Two narrators attempt to recreate all 209 of the fairy tales of the Brothers Grimm in a wild, fast-paced extravaganza. To make it more difficult, they attempt to combine them into one gigantic fable using Rapunzel, Rumpelstiltskin, Hansel and Gretel, Snow White, Sleeping Beauty, Cinderella and other more obscure stories like Lean Lisa and The Devil's Grandmother.

Small Wonder

Madison Templeton, known to most as Maddie, is going through a break-up. The man she thought was her mate, actually wasn't. While that should break her heart, and it did a little, she's more upset about losing her best friend and confidant, her ex-boyfriend's twin brother Van. When the opportunity to escape town and help her cousin out at her bakery comes around, she jumps at it. A little time away to get her head back on straight seems like the perfect way to get some distance. Van Bowman thought all he could have since the day Maddie unwittingly picked his twin brother over him, was friendship. He's had to love her quietly from a distance, and find comfort in being her confidant. Now that his brother has broken up with her, Van is ready to claim the woman that should have been his from the beginning. He made a mistake not telling her how he felt, and he aims to fix that. He'll do anything to convince her she belongs to him, even chase after her and face off against her new protective friends.
