Pleiadian Perspectives on Human Evolution Llewellyn Worldwide

This is the fifth and final book written by Amora Quan Yin. She had completed the initial version of this text just before her death in June of 2013. This is a book that is for everyone who has ever been inspired by Amora's writings. And it is a book for everyone who appreciates a deep spiritual message ringing with clarity and strength. This book is for all of us searching how to live our everyday lives in alignment with divine love and truth. The early chapters here establish a foundation of spiritual practices that can be used by everyone to improve their lives. The later chapters speak to the core of what holds us back from becoming our true selves and finding our path to Oneness. When it comes to helping us transform our lives, there is no voice that speaks with more clarity and impact than Amora's. Drop all new age stereotypes; this is a prophet with the sword of truth.

Mantra Meditation Red Wheel/Weiser

What is karma? Are there ways we can balance this and become karma-free? Is there a particular nutritional plan we should follow for ascension? Do we increase our karmic balance by eating certain foods? How can we utilise sex magick to work with karma and move through ascension? There are many lessons we can learn from the peoples of ancient Lemuria, a civilisation that existed before our known history on planet Earth. As we move through an ascension process collectively, we move back into a 'New Lemuria' and we take with us all the knowledge we have accumulated since those times. In this transmission from the White Winged Collective Consciousness of Nine, keycodes are presented for cellular memory recall, linking the reader 'beyond Atlantis' and into the harmonious frequencies of the first physical civilisation on the Earth - Lemuria. The Nine respond to questions using the Lemurian way as a template. Keycoded responses trigger activations within the reader as they receive the wisdom

codes, standing as 'rainbow warriors of Gaia' moving into abundance, alchemy and stargate ascension. * Magenta Pixie is a channel for the higher dimensional, divine intelligence known as 'The White Winged Collective Consciousness of Nine'. The transmissions she receives from 'The Nine' have reached thousands of people worldwide via the extensive video collection on her YouTube channel. She has worked with people from all over the world as an intuitive consultant and ascension/consciousness coach. Magenta lives in the New Forest, UK. Magenta Pixie is also the author of "Masters of the Matrix", "Divine Architecture and the Starseed Template", "The Infinite Helix and the Emerald Flame" and "The Black Box Programme and the Rose Gold Flame as Antidote"

- Examines how each dimension influences Earth, its levels of creative expression, and the sciences that describe each one
- Provides meditations to open you to the experience of each dimension and all nine dimensions as an integrated whole
- Includes new evidence for the nine dimensions from the supercomputer Blue Brain Project and recently discovered ancient technology As revealed by the Pleiadians via renowned author Barbara Hand Clow, Earth holds nine dimensions of consciousness that humans can currently access. Long ago, the ability to access all nine dimensions was natural for humans. As we collectively heal from ancestral trauma and enter the Age of Light, our access to the nine dimensions is reopening and our ability to learn from and consciously utilize these higher intelligences in our lives is being restored. In this illuminating guide, Barbara Hand Clow shows how the nine dimensions of consciousness are now being verified by contemporary science. She explains how the first dimension is the center of the Earth and the source of grounding ourselves, the second is between Earth's center and the surface, the third is linear space and time experienced on Earth's crust, the fourth is the realm of our collective mind, and the higher five celestial dimensions are where we contact the transcendent. She examines how each dimension influences Earth, the sciences that operate there, and the levels of creative expression available. Additionally, Gerry Clow has provided both written and audio meditations to open you to the experience of each dimension and

all nine dimensions as an integrated whole. In this 20th anniversary edition, Clow includes updates from her continuing research, including evidence from the supercomputer Blue Brain Project, which mapped nine dimensions in the human brain. She also describes how recent discoveries of ancient technology mirror the Pleiadian dimensional system. Providing a journey through the complex ideas of both modern science and esoteric wisdom, this guide allows you to awaken to the full spectrum of multidimensional consciousness and to connect deeply to the center of our planet and the Divine Cosmos that surrounds us all. Based on her popular workshops in Canada and Europe, Welcome to the Fifth Dimension is author Diane LeBlanc's guide to helping readers recognize and integrate their multiple dimensions.

