This early work of poetry, by Aleister Crowley, was originally published in 1898. Born in Royal Leamington Spa, England in 1875, Crowley was raised by Christian fundamentalist parents. He attended Trinity College at Cambridge University, but left before graduating. After leaving the college, he devoted his time to studying the occult, and travelled extensively throughout the world in pursuit of its secret knowledge. He went on to become a prolific writer, producing essays, prose and poetry on a wide range of subjects. To this day he remains a highly influential figure, both in occult circles and popular culture. Many of the earliest books, particularly those dating back to the 1900's and before, are now extremely scarce and increasingly expensive. We are republishing these classic works in affordable, high quality, modern editions.

'Born with a Question Mark in Your Heart' continues the AUTHENTIC LIVING series by Osho with talks by the contemporary mystic during his stay in the United States. Osho says: "It is fortunate that man is born with a question mark, otherwise he would be just another species of animal." This volume is a radical questioning of traditional belief systems in religious, political, and social dimensions. Here Osho encourages readers to ask questions that are immediate and existentially significant — not borrowed or intellectual questions, but questions with an existential significance. Born With a Question Mark in Your Heart promotes personal transformation through experience and spirituality without organized religion.

The Stratagem Read Books Ltd

Highly innovative work presenting a piercing interpretation of the tarot in terms of Jungian psychology. Through analogy with the humanities, mythology and the graphic arts, the significance of the cards is related to personal growth and individuation. The major arcana becomes a map of life, and the hero's journey becomes something that each individual can relate to the symbolism of the cards and therefore to the personal life. "Sallie Nichols, in her profound investigation of Tarot, and her illuminated exegesis of its pattern as an authentic attempt at enlargement of the possibilities of human perceptions has . . . performed an immense service for analytical psychology. Her book enriches and helps us to understand the awesome responsibilities laid upon us by consciousness On top of it all, she has done this not in an arid fashion, but as an act of knowing derived from her own experience of Tarot and its strangely translucent lights. As a result her book not only lives but quickens life in whomever it touches." --from the Introduction by Laurens van der Post

Burn your candle of life from both ends! Burn it so intensely... if it is finished in one second it is okay, but at least you will have known what it is. Only intensity penetrates. And if you can live an intense life you will have a different quality of death, because you will die intensely. As life is, so will the death be. -Osho
