characteristics and goals, the reasons for the predominance of part-time attendance, participation and achievement among minority students, attrition issues, and recent moves toward student assessment. Chapter 3 draws on national data to illustrate the differences between full- and part-time faculty and discusses issues related to tenure, salary, workload, faculty evaluation, moonlighting, burnout, and job satisfaction. Chapter 4 reviews the changes that have taken place in college management as a result of changes in institutional size, the advent of collective bargaining, reductions in available funds, and changes in governance and control. Chapter 5 describes various funding patterns and their relationship to organizational shifts. Chapter 6 discusses

the rise of learning resource centers and the maintenance of stability in instructional forms in spite of the introduction of a host of reproducible instructional media. Chapter 7 considers student personnel functions, including counseling, guidance, recruitment, retention, orientation, and extracurricular activities. Chapter 8 traces the rise of occupational education, as it has moved from a peripheral to a central position in the curriculum. Chapter 9 focuses on remedial and developmental programs and addresses the controversies surrounding student assessment and placement. Chapter 10 deals with adult and continuing education, lifelong learning, and community services. Chapters 11 and 12 examine curricular trends in the liberal arts and general education, highlighting problems and proposing solutions. Chapter 13 addresses the philosophical and practical questions that have been raised about the transfer function and the community college's role in enhancing student progress toward higher degrees. Finally, chapter 14 offers projections based on current trends in student and faculty demographics, college organization, curriculum, instruction, and student services. (JMC)

With two parts and seventeen stories, Stephen Crane's *The Open Boat and Other Stories* is an eclectic collection that stuns with its use of naturalism and angst. In the first part, titled *Minor Conflicts*, Crane shares eight works of short fiction. Among these is *The Bride Comes to the Yellow Sky*, a tense drama that explores themes of change with the portrayal of a Texas marshal who is saved from gunfight by his bride. *Death and the Child* follows a journalist who, after becoming sympathetic to the Greeks as he acts as a correspondent for the war, decides to join them in their fight. Also featured in part one of *The Open Boat and Other Stories* is the title work. *The Open Boat* follows the emotional journey of four men who have survived a shipwreck as they wrestle with the realization that nature is apathetic to their fate. Titled *Midnight Sketches*, the second part of *The Open Boat and Other Stories* pays special attention to the class struggles of American Society. *An Experiment in Misery* features the wrenching story of a young man who wanders the streets of New York, enduring taunts and cruelty as he searches for affordable food and living accommodations. Similarly, *An Ominous Baby* is a brief, symbolic tale of socioeconomics as it follows a young child exploring a rich neighborhood, becoming fixated on a rich kid's toy. With themes of romance and coming-of-age, *The Pace of Youth* depicts a young couple who, despite the disapproval of the girl's father, decides to indulge in their love and elope. With dramatic and wrenching prose, Stephen Crane's *The Open Boat and Other Stories* examines universal topics and themes that are still relevant to contemporary society. While depicting a vivid variety of settings, including both exotic and American landscapes, and with the depiction of complex protagonists ranging from innocent children, to journalist-turned soldiers, *The Open Boat and Other Stories* celebrates and features some of Stephen Crane's best work. Now presented in an easy-to-read font and redesigned with an

eye-catching cover, this edition of *The Open Boat and Other Stories* by Stephen Crane is catered to a modern audience.

Salah satu persoalan yang paling sering dikeluhkan oleh manajemen rumah sakit yang menjalankan program Jaminan Kesehatan Nasional (JKN) adalah besarnya deviasi atau perbedaan tarif paket INA-CBGs dengan total Tagihan (billing) berdasarkan tarif rumah sakit. Disparitas tarif dalam konteks defisit ini selalu menimbulkan pertanyaan, apakah tarif INA-CBGs yang terlalu kecil atau tarif rumah sakit yang terlalu besar. Tidak jarang anggapan tarif INA-CBGs yang terlalu kecil ini menjadi salah satu penyebab komplain dari jajaran manajemen rumah sakit dan timbulnya resistensi khususnya di kalangan dokter di rumah sakit dalam memberikan pelayanan kepada pasien peserta program JKN oleh BPJS Kesehatan.

This paper looks at the possible paths for policy and development in Indonesia under the leadership of the seventh president of Indonesia, Joko Widodo. The first part is a stocktake of the challenges that lie ahead. The stocktake assesses the state of play in five areas: the political system; economic challenges; government and administration; social issues; and foreign affairs. Then two possible scenarios of governance under the new

administration are considered: an outward-looking reform path or an inward-looking resilience path. The country's seventh president, Joko Widodo, will need to decide whether to adopt one of these paths or select policies that combine elements from both the reform and the resilience paths.

This Bill seeks to prohibit completely the hunting of deer with dogs and hare coursing; as well as to limit fox hunting with dogs to situations where the hunt is registered or exempt from this requirement for registration (involving situations such as the rescue or recapture of a wild animal). Under the Bill's provisions, registration will only be granted for hunts which satisfy tests of utility and least suffering, and all registered hunting will be subject to certain conditions including the conduct of the hunt. A Registrar will be established, appointed by the Secretary of State for the Environment, Food and Rural Affairs, which will determine applications for registration. An independent Hunting Tribunal will also be created under the supervision of the Lord Chancellor to hear appeals regarding the Registrar's decisions. Prescribed animal welfare bodies may present evidence to the Registrar on any applications for registration and may also apply for hunts to be de-registered. These provisions apply to England and Wales only; a separate law banning hunting with dogs has already been introduced in Scotland.

*Reinventing Government* Zifatama Jawara A NEW YORK TIMES BESTSELLER An Esquire Best Book of 2017 Remember when presidents spoke in complete sentences instead of in unhinged tweets? Former Obama speechwriter David Litt does. In his comic, coming-of-age memoir, he takes us back to the Obama years - and charts a path forward in the age of Trump. More than any other presidency, Barack Obama's eight years in the White House were defined by young people - twenty-somethings who didn't have much experience in politics (or anything else, for that matter), yet suddenly found themselves in the most high-stakes office building on earth. David Litt was one of those twenty-somethings. After graduating from college in 2008, he went straight to the Obama campaign. In 2011, he became one of the youngest White House speechwriters in history. Until leaving the White House in 2016, he wrote on topics from healthcare to climate change to criminal justice reform. As President Obama's go-to comedy writer, he also took the lead on the White House Correspondents' Dinner, the so-called "State of the Union of jokes." Now, in this refreshingly honest memoir, Litt brings us inside Obamaworld. With a humorists' eye for detail, he describes what it's like to accidentally trigger an international incident or nearly set a president's hair aflame. He answers questions you never knew you had: Which White House men's room is the classiest? What do you do when the commander in chief gets your name wrong? Where should you never, under any circumstances, change clothes on Air Force One? With nearly a decade of stories to tell, Litt makes clear that politics is completely, hopelessly absurd. But it's also important. For all the moments of chaos, frustration, and yes, disillusionment, Litt remains a believer in the words that first drew him to the Obama campaign: "People who love this country can change it." In telling his own story, Litt sheds fresh light on his former

boss's legacy. And he argues that, despite the current political climate, the politics championed by Barack Obama will outlive the presidency of Donald Trump. Full of hilarious stories and told in a truly original

voice, Thanks, Obama is an exciting debut about what it means – personally, professionally, and politically – to grow up. *Akutansi Keuangan Pemerintah Daerah CV*
