MATA TESSA

The Double Life of Fidel Castro Rutgers University Press

The dramatic, glamorous story of lover-turned-spy Marita Lorenz and her affair with Fidel Castro, soon to be the subject of a major film starring Jennifer Lawrence. Few people can say they've seen some of the most significant moments of the twentieth century unravel before their eyes. Marita Lorenz is one of them. Born in Germany at the outbreak of WWII, Marita was incarcerated in a Nazi concentration camp as a child. In 1959, she travelled to Cuba where she met and fell in love with Fidel Castro. Yet upon fleeing to America, she was recruited by the CIA to assassinate the Fidel. Torn by love and loyalty, she couldn't bring herself to slip him the lethal pills. Her life would take many more twists and turns—including having a child with ex-dictator of Venezuela, Marcos Pérez Jiménez; testifying about the John F. Kennedy assassination; and becoming a party girl with close ties the New York mafia (and then a police informant). Caught up in Cold War intrigue, espionage, and conspiracy—this is Marita's incredible autobiography of a young woman who became a spy for the CIA.

Fidel Castro Reader Harper Perennial
"A compelling fictional personage-by turns arrogant, funny, pompous, lewd, self-absorbed and self-deluding."—Michiko Kakutani, New York Times
An audacious "biography" of the ex-president of Cuba told in Castro's own outrageous, bombastic voice. Prize-winning author and journalist Norberto Fuentes was once a revolutionary: a writer with privileged access to Fidel

Castro's inner circle during some the most challenging years of the revolution. But in the late 1990s, as the regime began sending its oldest comrades to the firing squad, he became A Man Who Knew Too Much. Escaping a death sentence and now living in exile, Fuentes has written a brilliant, satirical, and utterly captivating "autobiography" of the Cuban leader—in Fidel's own arrogant and seductive language—discussing everything from Castro's early sexual experiences in Birán to his true feelings about Che Guevara and his philosophy on murder, legacy, and state secrets. Critics have long admired Fuentes's writing; one U.S. article called him "Norman Mailer's Cuban pen pal." Akin to Gertrude Stein's *The Autobiography of Alice B. Toklas*, or Edmund Morris's *Dutch*, this wickedly entertaining, true-to-life masterpiece is as imaginative and outsized as Castro himself.

The Awakening of Latin America Verso Books

This classic anthology on Latin America shows the Argentine-born revolutionary's cultural depth, rigorous intellect, and intense emotional engagement with a continent and its people. In a letter to his mother in 1954, a young Ernesto Guevara wrote, "The Americas will be the theater of my adventures in a way that is much more significant than I would have believed." In *The Awakening of Latin America* we have the story of those adventures, charting Che's evolution from an impressionable young medical student to the "heroic guerrilla," assassinated in cold blood in Bolivia. Spanning seventeen years, this anthology draws on from his family's personal archives and offers the best of Che's writing: examples of his journalism, essays, speeches, letters,

and even poems. As Che documents his early travels through Latin America, his involvement in the Guatemalan and Cuban revolutions, and his rise to international prominence under Fidel Castro, we see how his fervent commitment to social justice shaped and was shaped by the continent he called home. Nearly half of this book is published for the first time and pre-dates Che's arrival in Cuba with Fidel Castro's guerrilla expedition in 1956. Also included are his notes for his unfinished book, *The Social Role of Doctors in Latin America*.

Recognized as "Europe's Noam Chomsky," Ignacio Ramonet looks at how the world has changed since 9/11. [My Life in the Cuban Revolution](#) Ocean Press (AU)

Fidel Castro When Fidel Castro died on November 25, 2016, it seemed as if much of the world didn't quite know what to make of the revolutionary leader. The images of loyal Cubans in Havana openly crying in the streets stood in stark contrast to the Cuban exiles and their descendants just 90 miles away in Miami, Florida. While Cuban citizens were mourning, Cuban Americans were celebrating; they were laughing, dancing, and drinking to celebrate Castro's demise. It seems that Fidel Castro was just as polarizing in death as he was in life. Inside you will read about... - The Beginnings of a Revolutionary - Castro Meets Che Guevara - The Bay of Pigs - The Cuban Missile Crisis - Castro's Soviet Ally - The Assassination Conspiracy - Doctors For Oil And much more! Learn more about the life of one of the twentieth century's most controversial figures.

Hugo Chávez's extraordinary story—in his own words Hugo Chávez, military officer turned left-wing revolutionary, was one of the most important Latin American leaders of the twenty-first century. This book tells the story of his life up to his election as president in 1998. Throughout this riveting and historically important account of his early years, Chávez's energy and charisma shine through. As a young man, he awakens gradually to the reality of his country—where huge inequalities persist and the majority of citizens live in indescribable poverty—and decides to act. He gives a fascinating description of growing up in Barinas, his years in the Military Academy, his long-planned military conspiracy—the most significant in the history of Venezuela and perhaps of Latin America—which led to his unsuccessful coup attempt of 1992, and eventually to his popular electoral victory in 1998. His collaborator on this book is Ignacio Ramonet, the famous French journalist (and editor for many years of *Le Monde diplomatique*), who undertook a similar task with Fidel Castro (*Fidel Castro: My Life*).

