Why the Clustering of Like-Minded America Is Tearing Us Apart

Createspace Independent Publishing
Platform

American government is in the midst of
a reputation crisis. An overwhelming
majority of citizens—Republicans and
Democrats alike—hold negative

perceptions of the government and
believe it is wasteful, inefficient, and
doing a generally poor job managing
public programs and providing public
services. When social problems arise,
Americans are therefore skeptical that
the government has the ability to
respond effectively. It's a serious
problem, argues Amy E. Lerman, and it
will not be a simple one to fix. With Good
Enough for Government Work, Lerman
uses surveys, experiments, and public

opinion data to argue persuasively that the reputation of government is itself an impediment to government's ability to achieve the common good. In addition to improving its efficiency and effectiveness, government therefore has an equally critical task: countering the belief that the public sector is mired in incompetence. Lerman takes readers through the main challenges. Negative perceptions are highly resistant to change, she shows, because we tend to perceive the world in a way that confirms our negative stereotypes of government—even in the face of new information. Those who hold particularly negative perceptions also begin to “opt out” in favor of private alternatives, such as sending their children to private schools, living in gated communities,

and refusing to participate in public health insurance programs. When sufficient numbers of people opt out of public services, the result can be a decline in the objective quality of public provision. In this way, citizens' beliefs about government can quickly become a self-fulfilling prophecy, with consequences for all. Lerman concludes with practical solutions for how the government might improve its reputation and roll back current efforts to eliminate or privatize even some of the most critical public services.

The defeat of House Majority Leader Eric Cantor on June 10, 2014, was the most stunning upset in modern political history. Shown by his own polling to be leading by 34 points in the Virginia district he'd represented fourteen years, outspending little-known primary opponent Dave Brat 40-1, Cantor - widely presumed to be the next Speaker - was crushed by eleven points. Typically, the elite media had totally missed the story, buying into the

narrative of Cantor-the-inevitable. Meanwhile the Brat campaign was putting together a vast, highly motivated grassroots army that day by day, voter by voter, was exposing Cantor for who he really was: not the staunch 'young gun' conservative he played on TV, but one of the nation's leading RINOs (Republican in Name Only), indifferent to his constituents, deeply self-interested and a key behind-the-scenes Democrat enabler on Obamacare, immigration and spending. The architects of that remarkable, against-all-odds victory were 23-year old Zach Werrell and 24-year old gray Delany. In 'How to Bag a RINO, ' they reveal in detail how it was achieved, and why it is a model for similar insurgent GOP campaigns across America as grassroots Republicans fight

to take back their party, and the country. "This is the book the Republican Establishment does NOT want you to read" - Peter Schweizer, author of 'Clinton Cash' and 'Throw Them All Out.'

America explores our government's impact on the daily lives of Americans by focusing on public policy. Authors George Edwards and Martin Wattenberg provide a framework for students to understand the difficult questions that decision makers of both political parties are facing: How should we govern? And, what should government do? In order to boost student engagement with key concepts, the 2014 Elections and Updates Edition incorporates coverage of contemporary issues that dominate today's headlines, as well as the most up-to-date data. Also available with MyPoliSciLab® MyPoliSciLab for the American Government course extends learning online, engaging students and improving results. Media resources with assignments bring concepts to life, and

offer students opportunities to practice applying what they've learned. And the Writing Space helps educators develop and assess concept mastery and critical thinking through writing, quickly and easily. Please note: this version of MyPoliSciLab does not include an eText. Government in America, 2014 Elections and Updates Edition is also available via REVEL(tm), an immersive learning experience designed for the way today's students read, think, and learn. *People, Politics, and Policy* Createspace Independent Publishing Platform "A rich, sensual, bewitching adventure of good vs. evil with love as the prize." ~Publisher's Weekly on ETERNITY 300 years ago, Raven St. James was hanged for witchcraft. But she revives among the dead to find herself alive. She is an

Immortal High Witch, one of the light. A note from her mother warns that there are others, those of the Dark, who preserve their own lives by taking the hearts of those like her. Duncan Wallace's forbidden love for the secretive lass costs him his life. 300 years later, he loves her again, tormented by hazy memories of a past that can't be real. She tells him of another lifetime, claims to be immortal. Though he knows she's deluded, he can't stay away. And the Dark Witch after her heart is far closer than either of them know. If you liked the TV Series HIGHLANDER, you will LOVE this series. Don't miss Book 2, INFINITY. "A hauntingly beautiful story of a love that endures through time itself." ~New York Times Bestselling Author, Kay Hooper

"This captivating story of a love that reaches across the centuries, becomes as immortal as the lover's themselves, resonates with timeless passion, powerful magic, and haunting heartbreak." ~BN.com's official review

