How do we make the most of the time we have? In our harried modern world, Os Guinness calls us to consequential living, restructuring our notion of history as linear and purposeful, not as cyclical or meaningless. We can seek to serve God's intentions for our generation and discern our call for this moment in history.

In the mornings, Jeanie Shaw pours herself a cup of coffee and settles in to read God's word. In these special times with God, he fills her spiritual cup with his truth and guidance. Although she is careful not to put her coffee to overflowing, God is not as "careful." She finds that her cup from God overflows on a daily basis. Hence, the title, *My Morning Cup*. As Jeanie shares experiences in her life that are amazing, scary or amusing, you will find yourself saying, "I can't believe all this has happened to her!" This is a Christian book, so all the stories are true. But more important than the stories themselves is the spiritual "cup of learning" that Jeanie draws from them all...and shares with us in this fourth volume of the *Wisdom for Life* series of Women's Devotional books.

Father Thomas Dubay, one of the foremost authorities on the religious life, discusses one of the most important but not fully appreciated or understood charisms of the consecrated life, the charism of virginity. Although the idea of virginity is unpopular and even despised in modern society, Dubay emphasizes that the importance of evangelical virginity is rooted in its Biblical foundation, both in the Old and New Testaments. Examining in detail what the call to virginity is and how it is integrated into the whole of consecrated life, Dubay presents his study in such a way as to be of importance to men as well. Noting that a woman, because of her feminine nature and traits, can image and live the

Church's wedded relationship to Christ more realistically, Dubay points out that men with the celibate charism are also members of the virgin Church that is wedded to Christ, just as in the Old Testament the People of God was a virgin bride wedded to Yahweh. The common and distinct elements of male and female consecrated love are fully captured in these pages.

A New York Times Notable Book A Kirkus Reviews Best Book of 2012 A bold approach to understanding the American evangelical experience from an anthropological and psychological perspective by one of the country's most prominent anthropologists. Through a series of intimate, illuminating interviews with various members of the Vineyard, an evangelical church with hundreds of congregations across the country, Tanya Luhrmann leaps into the heart of evangelical faith. Combined with scientific research that studies the effect that intensely practiced prayer can have on the mind, *When God Talks Back* examines how normal, sensible people—from college students to accountants to housewives, all functioning perfectly well within our society—can attest to having the signs and wonders of the supernatural become as quotidian and as ordinary as laundry. Astute, sensitive, and extraordinarily measured in its approach to the interface between science and religion, Luhrmann's book is sure to generate as much conversation as it will praise.

Reclaim Your Headspace and Find Your One True Voice As a hospital chaplain, J.S. Park encountered hundreds of patients at the edge of life and death, listening as they urgently shared their stories, confessions, and final words. J.S. began to identify patterns in his patients' lives—patterns he also saw in his own life. He began to see that the events and traumas we experience throughout life become deafening voices that remain within us, even when the events are far in the past. He was surprised to find that in hearing the voices of his patients, he began to identify his own voices and all the ways they could both harm and heal. In *The Voices We Carry*, J.S. draws from his experiences as a hospital chaplain to present the Voices Model. This model explores the four internal voices of self-doubt, pride, people-pleasing, and judgment, and the four external voices of trauma, guilt, grief, and family dynamics. He also draws from his Asian-American upbringing to examine the challenges of identity and feeling "other." J.S. outlines how to wrestle with our voices, and even befriend them, how to find our authentic voice in a world of mixed messages, and how to empower those who are voiceless. Filled with evidence-based research, spiritual and psychological insights, and stories of patient encounters, *The Voices We Carry* is an inspiring memoir of unexpected growth, humor, and what matters most. For those wading through a world of clamor and

noise, this is a guide to find your clear, steady voice.

Discernment Harper Collins

Winner of the 2018 TGC Book Award for Christian Living "And God saw that it was good..." Look out over the world today, it seems a far cry from God's original declaration. Pain, conflict, and uncertainty dominate the headlines. Our daily lives are noisy and chaotic—filled with too much information and too little wisdom. No wonder we often find it easier to retreat into safe spaces, hunker down in likeminded tribes, and just do our best to survive life. But what if God wants you to do more than simply survive? What if he wants you to thrive in this world, and be part of its redemption? What if you could rediscover the beauty and goodness God established in the beginning? By learning the lost art of discernment, you can. Discernment is more than simply avoiding bad things; discernment actually frees you to navigate the world with confidence and joy by teaching you how to recognize and choose good things. When you learn discernment and develop a taste for all that's good, you will encounter God in remarkable new ways. Come, discover the God who not only made all things, but who will also make all things good once again.

Decision Making and Spiritual Discernment Church Publishing, Inc.

