Maybe it's the end of the world, but not for Candace Chen, a millennial, first-generation American and office drone meandering her way into adulthood in Ling Ma's offbeat, wryly funny, apocalyptic satire, *Severance*. "A stunning, audacious book with a fresh take on both office politics and what the apocalypse might bring." —Michael Schaub, NPR.org "A satirical spin on the end times-- kind of like *The Office* meets *The Leftovers*." --Estelle Tang, Elle NAMED A BEST BOOK OF THE YEAR BY: NPR * The New Yorker ("Books We Loved") * Elle * Marie Claire * Amazon Editors * The Paris Review (Staff Favorites) * Refinery29 * Bustle * BuzzFeed * BookPage * Bookish * Mental Floss * Chicago Review

With the recent passing of her Chinese immigrant parents, she's had her fill of uncertainty. She's content just to carry on: She goes to work, troubleshoots the teen-targeted Gemstone Bible, watches movies in a Greenpoint basement with her boyfriend. So Candace barely notices when a plague of biblical proportions sweeps New York. Then Shen Fever spreads. Families flee. Companies cease operations. The subways screech to a halt. Her bosses enlist her as part of a dwindling skeleton crew with a big end-date payoff. Soon entirely alone, still unfevered, she photographs the eerie, abandoned city as the anonymous blogger NY Ghost. Candace won't be able to make it on her own forever, though. Enter a group of survivors, led by the power-hungry IT tech Bob. They're traveling to a place called the Facility, where, Bob promises, they will have everything they need to start society anew. But Candace is carrying a secret she

knows Bob will exploit. Should she escape from her rescuers? A send-up and takedown of the rituals, routines, and missed opportunities of contemporary life, Ling Ma's *Severance* is a moving family story, a quirky coming-of-adulthood tale, and a hilarious, deadpan satire. Most important, it's a heartfelt tribute to the connections that drive us to do more than survive.

An instant New York Times bestseller! Alan Gratz, bestselling author of *Refugee*, weaves a stunning array of voices and stories into an epic tale of teamwork in the face of tyranny -- and how just one day can change the world. June 6, 1944: The Nazis are terrorizing Europe, on their evil quest to conquer the world. The only way to stop them? The biggest, most top-secret operation ever, with the Allied nations coming together to storm German-occupied France. Welcome to D-Day. Dee, a young U.S. soldier, is on a boat racing toward the French coast. And Dee -- along with his brothers-in-arms -- is terrified. He feels the weight of World War II on his shoulders. But Dee is not alone. Behind enemy lines in France, a girl named Samira works as a spy, trying to sabotage the German army. Meanwhile, paratrooper James leaps from his plane to join a daring midnight raid. And in the thick of battle, Henry, a medic, searches for lives to save. In a breathtaking race against time, they all must fight to complete their high-stakes missions. But with betrayals and deadly risks at every turn, can the Allies do what it takes to win?

From NPR correspondent Keith O' Brien comes this thrilling Young

Readers' edition of the untold story about pioneering women,

including Amelia Earhart, who fought to compete against men in

the high-stakes national air races of the 1920s and 1930s--and

won. In the years between World War I and World War II, airplane

racing was one of the most popular sports in America. Thousands

of fans flocked to multiday events, and the pilots who competed

in these races were hailed as heroes. Well, the male pilots were

hailed. Women who flew planes were often ridiculed by the press,

and initially they weren't invited to race. Yet a group of women

were determined to take to the sky--no matter what. With guts

and grit, they overcame incredible odds both on the ground and

in the air to pursue their dreams of flying and racing planes. Fly

Girls follows the stories of five remarkable women: Florence

Klingensmith, a high school dropout from North Dakota; Ruth

Elder, an Alabama housewife; Amelia Earhart, the most famous,

but not necessarily the most skilled; Ruth Nichols, a daughter of

Wall Street wealth who longed to live a life of her own; and Louise

Thaden, who got her start selling coal in Wichita. Together, they

fought for the chance to race against the men--and in 1936 one of them would triumph in the toughest race of all. Complete with photographs and a glossary, *Fly Girls* celebrates a little-known slice of history wherein tenacious, trail-blazing women braved all obstacles to achieve greatness.

Study Guide for CTET Paper 2 (Class 6 - 8 Teachers) Social Studies/ Social Science with Past Questions 5th Edition Letts and Lonsdale

Racial Spectacles: Explorations in Media, Race, and Justice examines the crucial role the media has played in circulating and shaping national dialogues about race through representations of crime and racialized violence. Jonathan Markovitz argues that mass media "racial spectacles" often work to shore up racist stereotypes, but that they also provide opportunities to challenge prevalent conceptions of race, and can be seized upon as vehicles for social protest. This book explores a series of mass media spectacles revolving around the news, prime-time television, Hollywood cinema, and the internet that have either relied upon, reconfigured, or helped to construct collective memories of race, crime, and (in)justice. The case studies explored include the Scottsboro interracial rape case of the 1930s, the Kobe Bryant rape case, the Los Angeles Police Department's "Rampart scandal," the Abu Ghraib photographs, and a series of racist incidents at the University of California. This book will prove to be important not only for courses on race and media, but also for any reader interested in issues of the media's role in social justice.
