Describes the geography, plants and animals, history, economy, language, religions, culture, and people of the People's Republic of China, home of one of the world's oldest continuous civilizations.

Let's Take a Walk Through Our Orthodox Church Cambridge University Press

This is a story guaranteed to make you laugh and cry: the first children's book from award-winning, bestselling author and comedian Miranda Hart. Chloe Long has lost her smile. She's looked everywhere for it. (Under her pillow. Under her bed. Under her nose. Obviously.) She's tried everything to bring it back. (Her favourite cake. Her favourite gran. Her favourite joke. Obviously.) But nothing seems to be working! Until one night, something utterly magical happens - and Chloe finds herself on an adventure that is out of this world ... With fabulous illustrations by Sainsbury's Book of the Year winner, Kate Hindley, *THE GIRL WITH THE LOST SMILE* takes you on an action-packed, magical journey that celebrates the power of the imagination, the wonder of true friendship and is guaranteed to make you smile. 'Is Miranda Hart a National Treasure yet? If not, it can only be a year or two before she joins Stephen Fry and Alan Bennett in the trophy cabinet of the country's affections ... That personality and voice belong to a uniquely cherished comedian ... there's nobody like Miranda.' Daily Mail

 Digenis Akritis is Byzantium's only epic poem, telling of the exploits of a heroic warrior of 'double descent' on the frontiers between Byzantine and Arab territory in Asia Minor in the ninth and tenth centuries. It survives in six versions, of which the two oldest, dating from the thirteenth and fifteenth centuries, are presented here in an edited version. The manuscripts are preserved in the Grottaferrata monastery near Rome and the Escorial Library in Spain. Behind these two versions lies a twelfth-century poem that can now be glimpsed at but not reconstructed. This edition and translation aims at highlighting the nature of the lost poem, and at providing a guide through the maze of recent

discussions about the epic and its background.

 This book explores youth in postmodern society through a Lacanian lens. Jagodzinski explores the generalized paranoia that pervades the landscape of television. Instead of dismissing paranoia as a negative development, he claims that youth today labour within the context of paranoia to find their

identities.

Communism: A Very Short

Introduction HarperCollins

New York Times Bestseller! A School Library Journal Best Book of the Year A never-before-published, previously unfinished Mark Twain children's story is brought to life by Philip and Erin Stead, creators of the Caldecott Medal-winning *A Sick Day for Amos McGee*. In a hotel in Paris one evening in 1879, Mark Twain sat with his young daughters, who begged their father for a story. Twain began telling them the tale of Johnny, a poor boy in possession of some magical seeds. Later, Twain would jot down some rough notes about the story, but the tale was left unfinished . . . until now.

Plucked from the Mark Twain archive at the University of California at Berkeley, Twain's notes now form the foundation of a fairy tale picked up over a century later. With only Twain's fragmentary script and a story that stops partway as his guide, author Philip Stead has written a tale that imagines what might have been if Twain had fully realized this work. Johnny, forlorn and alone except for his pet chicken, meets a kind woman who gives him seeds that change his fortune, allowing him to speak with animals and sending him on a quest to rescue a stolen prince. In the face of a bullying tyrant king, Johnny and his animal friends come to understand that generosity, empathy, and quiet courage are gifts more precious in this world than power and gold. Illuminated by Erin Stead's graceful, humorous, and achingly poignant artwork, this is a story that reaches through time and brings us a new book from America's most legendary writer, envisioned by two of today's most important names in children's literature. Life is War: Surviving Dictatorship in Communist Albania features six intimate interviews with women and men who survived Enver Hoxha's communist regime. The book reveals how everyday people survived political persecution and

oppression, and champions human resilience in the face of unrelenting political terror.

The Autobiography of the People in Verse Oxford University Press, USA

From the late 1920s onwards, forced collectivisation, state-directed industrialisation, mass purging and the party's control of culture, refashioned Russia and gave birth to a new type of society. The 'second revolution' and its aftermath remodelled the Soviet State and the Bolshevik party, restructured all institutions and reconstituted all social relationships. Millions found their lives changed forever. Nothing was untouched and no one was unaffected. Presiding over these momentous changes was Joseph Stalin, one of the twentieth century's most disturbing figures. "The Stalinist Dictatorship" looks at the regime from three different perspectives.

