How To Make Someone Obsessed With You Simon and Schuster

Smile! It's not just the end of your marriage, it's the beginning of your second chance! Missy Benson

has a two and a half carat diamond engagement ring with color grade H, VS2 clarity and a value of \$36,000. It's absolutely gorgeous, practically flawless, and let's be honest, really big! But what the successful Chicago realtor doesn't have anymore is a husband. After 12 years of marriage, her husband, Paul, a handsome, wealthy attorney has devastated her by breaking up their marriage for Priscilla Sommerfeld, a young, personal trainer, who according to Missy's sassy assistant, J.J., looks more like a Las Vegas stripper than a fitness expert. Not sure what to do with her ring, and with no financial issues to worry about, Missy decides to put it up for

sale on Craigslist. The price: 99 cents! The catch: She gets to pick the buyer. In essence, she's looking for the perfect guy, but not for herself. Her hope is to regain faith that good men do exist, and that marriages can last forever. Now referring to herself as "the divorced girl," Missy interviews dozens of young men who are vying for the huge ring. It's a contest that includes outrageous characters, hilarious and sentimental stories, and two finalists, both of whom Missy adores and who she must choose between. Then there's Parker Missoni, the sexiest contestant by far, who drives her crazy with his brutal honesty, and at the same time stops her heart with his deep

brown eyes. Divorced Girl Smiling is the story of a woman's journey to do whatever it takes to heal herself from divorce. It's about acceptance, reflection, taking accountability for mistakes, and appreciating all of life's wonderful gifts. In other words, if you have the guts to put the past behind, admit your mistakes, embrace your future, and give love another chance, you will surely be a divorced girl smiling.

The Love Hypothesis

Ballantine Books

“A beautifully written and well-researched cultural criticism as well as an honest memoir” (Los Angeles Review of Books) from the author of the popular New York Times essay, “To Fall in Love with Anyone, Do This,” explores the romantic myths we create and explains how they limit our ability to achieve and sustain intimacy. What really makes love last? Does love ever work the way we say it does in movies and books and Facebook posts? Or does obsessing over those love stories hurt our real-life

relationships? When her parents divorced after a twenty-eight year marriage and her own ten-year relationship ended, those were the questions that Mandy Len Catron wanted to answer. In a series of candid, vulnerable, and wise essays that takes a closer look at what it means to love someone, be loved, and how we present our love to the world, “Catron melds science and emotion beautifully into a thoughtful and thought-provoking meditation” (Bookpage). She delves back to 1944, when her grandparents met in a coal mining town in Appalachia, to her own dating life as a professor in Vancouver. She uses biologists’ research

into dopamine triggers to ask whether the need to love is an innate human drive. She uses literary theory to show why we prefer certain kinds of love stories. She urges us to question the unwritten scripts we follow in relationships and looks into where those scripts come from. And she tells the story of how she decided to test an experiment that she'd read about—where the goal was to create intimacy between strangers using a list of thirty-six questions—and ended up in the surreal situation of having millions of people following her brand-new relationship. "Perfect fodder for the romantic and the cynic in all of us" (Booklist), *How to Fall in Love*

with *Anyone* flips the script on love. "Clear-eyed and full of heart, it is mandatory reading for anyone coping with—or curious about—the challenges of contemporary courtship" (The Toronto Star). [When You're Ready, This Is How You Heal](#) Flatiron Books

How to Fall in Love with Anyone
 “This quirky Swedish love story is the antidote to all of those Hallmark movies you’ve been bingeing.”
 — Elle Canada For readers of quirky Scandinavian fiction comes this charming and witty debut novel by Emmy Abrahamson—perfect for fans of Jonas Jonasson. Love stinks. Or maybe it just needs a shower . . . Vienna:

famous for Mozart, waltzes, and pastry; less famous for Julia, a Swedish transplant who spends her days teaching English to unemployed Austrians and her evenings watching Netflix with her cat or club hopping with a frenemy. An aspiring novelist, Julia's full of ideas for future bestsellers: A writer moves his family to a deserted hotel in the dead of winter and spirals into madness! A homely governess loves a brooding man whose crazy wife is locked up in the attic! Fine, so they've been done. Doesn't mean Julia won't find something original. Then something original finds Julia—sits down next to her on a bench, as a matter of fact. Ben is handsome (under all that beard)

and adventurous (leaps from small bridges in a single bound). He's sexy as hell and planning to shuffle off to Berlin before things can get too serious. Oh, and Ben lives in a public park. Thus begins a truth stranger than any fiction Julia might have imagined: a whirlwind relationship with a guy who shares her warped sense of humor and shakes up the just-okay existence she's been too lazy to change. Ben challenges her to break out; she challenges him to settle down. As weeks turn to months, Julia keeps telling herself that this is a chapter in her life, not the whole book. If she writes the ending, she can't get hurt. But what if the ending isn't hers to write?

Discover the three types of love--and the key to finding the one you're truly meant to be with. We love and we love again -- sometimes our hearts get broken but, somehow, we find the courage to dive back in. In this soul-searching book, relationship expert Kate Rose guides readers down the path to a deeper understanding of who they are, what they want, and finally, to the discovery of their Twin Flame. According to Rose, love is a journey of self-discovery and every relationship we have in our lives teaches us something that we need to learn about

ourselves and what will make us truly happy. She introduces readers to the three types of love we will all experience: The Soulmate introduces us to the dream of love, but somehow what seemed like it would be "happily ever after" wasn't meant to last forever. We are so consumed with making The Karmic Love work that we often fail to question whether it should work. As painful as it is to accept, this love that felt so right in the beginning is actually all wrong. The Twin Flame comes into our lives and often we don't even know it's love because . . . it's too easy. This is the love who helps us to accept ourselves just as we are because this is precisely what they do. In You Only Fall in

Love Three Times, Kate Rose shows us that happy endings may not happen quite the way they do in fairytales-- but they happen nonetheless.
