 ~magfan "This book was definitely encouraging. I can't help but think that was the main goal of the author's; to give the reader positive affirmations all throughout the book. The book was much about having a great attitude, ignoring all the haters, working hard, and doing whatever you can to get yourself where you want to be in your network marketing career. The author references visualization techniques, affirmations to continuously tell yourself. The author also does a great job of encouraging you to continue to press forward with your

venture even if it is difficult. This book definitely has the confidence building tools you and I need to make it through anything, not just network marketing, but in life. The author was genuine and sincere in their appeal to the reader to realize how important just being confident is to one's career. I would recommend this book to anyone who needs some confidence building techniques or ideas to further their own personal development." ~Sara Linville

peace, power, and joy? We Should All Be Millionaires details a realistic, achievable, step-by-step path to creating the support, confidence, and plan you need to own your success and become the millionaire the world needs you to be. Only 10 percent of the world's millionaires are women, making it difficult for women to wield the economic power that will create lasting equality. Whatever is stopping you from having seven figures in the bank—whether it's shaky confidence, knowledge gaps when it comes to wealth building tactics, imposter syndrome, a janky mindset about money (it's okay, we've all been there!), or simply not knowing where to begin—this

book shows you how to clear every obstacle in your way, show up, and glow up. We Should All Be Millionaires will forever change the way you think about money and your ability to earn it. In this book, Rachel Rodgers— a Black woman, mother of four, attorney, business owner, and self-made millionaire— shares the lessons she's learned both in her own journey to wealth and in coaching hundreds of women through their own journeys to seven figures. Inside, you'll learn: Why earning more money is not "selfish" or "greedy" but in fact, a revolutionary act that brings the economy into balance and creates a better world for all. Why most of the financial advice you've

heard in the past (like “skip your daily latte to save money”) is absolute, patriarchal nonsense. An eye-opening history lesson on how women and people of color have been shut out of the ability to build wealth for centuries—and how we can fix this. How to stop making broke-ass decisions that leave you feeling emotionally and financially depleted and start making million-dollar decisions instead. Why aiming to earn \$100K per year is not enough, and why you need to be setting your goals much higher. Strategies to bring more money in the door and fatten your bank account immediately. (Including Rodgers’ \$10K in 10 Days Challenge which hundreds of women

have completed—with incredible results.) It’s time to construct an entirely new attitude about money, claim your power, and build the financial security that you need and deserve — so you can stop just surviving, and start thriving. Let’s begin.

3 Easy Habits for Network Marketing Millionaires in Motion Audio Version is Now Available with Audible! Exclusive Offer - Today Includes 2 Amazing Bonus Books: *The 100 Most Powerful Affirmations for Leadership & The 100 Most Powerful Affirmations for Success* You will not achieve fulfillment and happiness until YOU become the architect of your own reality.

Imagine that with a few moments each day, you could begin the powerful transformation toward complete control of your own life and well being through positive affirmation. Because you can. You will be able to release all fear and doubt simply because you know that you can. Utilize this simple, proven technique to regain the lost comforts of joy, love, and fulfillment in your life. You have the ability to unlock your full inner-potential and achieve your ultimate goals. This is the age-old secret of the financial elite, world class scholars, and Olympic champions. For example, when you watch the Olympics, you'll find one consistency in all of the champions. Each one

closes their eyes for a moment and clearly affirms & visualizes themselves completing the event flawlessly just before starting. Then they win gold medals and become champions. That's merely one example of how the real power of affirmation can elevate you above any of life's challenges. Life is too short to be exhausted on thousands of everyday anxieties and fears. Sadly, the average person will get to the end of their life and realize that more than half of it was spent struggling with these kind of problems. Because they didn't know what to do, many of these people never found any satisfaction in life. You can and will become bigger than those struggles by enhancing the energy