How can we transmit a living, personal Catholic faith to future generations? By coming to know Jesus Christ, and following him as his disciples. These are times of immense challenge and immense opportunity for the Catholic Church. Consider these statistics for the United States. Only 30 percent of Americans who were raised Catholic are still practicing. Fully 10 percent of all adults in America are ex-Catholics. The number of marriages celebrated in the Church decreased dramatically, by nearly 60 percent, between 1972 and 2010. Only 60 percent of Catholics believe in a personal God. If the Church is to reverse these trends, the evangelizers must first be evangelized—in other words, Catholics-in-the-pew must make a conscious choice to know and follow Jesus before they can draw others to him. This work of discipleship lies at the heart of *Forming Intentional Disciples*, a book designed to help Church leaders, parish staff and all Catholics transform parish life from within. Drawing upon her fifteen years of experience with the Catherine of Siena Institute, Sherry Weddell leads readers through steps that will help Catholics enter more deeply into a relationship with God and the river of apostolic creativity, charisms, and vocation that flow from that relationship for the sake of the Church and the world. Learn about the five thresholds of postmodern conversion, how to open a conversation about faith and belief, how to ask thought-provoking questions and establish an atmosphere of trust, when to tell the Great Story of Jesus, how to help someone respond to God's call to intentional discipleship, and much more. And be

prepared for conversion because when life at the parish level changes, the life of the whole Church will change.

Suppose you could ask God any question and get an answer. What would it be? Young people all over the world have been asking those questions. So Neale Donald Walsch, author of the internationally bestselling Conversations with God series had another conversation. Conversations with God for Teens is a simple, clear, straight-to-the-point dialogue that answers teens questions about God, money, sex, love, and more. Conversations with God for Teens reads like a rap session at a church youth group, where teenagers discuss everything they ever wanted to know about life but were too afraid to ask God. Walsch acts as the verbal conduit, showing teenagers how easy it is to converse with the divine. When Claudia, age 16, from Perth, Australia, asks, "Why can't I just have sex with everybody? What's the big deal?", the answer God offers her is: "Nothing you do will ever be okay with everybody. 'Everybody' is a large word. The real question is can you have sex and have it be okay with you?" There's no doubt that the casual question-and-answer format will help make God feel welcoming and accessible to teens. Conversations with God for Teens is the perfect gift purchase for parents, grandparents, and anyone else who wants to provide accessible spiritual content for the teen(s) in their lives.

OVER TWO MILLION COPIES SOLD! It's the most powerful force in the universe, our only hope for love and forgiveness, and a foretaste of eternal life: amazing, radical, life-changing grace. Millions of lives have been changed by award-winning author Philip Yancey's startling exploration of grace at street level. Grace is the one thing the world can't duplicate, the healing force we need, and the key to transforming a broken world. In this revised and updated edition of his personal and provocative book, Yancey offers true portraits of grace's life-changing power. These stories, set in the midst of life's stark realities, evoke such questions as: If grace is God's love for the undeserving, how do I get it? How well are we dispensing grace to a world that knows far more of strife and unforgiveness than it does of mercy? Can grace make a difference in the midst of such atrocities as the Nazi holocaust, and how can it withstand the brutality of hate? With powerful stories, rich theology, and practical suggestions, Yancey challenges us to become living answers to a world that desperately needs to know, What's So Amazing About Grace?

Pursuing God's Will Together Moody Publishers
Every one of us will experience several major life changes over the course of adulthood. Each of these transitions will be marked by external changes, such as change of location, career changes, promotions, or job losses, plus changes in family circumstances, including births, marriage, and death. These transitions are also marked by inner change, since most of us readily examine our faith life and relationship with God during such periods. This book helps people examine both the outward and the inward dimensions of major life changes. This blend of interior examination and attention to practical issues is shown in the questions that set the stage for the discernment process: - What theme or themes do you bring to this process of discernment? - What details would be necessary to know in order to discern an outcome? - What are the financial implications? - What are the implications for family members or others close to you? - What information do you need to start gathering?

Discerning Your Call to Ministry Word Alive Press
Trance states, prophesying, convulsions, fasting, and other physical manifestations were often regarded as signs that a person was seized by spirits. In a book that sets out the prehistory of the early modern European witch craze, Nancy Caciola shows how medieval people decided whom to venerate as a saint infused with the spirit of God and whom to avoid as a demoniac possessed of an unclean spirit. This process of discrimination, known as the discernment of spirits, was central to the religious culture of Western Europe between 1200 and 1500. Since the outward manifestations of benign and malign possession were indistinguishable, a highly ambiguous set of bodily features and behaviors were carefully scrutinized by observers. Attempts to make decisions about individuals who exhibited supernatural powers were complicated by the fact that the most intense exemplars of lay spirituality were women, and the "fragile sex" was deemed especially vulnerable to the snares of the devil. Assessments of women's spirit possessions often oscillated between divine and demonic interpretations. Ultimately, although a few late medieval women visionaries achieved the prestige of canonization, many more were accused of possession by demons. Caciola analyzes a broad array of sources from saints' lives to medical treatises, exorcists' manuals to miracle accounts, to find that observers came to rely on the discernment of bodies rather than seeking to distinguish between divine and demonic possession in purely spiritual terms.
