Nine Leading Businesses Launch New Initiative to ...NEW YORK; Oct. 8, 2020 - Accenture (NYSE: ACN) today announced new commitments to sustainability — including industry-leading goals for net-zero emissions, as well as a newly created leadership role — as it moves to embed responsible business practices in all of its services and across every area of the company. Accenture Sets Industry-Leading Net-Zero, Waste and Water ...Singapore is leading with Net Zero spaces, 4.9% of the world's emissions come from electricity within buildings (Ge and Friedrich, 2020). In 2019, The National University of Singapore launched its first Net Zero building including solar panels and a hybrid cooling system (Wong, 2019). Net Zero Report - Tech Nation The shift towards net-zero greenhouse gas emission pathways is accelerating, and the group of actors pledging net-zero targets is substantial: • 823 cities and 101 regions have net-zero targets. These local governments represent more than 846 million people across every continent — 11 percent of the global population — and have 09 / 2020 Accelerating Net Zero The science is clear. If we want to limit global warming to 1.5°C and avoid the worst effects of climate change, we, as a planet, need to halve carbon dioxide (CO₂) emissions in this decade and reach net-zero carbon emissions by 2050.. This will require a rapid transition to a low-carbon

economy, as well as the scaling of projects and technologies that will remove CO₂ from the atmosphere. Our Net-Zero Pledge | BCG The New York Times has today launched “Netting Zero”, a free virtual event series which will see leading climate and academic experts challenge business and industry figures to identify tangible climate solutions. Speakers will debate the transformation required from private enterprise and government sectors including city planning, investment, infrastructure, food, and energy in order to ...
