him is united a marked fondness for experiment with a provocative attitude. At the same time he can be included in an old Spanish tradition of hilarious grotesqueness which is often the other side of despair. Compassion for man's hopeless suffering is there, but tightly controlled." 1989 Nobel prize for Literature Press Release "One of the most gifted and powerful writers in contemporary Europe." A New York Times Best Book of the Year Nobel Prize Laureate Mazurka for Two Dead Men, the culmination of Camilo José Cela's literary art, opens in 1936 at the beginning of the Spanish Civil War: Lionheart Gamuzo is savagely murdered. In 1939, as the war ends, his brother avenges his death. For both deaths, the blind accordion player Gaudencio plays the same mazurka. Set in backward rural Galicia, Cela's excellent novel portrays a reign of fools, and works like contrapuntal music, its themes calling and responding, alternately brutal, melancholy, funny, lyrical, and coarse.

"Well Mrs Caldwell is the English mother of Eliacim who has died a while ago (not clear but possibly in WW2 or at least between the world wars). She is writing a sort of diary of her thoughts as she ponders her relationship with her now grown son. The book has about 200 pages with about 200 short chapters, each with a descriptive heading. She is going mad and the basic suggestion (though not clear since this is definitely not a simple narrative story, but in my view) is because of her guilt in having had incestuous thoughts about him since he was a boy. Each chapter is basically a thought picture with little connectivity with the others as Caldwell brings to mind Eliacim's possible loves, his career in the navy (he dies aboard ship and is buried at sea), objects that spark a memory, avoids but alludes to her inappropriate behaviours and so on. There is a possible thread of ideas associated with water, wood of coffins, sin, time and her own youth."--Goodreads

Proceso escritural y evolutivo de la obra narrativa del escritor español. Libro en el que mostramos como Cela en sus catorce obras, clasificadas como «novela», logra realizar un proceso creativo que abarca desde las técnicas y recursos tradicionales, pasando por la mimética, realista y retrato para llegar a la obra desprovista de anécdota.

Before proceeding to an examination of Cela's works, mention of the critical orientation of this study may prove of some assistance to the reader. My primary intent is to discuss the novels in order to underline the "proteic" nature of the structure of Cela's writings. This approach is descriptive rather than historical.

The Personality of Camilo Jose Cela Seen Through His Life and Works Univ of Wisconsin Press

La personalidad y la obra de Camilo José Cela es un intrincado territorio alumbrado por muchas luces y acechado por algunas sombras. Para su conocimiento será necesario establecer una rigurosa edición cronológica de sus escritos: un verdadero océano de singular riqueza en lo que atañe a la creación literaria, de gran envergadura en lo que se refiere a la cultura española de la segunda mitad del siglo XX y de ramificaciones sinuosas y diversas en lo que atañe a la dimensión biográfica. El perfil poliédrico del Premio Nobel se bosqueja en ocho capítulos y un estrambote que buscan adentrarse en la personalidad, las empresas y las obras artísticas del escritor gallego. Perfiles que nos acercan a su mirada y a su memoria, a sus lealtades y a sus renunciaciones, a sus trabajos editoriales y a sus labores de conferenciante, a su programa de viajero impenitente y a las poéticas de algunas de sus obras narrativas. La voluntad de Camilo José Cela, perfiles de un escritor es la de pórtico o preámbulo de las dos obras mayores en las que el autor del presente libro trabaja: el establecimiento de una bibliografía total y definitiva de los escritos celianos y la biografía que facilite el itinerario por los trabajos y los días de un clásico irrenunciable de las letras españolas contemporáneas.

párrafos sobre su vida y su obra Editorial Renacimiento

This is the first, book-length study of the six travel narratives published by the 1989 winner of the Nobel Prize for Literatures. Preliminary chapters focus on technical and thematic aspects of travel-writing, and on the author's approach to the genre. Cela's travel works, which appeared between 1948 and 1986, are examined in turn, with a focus on the construction of the narratives and also on the themes that are developed in each of them. There is an assessment of the author's treatment of topographical, cultural, historical, and social material in his accounts of the journeys he made through various areas and regions of Spain, as well as a consideration of the way in which these narratives reflect changes taking place in Spain during the Franco regime and in the decade following the dictator's death. David Henn teaches modern Spanish fiction, drama, and travel literature at University College London.

Charlebois describes Cela's childhood, participation in the Spanish Civil War, and life in Spain during and after Franco's dictatorship. She shows that in spite of the repression that beset his homeland during so much of his career, Cela successfully developed his gift for technical experimentation and creative renewal. As a result, he produced textured discourses that bristle with fragmentation and ambiguity, hilarity and profanity, iconoclasm and alienation.