Elections and Updates Edition

Pearson Education

Why are Americans so angry with each other? The United States is caught in a partisan hyperconflict that divides politicians, communities—and even families. Politicians from the president to state and local office-holders play to strongly-held beliefs and sometimes even pour fuel on the resulting inferno. This polarization has become so intense that many people no longer trust anyone from a differing perspective. Drawing on his personal story of growing up as a

fundamentalist Christian on a dairy farm in rural Ohio, then as an academic in the heart of the liberal East Coast establishment, Darrell West analyzes the economic, cultural, and political aspects of polarization. He takes advantage of his experiences inside both conservative and liberal camps to explain the views of each side and offer insights into why each is angry with the other. West argues that societal tensions have metastasized into a dangerous tribalism that seriously threatens U.S. democracy. Unless people can bridge these divisions and forge a new path forward, it will be impossible to work together, maintain a functioning democracy, and solve the country's pressing policy problems.

For courses in American Government Learn how American politics affects public policy Revel(TM) Government in America: People, Politics, and Policy takes a public-policy approach to show how politics influences the policies that governments produce. Authors George Edwards, Martin Wattenberg, and William Howell provide a framework for students to understand the difficult questions that decision makers of both political parties are facing: how should we govern and what should government do? By emphasizing the scope of government -- the key issue in American politics today -- the authors help students see how politics matters in their own lives. The 2018 Elections and Updates Edition offers new narrative coverage of the major issues from

today's headlines including the 2018 midterm elections, recent policy under the Trump administration, and the nomination of Brett Kavanaugh to the Supreme Court. This digital package includes Revel Georgia Politics in a State of Change, 3rd Edition, allowing instructors to easily integrate coverage of Georgia government and politics into the American Government survey course. Combining historical background with the most current scholarship, authors Charles Bullock and Keith Gaddie tell the story of Georgia politics from the state's founding to the institutions, policies, and people changing Georgia today. Revel is Pearson's newest way of delivering our respected content. Fully digital and highly engaging, Revel replaces the

textbook and gives students everything they need for the course. Informed by extensive research on how people read, think, and learn, Revel is an interactive learning environment that enables students to read, practice, and study in one continuous experience -- for less than the cost of a traditional textbook. NOTE: Revel is a fully digital delivery of Pearson content. This ISBN is for the standalone Revel access card. In addition to this access card, you will need a course invite link, provided by your instructor, to register for and use Revel.

Government in America Routledge
This book focuses on the root causes of the generation gap in voter turnout—changes in media consumption habits over time. It lays out an argument

as to why young people have been tuning out politics in recent years, both in the United States and in other established democracies.

People, Politics, and Policy - 2016

Presidential Election Univ of North Carolina Press

Between 1898 and 1918, many American states introduced the initiative, referendum, and recall--known collectively as direct democracy. Most interpreters have seen the motives for these reform measures as purely political, but Thomas Goebel demonstrates that the call for direct democracy was deeply rooted in antimonopoly sentiment. Frustrated with the governmental corruption and favoritism that facilitated the rise of

monopolies, advocates of direct democracy aimed to check the influence of legislative bodies and directly empower the people to pass laws and abolish trusts. But direct democracy failed to achieve its promises: corporations and trusts continued to flourish, voter turnout rates did not increase, and interest groups grew stronger. By the 1930s, it was clear that direct democracy favored large organizations with the financial and organizational resources to fund increasingly expensive campaigns. Recent years have witnessed a resurgence of direct democracy, particularly in California, where ballot questions and propositions have addressed such volatile issues as gay rights and affirmative action. In this

context, Goebel's analysis of direct democracy's history, evolution, and ultimate unsuitability as a grassroots tool is particularly timely.

American Government and Politics Today
Pearson College Division

Caution: this book is a document from the future, on how the United States finally split into two independent republics in 2029, and its aftermath. The topic is so sensitive, that its futuristic author must be identified merely as John Doe, Ph.D. Dateline: 2029. The "One Nation, Indivisible," finally divides. - A political satire.

People, Politics, and Policy (Ap Edition)
Vintage

The non-fiction Common Core aligned readings and primary source Document Pamphlet series: Discovering America is

designed to help students read for information and think critically while forming their own ideas. Students and adults alike will discover history by looking at artifacts constructed by the people who shaped the United States of America. Perfect for any classroom, from Fifth Grade to college, this series engages students and prompts them to think for themselves, question, reflect and gain a deeper understanding of history. In this edition, students discover the prolific Patrick Henry -- who some historians credit as firing the first figurative shot of the Revolution in his fiery "Give Me Liberty or Give Me Death" speech. Read select letters written by Henry, engage in his oratory, learn about his life and decide for yourself the impetus behind a man called one of the

greatest Patriots in the history of America.
