Physics Galaxy Vol. IV Lecture Notes on Optics & Modern Physics (JEE Mains & Advance, BITSAT, NEET) S. Chand Publishing

The publication of the first edition of Physics in 1960 launched the modern era of physics textbooks. It was a new paradigm then and, after 40 years, it continues to be the dominant model for all texts. The big change in the market has been a shift to a lower level, more accessible version of the model. Fundamentals of Physics is a good example of this shift. In spite of this change, there continues to be a demand for the original version and, indeed, we are seeing a renewed interest in Physics as demographic changes have led to greater numbers of well-prepared students entering university. Physics is the only book available for academics looking to teach a more demanding course.

In *Going Solo*, the world's favourite storyteller, Roald Dahl, tells of life as a fighter pilot in Africa. 'They did not think for one moment that they would find anything but a burnt-out fuselage and a charred skeleton, and they were astounded when they came upon my still-breathing body lying in the sand nearby.' In 1938 Roald Dahl was fresh out of school and bound for his first job in Africa, hoping to find adventure far from home. However, he got far more excitement than he bargained for when the outbreak of the Second World War led him to join the RAF. His account of his experiences in Africa, crashing a plane in the Western Desert,

rescue and recovery from his horrific injuries in Alexandria, flying a Hurricane as Greece fell to the Germans, and many other daring deeds, recreates a world as bizarre and unnerving as any he wrote about in his fiction. 'Very nearly as grotesque as his fiction. The same compulsive blend of wide-eyed innocence and fascination with danger and horror' Evening Standard 'A non-stop demonstration of expert raconteurship' The New York Times Book Review Roald Dahl, the brilliant and worldwide acclaimed author of *Charlie and the Chocolate Factory*, *James and the Giant Peach*, *Matilda*, and many more classics for children, also wrote scores of short stories for adults. These delightfully disturbing tales have often been filmed and were most recently the inspiration for the West End play, *Roald Dahl's Twisted Tales* by Jeremy Dyson. Roald Dahl's stories continue to make readers shiver today.

"THE MAHABHARATA ENDURES AS THE GREAT EPIC OF INDIA. While Jaya is the story of the Pandavas, told from the perspective of the victors of Kurukshetra, Ajaya is the tale of the Kauravas, who were decimated to the last man. From the pen of the author

who gave voice to Ravana in the national bestseller, ASURA, comes the riveting narrative which compels us to question the truth behind the Mahabharata. THE DARK AGE OF KALI IS RISING and every man and woman must choose between duty and conscience, honour and shame, life and death... o The Pandavas, banished to the forest following the disastrous games of dice, return to Hastinapura. o Draupadi has vowed not to bind her hair till she washes it in the blood of the Kauravas. o Karna must choose between loyalty and gratitude, friend and Guru. o Aswathama undertakes a perilous mission to the mountains of Gandhara, in search of the Evil One. o Kunti must decide between her firstborn and her other sons. o Guru Drona has to stand with either his favourite disciple or his beloved son. o Balarama, having failed to convince his brother about the adharma of violence, walks the streets of Bharatavarsha, spreading the message of peace. o Ekalavya is called to make the ultimate sacrifice to uphold a woman's honour. o Jara, the beggar, sings of Krishna's love while his blind dog, Dharma, follows. o Shakuni can almost see the realization of his dream to destroy India. As the Pandavas stake their claim to the Hastinapura throne, the Kaurava Crown Prince, Suyodhana, rises to challenge Krishna. As great minds debate dharma and adharma, power hungry men prepare for an apocalyptic war. The women, highborn and humble, helplessly watch the unfolding disaster with deep foreboding. And greedy merchants and unscrupulous priests lie in wait like vultures. Both sides know that beyond the agony and carnage the winner will take all. But even as gods conspire and men's destinies unfold, a far greater truth awaits. ***** One of the six most remarkable writers of India. DNA An Amazing read. The WEEK Unique voice of a rebellious author telling the story from the other side, a feat a few have dared or managed so well. Bihar Times"