that already flows within you. Too often people are held hostage and limited by a cycle of negative thinking and pessimism. This kind of thinking creates a streak of what many choose to call, "bad luck." I have good news for you. There is no such thing as "bad luck." This phenomenon is merely a cycle of negative affirmation that must be broken and mended with a fresh regimen of positive affirmation and vision. By repeating and remembering these affirmations in times of difficulty, we transform our rigid affirmations of defeat and intimidation into warm, confident manifestations of the world as we choose it to be. Get what you want and desire from

the world like millions of others around the globe using affirmations. You already possess the power to assert your own perceptions and transform your thoughts and desires into reality. By using positive affirmations daily, you will unlock that natural potential inside of you. If you want to see positive change now, you'll find the quickest path to fulfillment with positive affirmation and visualization. There is no time to spend on loss, negativity, and defeat when you can be achieving tangible, historically proven results with minimum time and effort invested. There is no limit to changes that can be made through the power of creating truth with affirmation...

Americans spend more than \$11 billion a year on self-help

products—everything from books to diet pills to career coaches to seminars. So

why—with all this time, money, and energy being spent—are so few people living the life they really want?

Why are millions of smart, talented, motivated people still going through life with one foot on the brake?

Here's the real Secret: You don't need any more how-to-succeed information to reach your full potential. The problem isn't lack of motivation or lack of information. The real

problem is that most people focus on the "how-to" aspects of success taught by traditional self-help programs, without coming to terms with what productivity expert Noah St. John calls your "head trash"—the subconscious, emotional roadblocks that prevent people from acting on their real hopes, dreams, and ambitions. In this groundbreaking book, based on work with thousands of clients around the world, Noah St. John has created a remarkable, step-by-step approach that helps you achieve long-term happiness, success, and wealth. In The Secret Code of Success, you will learn how to: Eliminate the causes of self-sabotage and fear of success

Allow yourself to make more money Remove stress while dramatically increasing personal productivity Improve relationships with coworkers, family, and friends Experience enhanced feelings of happiness, connection, and love The Secret Code of Success shows that, when it comes to success, the conscious mind is exactly the wrong place to start. It's only when we first conquer the self-sabotage of our subconscious (which accounts for 90 percent of our behavior) that we can truly begin to enjoy a life filled with success. This insight is at the core of The Secret Code of Success and leads to Noah's revolutionary 7-step method for eliminating these psychological

obstacles. True financial freedom and personal success is possible at last! The Secret Code of Success shows you how to get your foot off the brake and start living the life you deserve. Harper Collins Soul Success is a collection of stories from inspirational female leaders who have overcome impossible circumstances to achieve success. Author Megan McCann narrates the book from her point of view and the battles she faced throughout her life as a little girl and woman who dared to dream. McCann takes you through her journey bringing to light common themes of unhealthy female competition and why it's our duty now more

than ever, as women, to lock arms. From being bullied in school by her teacher by her peers, to being at war with other women in business, you'll explore the common themes that led to failure in her career and personal life. After meeting the women highlighted in this book, you'll come to understand the mission behind the book is not just about women rising together, but after reading the memoirs, you'll also leave with a toolkit for how to turn shit into gold. Be ready to laugh, snort, cry, and feel good all at the same time.

 I'm a clue collector – life clues. The kind of clues that make me pause for a few moments to try and understand the significance that is just beyond what we see on the surface. These clues are everywhere in life when you know how to look for them. That's the focus of this book. I've come to understand that those who perform at above-

average levels have learned to recognize their own clues that life gives them. They have learned to see, feel, and hear these clues. By refining this ability, they are able to interact with the world around them at higher levels than most others, almost as if they can see around corners. The good news is that you can develop this same ability. As you discover how to pay attention to the clues in your own life, you will also find yourself happier and more productive than ever. It's no accident you're holding this book in your hands right now. It's filled with some of the most critical clues you need to see at this point of your journey. You'll also come to realize that life is your

advocate, a reliable member of your team that shows you clues that are uniquely your own. Follow them and you will be on the path

to achieving your ultimate potential. It's all inside these pages waiting for you right now.
