What happens when we take a chance and
jump into the unknown? Mag the Mighty
Marshmallow will delight readers in this

rhyiming story. Mag is a shy, but curious
marshmallow, living in a bag, amongst the
same, square, boring marshmallows. Her
secret wish is to see what life is beyond
the high shelf in the kitchen from where
she lives. If she can muster up the courage
to take a leap of faith, she may find a
friend or two down on the countertop, with
unexpected surprises. Mag's adventure
will inspire readers to take chances on
their dreams, handling stress positively

when our plans don't go according to what
we envisioned, and allowing new friends
into our lives. Mag teaches us it's okay to
be soft and vulnerable, yet strong and
mighty. We meet important people on our
journey; some for seasons and others as
keepers. The ones who remain often
become life-long friends to help us when
we need it most, and who like us just the
way we are, without trying to change us.
Mag the Mighty Marshmallow is a story

both adults and children can relate to and appreciate.

Avoiding Commitment Simon and Schuster
"Solveig Hisdal is not only aware of the knowledge housed in Norway's museums, she has also learned how to use it. She has visited museums throughout the country, searching eagerly for the treasures that her ancestors left behind. She has found textiles, chests, cabinets and old folk costumes that have later become her greatest source of inspiration. This book is a result of her quest, and it shows how the creativity of the past has inspired her to make beautiful knitted designs. It contains wonderful knitting ideas for almost all occasions, from a child's christening outfit to an exquisite, knitted bridal cardigan with beads and silk. Whether you wish to be inspired by the beautiful pictures, or knit some of the outfits -- enjoy the book!"--P. [4] of cover.

The second in the Electra McDonnell series from Edgar-nominated author Ashley Weaver, *The Key to Deceit*, is a delightful World War II mystery filled with spies, murder, romance, and wit. London, 1940. After years of stealing from the rich and

giving to the poor—well, to themselves, anyway—Ellie McDonnell and her family have turned over a new leaf as they help the government's war effort. It's true that the straight-laced Major Ramsey didn't give them much choice, but still, Ellie must admit she doesn't miss breaking and entering as much as she might have thought. What she does miss is the challenge of unlocking an impossible code and the adrenaline rush that comes from being somewhere she shouldn't. So when Major Ramsey turns up unannounced with another job, she can't say no. A woman's body has been found floating in the Thames, with a bracelet locked onto her wrist, and a cameo locket attached to it. It's clear this woman was involved in espionage, but whose side was she on? Who was she reporting to? And who wanted her dead?

Thank you for reading our PRINCE2

Foundation Training Manual. The main objective of this book is to provide an easy-to-read and easy-to-understand PRINCE2(R) Foundation training manual. The official PRINCE2 manual, "Managing Successful Projects with PRINCE2," is an

excellent reference manual, but it is not a training manual and should not be used as one, as it is very difficult to comprehend and understand if you are new to project management. The official PRINCE2 manual also covers the complete Practitioner Syllabus, and it's impossible to know which parts are just focused on the PRINCE2 Foundation syllabus, so you have to read everything, which is not good if you are just studying for the foundation exam. Henceforth, this book is meant to be (and is) an easy introduction to PRINCE2 based on the Foundation syllabus, and it's quickly becoming the most read book for people wishing to learn about PRINCE2 and prepare for the foundation exam.