Section one focuses on interpretations of Stalin's character and attempts to explain the everlasting puzzle of the relationship between events and personality. Section two looks at Stalin's role within the Soviet Union, and sees him as only one part (albeit an important one) of a complex culture of politics and administration. The final section examines the ways in which the Soviet people handled socialism, and how Stalinism functioned on the ground. The vicissitudes in Stalin's reputation reflect the vicissitudes of the history of the twentieth century itself. Stalin became a symbol of a new system, a 'socialist' alternative to the capitalist path.

"THE CODE OF LEKE DUKAGJINI is a great cultural treasure, comparable to the chapters of The Old Testament." "It provides deep insights into the ancient society of the Albanians, their somber

dignity & their magnificent sense of honor."--David Binder, The New York Times. "This legal system was established & passed on to future generations as a common law by Leke Dukagjini, a co-fighter of the legendary Skenderbeg." "The 'Besa' or the 'word of honor' as stated in THE CODE OF LEKE DUKAGJINI which means peace & protection to those whom it is given, has become today an important fighting tool in the political struggle of Kosovo's Albanians against Serb oppression."--Victor Meier, The Frankfurter Allgemeine Zeitung. "The legal Code of the Albanians known by them for a thousand years, is one of the most original in the history of mankind. Among the basic pillars of this code are the equality of men before the code & the non-abuse of justice." "The entire essence of the legal code of the Albanians is an unparalleled rigorous respect for this basic principle: non-violation of the dignity of a man- his honor, home, & life."--Ismail Kadare, Albanian writer.

This book builds a new vision of the development of Russian revolutionary culture, bringing together fiction, criticism, utopian projects, manifestos, performance and film theory, religious philosophy, and the imaginary space of communism centered around the Mummy of Lenin. Revolution and modernization are two main issues of the book. The author argues that in Modernism the work of art was conceived as a miniature of the world to come; thus, art was meant to make projects, not master-pieces. He analyzes the genre of the manifesto as a special rhetorical device of modernist discourse and shows how projects of biological and social engineering elaborate a vision of a future human type apt to exist under unprecedented conditions. Red Square, Black Square traces the process of totalitarian reduction of the modernist impulse into a rigid party doctrine. It follows the turbulent development of Russian Modernism through its categorical arrest under the official doctrine of "socialist realism." Moscow's Red Square is examined as a primal communist space that manifests the symbolism of power. Viewing communism as an aesthetically, not economically, motivated society, the book enacts "political aesthetics" as a discipline that provides the fundamental tool for an adequate and thorough understanding of communism. Todorov concludes by discussing the rise of nationalism in Eastern Europe as a post-communist condition, and the new mission of the intellectuals.

In the early 1990s, Albania, arguably Europe's most closed and repressive state, began a startling transition out of forty years of self-imposed Communist isolation. Albanians who were not allowed to practice religion, travel abroad, wear jeans, or read "decadent" Western literature began to devour the outside world. They opened cafés, companies, and newspapers. Previously banned rock music blared in the streets. Modern Albania offers a vivid history of the Albanian Communist regime's fall and the trials and tribulations that led the country to become the state it is today. The book provides an in-depth look at the Communists' last Politburo meetings and the first student revolts, the fall of the Stalinist regime, the outflows of refugees, the crash of the massive pyramid-loan schemes, the war in neighboring Kosovo, and Albania's relationship with the United States. Fred Abrahams weaves together personal experience from more than twenty years of work in Albania, interviews with key Albanians and foreigners who played a role in the country's politics since 1990—including former Politburo members, opposition leaders, intelligence agents, diplomats, and founders of the Kosovo Liberation Army—and a close examination of hundreds of previously secret government records from Albania and the United States. A rich, narratively-

driven account, Modern Albania gives readers a front-row seat to the dramatic events of the last battle of Cold War Europe.