Through examples, exercises, and channeled teachings, she shows us how to regain our co-creative power and live each day and moment in a state of grace. The key, says LeBlanc, is Quintessence, a self-coaching program that revitalizes the five most important dimensions of human existence in order to feel better, recover from disease, and be fully happy. The book breaks Quintessence into groups of five: the five energy fields that surround the body, the individual's five main OSoul families, the five dimensions of the human brain, and others. The book assesses and draws on many contemporary schools of thought, as seen in books like The Law of Attraction, The Power of Now, and The Celestine Prophecy. It also provides original teachings channeled from the powerful entity LeBlanc describes as the "Mother Earth Consciousness," personified as Bianca Gaia who is LeBlanc's alter ego. Packed with charts, diagrams, and illustrations, this compelling book encourages readers to radically enhance their health and happiness by opening their minds to this new way of thinking.

"Awaken to the fact that your thought and feeling in the past have built—created—the inharmony of your world today. Arise! I say, Arise! and walk with the Father—the "I AM"—that you may be free from these limitations. Life, in all its Activities everywhere manifest, is God in Action; and it is only through lack of the understanding of applied thought and feeling that mankind is constantly interrupting the pure flow of that Perfect Essence of Life which would, without interference, naturally express its Perfection everywhere."

A nationally known astrologer explores the connection between spiritual emergencies at age 30, 40, and 50 and key astrological passages of Saturn, Uranus, and Chiron. • Provides techniques for directing the kundalini energy released during planetary passages for optimal personal and psychic development. • Includes charts for birth years starting in 1930 so that readers can determine the timing of their planetary passages. • By Barbara Hand Clow, author of the bestselling Pleiadian Agenda (60,000 copies sold). Kundalini--the energy of eros that lies at the base of the spine--can be overwhelming once activated. Times of activation coincide with the key astrological passages of Saturn, Uranus, and Chiron in one's birth chart and are often experienced as periods of spiritual emergency, confusion, and imbalance. In Liquid Light of

Sex, Barbara Hand Clow opens up new dimensions for understanding what occurs during these key life passages, which most of us experience three times in our lives. In the author's words, "we form at age 30, we transform at age 40, and we transmute at age 50." Focusing on the transformation at age 40--the time of imbalance and spiritual confusion often referred to as the "midlife crisis"--she explores how kundalini energy, the liquid light of sex, can be creatively channeled by unblocking the chakras. Offering effective methods for achieving physical, emotional, and spiritual growth during this important life passage, Liquid Light of Sex presents a roadmap for using celestial cycles to navigate positively and productively in times of great life change.

FOREWORD This book was born of clear vision. You may use it as a window through which to view a new perspective of the past and an expanded vista of your current opportunity. In these pages, you will meet the Pleiadian Emissaries of Light, remarkable beings who will assist you to express your Christ Presence—the joyful, wise, healthy, spontaneous, loving, immortal individual you are—and they will guide you through an experience of Pleiadian Lightwork. It is an opportunity to awaken. My experience of The Pleiadian Workbook: Awakening Your Divine Ka began on a golden spring day on the western slopes of Mt. Shasta. I had gone to "the place where ladybugs come to dance," as I call the small medicine wheel I helped build near my home. On dry days, hundreds of ladybugs emerge from the cushion of pine needles on the forest floor as I beat my drum; their flight fills the air with hard orange bodies. They walk about my arms and legs eagerly greeting me, and cover a small cedar tree. I often go to this place for pipe ceremonies with a friend to pray for the unfolding Divine Plan on Earth; I also pray that I may know the most appropriate steps to take each moment to assist the unfolding plan. Herewith the dancing ladybugs, the delicious scent of warm pine, and the music of clear rushing water playfully slapping stoic gray boulders, I "saw" that my friend Amora would write her first book and that I would assist the birthing by editing her first-draft manuscript and helping prepare her materials for submission to a publisher. Several days later I broached the subject with Amora. Silence. More silence. I could see the faint flush of pink rising in her face, embarrassment at contemplating something "so grand." A nervous laugh. "We'll see," she stated in that I'm-changing-the-subject-now tone of voice. Within weeks, confirmation came from other unexpected sources. The project was conceived. By the time Amora began to write and I began to edit, I was working with the Pleiadian Emissaries of Light every day, especially during sleep, with the intention of transmuting anything-beliefs, thoughtforms, genetic encoding, karmic imprints, behavioral patterns—that in anyway hindered my full expression and embodiment of my Christ Presence. With the assistance of these

Pleiadians, I carefully scrutinized my own life and body to determine what patterns I carried; then I applied the techniques of Pleiadian Lightwork to make the needed transformation. I noticed

that I was beginning to "read between the lines," so to speak. I seemed to have access to new information and knowing that was not "in print" in the book which I could immediately apply to

my life. Much of this new knowing was very practical and basic information for my physical well-being... (fragment) Shahan Jon Mt. Shasta, California