My First Life Leftword

Provides an account of the most dangerous moment of the Cold War--the Cuban Missile Crisis

Fidel ABC-CLIO

Rhetoric during and after the Cold War years has painted starkly contrasting portraits of Cuba's Fidel Castro: an unblemished idealist on the one hand, a ruthless dictator on the other. This insightful book, the most intimate and dispassionate biography of the revolutionary leader to date, shows that neither assessment is true. Leicester Coltman, British ambassador to Cuba in the early 1990s, came as close to personal friendship with Castro as any foreigner was permitted. With frequent contact and regular conversations, Coltman was in a unique position to observe the dictator's personality in both

public and private situations. Here he presents a close-up view of the man who for half a century has been loved, admired, feared, and hated, but seldom really understood. Coltman chronicles the events of the Cuban leader's extraordinary life from the political activism of his university days in Havana to periods of exile, imprisonment, and guerilla warfare alongside Che Guevara, to the uncertainties of his old age. Drawing on personal observation and archival sources in Cuba and abroad, Coltman explores the contradiction between the private character and the public reputation, and highlights the complexities of the consummate actor who continues to play a crucial role on the international stage.

Who Was Fidel Castro? Garrett County Press

Early in Ann Louise Bardach's Cuban voyage she came across *Cartas de Presidio* or *The Prison Letters of Fidel Castro*. Edited by Luis Conte Aguero, who was the recipient of most of these letters, they are cited in every important work from Hugh Thomas' opus *Cuba* to Tad Szulc's Fidel biography, and everything in between and since. These twenty-one letters (nine to Conte Aguero, six to his late sister and close collaborator, Lidia, one to his wife Mirta, one to his comrade in combat, Melba Hernandez letters, one to the great scholar Jorge Manach) are regarded as the single most valuable and revelatory document regarding Fidel Castro and the Cuban Revolution. Never before published in English, these letters were written when Castro was imprisoned for

his failed attack on the Moncada from 1953 to 1955 and reveal a man of spectacular ambition and steely determination. A man, who despite being incarcerated to serve a lengthy prison term, never wavers in his confidence that he will one day rule Cuba.

An Exile's Memoir of Cuba Seal Press

"Mommy, mommy, call him. Tell him to come here right away. I have so many things to tell him!" I had a ton of things to tell him. I wanted him to find a solution to all the shortages of clothes; of meat, so it would again be distributed through the ration books. I also wanted to ask him to give our Christmas back. And to come live with us. I wanted to let him know how much we really needed him... Fidel didn't answer my letter. I kept writing him letters from a sweet and well-behaved child, a brave but sad girl. Letters resembling those of a secret, spurned lover... As a girl growing up in Cuba, Alina Fernandez found nothing abnormal in the fact that Fidel Castro would occasionally visit her house bearing gifts just for her. At the age of ten, her mother finally told her the truth: she was Castro's Daughter.

New Threats, New Fears Simon and Schuster

A revelatory memoir of the 17 years Juan Sanchez spent as one of Fidel Castro's personal soldiers, in his innermost circle

An American History Greenwood Publishing Group

"[DePalma] renders a Cuba few tourists will ever see . . . You won't forget these people soon, and you are bound to emerge from DePalma's bighearted account with a deeper understanding of

a storied island . . . A remarkably revealing glimpse into the world of a muzzled yet irrepressibly ebullient neighbor."--The New York Times Modern Cuba comes alive in a vibrant portrait of a group of families's varied journeys in one community over the last twenty years. Cubans today, most of whom have lived their entire lives under the Castro regime, are hesitantly embracing the future. In his new book, Anthony DePalma, a veteran reporter with years of experience in Cuba, focuses on a neighborhood across the harbor from Old Havana to dramatize the optimism as well as the enormous challenges that Cubans face: a moving snapshot of Cuba with all its contradictions as the new regime opens the gate to the capitalism that Fidel railed against for so long. In Guanabacoa, longtime residents prove enterprising in the extreme. Scrounging materials in the black market, Cary Luisa Limonta Ewen has started her own small manufacturing business, a surprising turn for a former ranking member of the Communist Party. Her good friend Lili, a loyal Communist, heads the neighborhood's watchdog revolutionary committee. Artist Arturo Montoto, who had long lived and worked in Mexico, moved back to Cuba when he saw improving conditions but complains like any artist about recognition. In stark contrast, Jorge García lives in Miami and continues to seek justice for the sinking of a tugboat full of refugees, a tragedy that claimed the lives of his son, grandson, and twelve other family members, a massacre for which the government denies any role. In The Cubans, many patriots face one new question: is their loyalty to the revolution, or to their country? As people try to navigate their new reality, Cuba has become an improvised country, an

old machine kept running with equal measures of ingenuity and desperation. A new kind of revolutionary spirit thrives beneath the conformity of a half century of totalitarian rule. And over all of this looms the United States, with its unpredictable policies, which warmed towards its neighbor under one administration but whose policies have now taken on a chill reminiscent of the Cold War.

Celia Sánchez is the missing actor of the Cuban Revolution. Although not as well known in the English-speaking world as Fidel Castro and Che Guevara, Sánchez played a pivotal role in launching the revolution and administering the revolutionary state. She joined the clandestine 26th of July Movement and went on to choose the landing site of the Granma and fight with the rebels in the Sierra Maestra. She collected the documents that would form the official archives of the revolution, and, after its victory, launched numerous projects that enriched the lives of many Cubans, from parks to literacy programs to helping develop the Cohiba cigar brand. All the while, she maintained a close relationship with Fidel Castro that lasted until her death in 1980. The product of ten years of original research, this biography draws on interviews with Sánchez's friends, family, and comrades in the rebel army, along with countless letters and documents. Biographer Nancy Stout was initially barred from the official archives, but, in a remarkable twist, was granted access by Fidel Castro himself, impressed as he was with Stout's project and aware that Sánchez deserved a worthy biography. This is the extraordinary story of an extraordinary woman who exemplified the very best

values of the Cuban Revolution: selfless dedication to the people, courage in the face of grave danger, and the desire to transform society.
