Changing Our World (titled Exodus:

Immigration and Multiculturalism in the 21st Century for its UK release) is a 2013 book by the development economist Paul Collier about the way migration affects migrants as well as the countries that send and receive the migrants, and the implications this has for development economics and the quest to end

poverty. Exodus: How Migration Is Changing Our World - Wikipedia In "Exodus: How Migration Is Changing Our World", Oxford professor Paul Collier of "The Bottom Billion" fame sets out to "generate a unified analysis of a wide array of disparate specialist research, across social science and moral

philosophy", on the topic of migration. Exodus: How Migration Is Changing Our World by Paul Collier In fact, much of Exodus appears to be an argument with an oversimplified version of Exceptional People, which I co-authored with Ian Goldin and Meera Balarajan, and he is correct to caution against taking some of our arguments to an extreme (Goldin et al., 2011). Migration itself is not a solution to global inequality; it is a symptom of it. Exodus: How migration is changing our world. By Paul ...
