Daniel Jacobus, reclusive blind concert master and amateur sleuth, returns to solve a most despicable crime and to clear an innocent man just after his Carnegie Hall swansong and before his imminent departure for retirement in France, beloved violinist and humanitarian Rene Allard is brutally murdered with a mysterious weapon. His young African American rival, crossover artist BTower, is spotted at the scene of the crime hovering over the contorted body of Allard with blood on his hands. In short order the aloof and arrogant BTower is convicted and sentenced to death, in part the result of the testimony of blind and curmudgeonly violin pedagogue Daniel Jacobus, like millions of others, an ardent admirer of Allard. Justice has been served...or has it? Jacobus is dragged back into the case kicking and screaming, and reluctantly follows a trail of broken violins and broken lives as it leads inexorably to the truth, and to his own mortal peril.

Now in one stunning collection, four of Stephen King's most well-loved horror stories: The Mist, Apt Pupil, The Body, and The Sun Dog. Each standalone story is a riveting master class in short fiction from "the reigning King of American popular literature" (Los Angeles Daily News). In The Mist, terror descends in the wake of a summer storm. David Drayton, his son Billy, and their neighbor Brent Norton join dozens of others and head to the local grocery store to replenish supplies and become trapped by a strange mist that has enveloped the town. As the confinement takes its toll on the group's nerves, staying in the store may prove fatal—so, the Draytons, Brent, and a handful of other survivors attempt their escape. But what's out there may be worse than what they left behind. Apt Pupil follows Todd Bowden, a top-performing student and all around "good kid" who learns his teacher, Mr. Dussander, is more than he seems. Turns out, Mr. Dussander is the target of a decades-old manhunt. He's never been caught, and Todd doesn't want to be the one to turn him in. Instead, Todd will face his fears and learn the real meaning of power—and the seductive lure of evil. In The Body, it's 1960 in the fictional town of Castle Rock, Maine, and a boy from a neighboring town has vanished. Twelve-year-old Gordie Lachance and his three friends set out on a quest to find his body along the railroad tracks. During the course of their journey, Gordie, Chris Chambers, Teddy Duchamp, and Vern Tessio come to terms with death and the harsh truths of growing up in this iconic, unforgettable, coming-of-age story that was also adapted in the 1986 film classic Stand by Me. In The Sun Dog, Kevin Delavan receives the perfect gift for his fifteenth birthday: a Polaroid Sun 660. But no matter where Kevin Delevan aims the camera, it produces a photograph of an enormous, vicious dog. In each successive picture, the menacing creature draws nearer to the flat surface of the Polaroid film. When old Pop Merrill, the town's sharpest trader, gets wind of this phenomenon, he envisions a way to profit from it. But the Sun Dog, a beast that shouldn't exist at all, is a dangerous investment... This beautiful boxed set makes the perfect gift for seasoned King fans and newcomers alike—and features impeccably crafted, page-turning stories you'll return to again and again.

In eighteen thematically linked stories, Colin Fleming explores the ways in which relationships end, with a focus on the void a loved one leaves behind. In Fire with Legs," the inhabitants of a noise machine discuss the end of a previous relationship, and the life that went with it. In Playing in Room B," an amateur videographer searches for his vanished wife in his movies, wondering when she started slipping out of the frame. In Green Wood," a man examines the death of his wife and the certainty of reality in a world where the TV program never changes. In The Char Paper Blues Band," a tiny group of professional musicians provides the background track to a couple's life, from blissful harmony to the gradual souring of the song. Through magical realism and extended metaphor, Fleming explores the epiphenomena of failed relationships, the flotsam left behind in the wreckage of life as it was.

Hailed by Franz Liszt as the world's greatest organist, Camille Saint-Saëns was revered by his contemporaries for his ingenious improvisations, his mastery of the art of registration, his virtuosity, and his eclectic organ compositions. Saint-Saëns's technique and style developed out of what remained of the French classic tradition that survived into 19th century use, bridged the entire career of Aristide Cavallé-Coll, and continued well into the 20th century. Rollin Smith, author of The Organ Works of César Franck, provides an insightful biographical view of Saint-Saëns as organist and

Discover the little-known story of Beethoven's beloved masterwork. As the best pianist in Vienna, Ludwig van Beethoven had everything: talent, money, fame. But he also had a terrible secret. He was slowly going deaf. Though his hearing deserted him, the maestro never lost his music. Seeking inspiration for his compositions, Beethoven hit upon Napoleon Bonaparte, then considered a liberator and a folk hero. Soon after Beethoven completed the work, Napoleon declared himself Emperor of France; betrayed and enraged, Beethoven tore his copy of the score to pieces. But his friend Ferdinand rescued a copy, and in time, Beethoven renamed it Eroica: the Heroic Symphony, dedicated to hero in each and every one of us.

"The often violent extremes of opinion which he aroused in others created a legacy of prejudices and assumptions which has for three-quarters of a century remained largely unchallenged and has militated against a more sober assessment of his music and its place in musical history."--BOOK JACKET. "Stephen Studd's biography offers just such an assessment. Together with an extensive bibliography, appendices with selections from the composer's essays and poetry, and an up-to-date discography of the ever-growing number of recordings, this biography is much needed and timely."--BOOK JACKET.

This newly engraved and edited study score is based on the first edition score and parts and produced in a convenient, easy-to-read size for fireside reading on Halloween nights."
