 Motivate pupils to develop their geographical skills, knowledge and understanding as they become engaged and accomplished geographers, ready for the demands of GCSE. Specifically designed to provide a solid foundation for the 2016 GCSE specifications, this Student Book takes an enquiry-based approach to learning within each unit and lesson. - Easily and cost-effectively implement a new KS3 scheme of work: this coherent single-book course covers the

latest National Curriculum content, providing 150 ready-made lessons that can be used flexibly for a two or three-year KS3 - Build and improve the geographical knowledge and skills that pupils need: every double-page spread represents a lesson, with rich geographical data and place contexts for pupils to interpret, analyse and evaluate - Lay firm foundations for GCSE: key vocabulary, command words and concepts are introduced gradually, preparing pupils for the content and question types they will encounter at GCSE, with a particular focus on analysis and evaluation questions - Effectively assess, measure and demonstrate progress:

formative assessments throughout each lesson and summative end-of-unit reviews include questions that show whether pupils are 'working towards', 'meeting' or 'exceeding' expectations - Encourage pupils to check and drive their own progress: learning objectives and end-of-unit learning outcomes help pupils reflect on their learning and make connections between key concepts and skills throughout the course

*BrightRED Study Guide: National 5 Geography* McGraw-Hill Education

Support your students to achieve their best grade with the ultimate course companion; providing clear and concise explanations of all syllabus

requirements, with exam practice questions to check understanding and consolidate revision. - Fully prepare for the final assessment with examiner advice on how to approach and explore each topic, including additional top tips and common mistakes. - Practice and revise effectively from a range of strategies and a variety of high achieving example answers. - Focus revision by using key terms with definitions listed for each topic and subtopic of the course. - Answers available to download for free: [www.hoddereducation.co.uk/ib-extras](http://www.hoddereducation.co.uk/ib-extras)

This book is designed to help students build up and apply geographical skills throughout KS3. A wide range of skills are introduced in Unit 1, and then revisited and progressed in different contexts in Units 2-15 as part of a learning journey to becoming a geographer. These skills are progressed as an integral component of an enquiry process. The book provides a firm foundation for the geographical skills required at GCSE level and beyond. A wide range of geographical data is provided including satellite images and a large number of OS maps at a variety of scales, often linked to other data, such as ground and aerial photos. Progress in Geography Skills: Key Stage 3 can

be used independently or alongside the Progress in Geography: Key Stage 3 Student book. Each page has a specific learning objective and skills focus, such as: - Conducting geographical enquiries; considering different points of view and making decisions - Drawing field sketches, linked to OS maps and locating places using lines of latitude and longitude on an atlas or grid references on OS maps - Understanding and drawing a wide variety of graphs - Analysis and presentation of statistical data - Comparing ground level photographs with Ordnance Survey maps and being able to identify coastal, glacial and river landforms on OS maps - Using

newspapers to investigate issues, and detect bias - Using websites, including online GIS, as part of enquiries and investigating data

[Progress in Geography Skills: Key Stage 3](#) Hodder Education Supplement your social studies curriculum with 180 days of daily geography practice! This essential classroom resource provides teachers with

weekly geography units that build students' geography knowledge, and are easy to incorporate into the classroom. In a world that is becoming more connected and globalized, 21st century students must have the skills necessary to understand their world and how geography affects them and others. Students will develop their map and spatial skills, learn how to answer text- and photo-dependent questions, and study the 5 themes of geography. Each week covers a particular topic and introduces students to a new place or type of map. The first two weeks consist of a mini-unit that focuses entirely on map skills. For additional units,

students will study various places, and how culture and geography are related. With a focus on the six populated continents, students will explore various types of maps including physical maps, political maps, topographic maps, thematic maps, climate maps, regional maps, and various topics including scale, legends, cardinal directions, latitude and longitude, and more. Aligned to state standards and National Geography Standards, this resource includes digital materials.
