New York Times bestselling author Jason Pargin's hilarious and horrifying John Dies at the End series continues with *If This Book Exists, You're in the Wrong Universe*. "Pargin once again delights with scathing social commentary thinly disguised as an outrageous action novel...This is a

feast."—Publishers Weekly "Within the snarky humor is an incisive commentary on social media and the state of our connected world, and a story about trauma and how people lash out when they're hurt...This isn't just a funny tale of inept supernatural investigators; it's a story of people struggling through pain to find a better path. Pargin offers us a welcome note of hope." — Booklist If the broken neon signs, shuttered storefronts, and sub-standard housing didn't tip you off, you've just wandered into the city of "Undisclosed". You don't want to be caught dead here, because odds are you just might find yourself rising from the grave. That hasn't stopped tourists from visiting to check out the unusual phenomena that hangs around our town like radioactive fallout.

Interdimensional parasites feeding on human hosts, paranormal cults worshipping demonic entities, vengeful teenage sorcerers, we've got it all. Did I mention the possessed toy? It's a plastic football-sized egg that's supposed to hatch an adorable, colorful stuffed bird when a child "feeds" it through a synchronized smartphone app. What's actually inside is an otherworldly monstrosity that's enticing impressionable wayward youth into murdering folks and depositing their body parts inside the egg as if it's a hungry piggy bank to trigger the end of the world. That's where Dave,

John, and Amy come in. They face supernatural threats so the rest of us don't have to—and sometimes even earn a couple of bucks to do so. But between the bloody ritual sacrifices and soul-crushing nightmares, our trio realizes this apocalypse is way above their pay grade.

Bringers of the Dawn Simon and Schuster

The Beginning and the End of Everything is the whole story as we currently understand it - from nothing, to the birth of our universe, to its ultimate fate. Authoritative and engaging, Paul Parsons takes us on a rollercoaster ride through billions of light years to tell the story of the Big Bang, from birth to death.

The Legend of Zelda: Hyrule Historia Ozark Mountain Publishing

The bestselling author of Einsteins Dreams explores the emotional and philosophical questions raised by recent discoveries in science with passion and curiosity. He looks at the dialogue between science and religion; the conflict between our human desire for permanence and the impermanence of nature; the possibility that our universe is simply an accident; the manner in which modern technology has separated us from direct experience of the world; and our resistance to the view that our bodies and minds can be explained by scientific logic and laws. Behind all of these considerations is the suggestion--at once haunting and exhilarating--that what we see and understand of the world is only a tiny piece of the extraordinary, perhaps unfathomable whole.

Through regressive hypnosis a lost legend of the history of mankind has been retrieved from the recesses of time. Did the American Indians descend from the inhabitants of an alien spacecraft that crashed in the Alaska-Canada region thousands of years ago? Starcrash indicates that aliens continued to come to Earth, some intentionally and by accident, throughout our history. In order to adjust to harsh conditions they were forced to interbreed with the local aborigines. This was the only way to insure the survival of their race. Does their blood still flow in the veins of certain American Indian tribes?

Summary of Dolores Cannon's The Convoluted Universe - Book 2 Ozark Mountain Publishing

Compiled from more than four hundred hours of channeling by Barbara Marciniak, Bringers of the Dawn imparts to us the wisdom of the Pleiadians, a group of enlightened beings who have come to Earth to help us discover how to reach a new stage of evolution. Master storytellers and humorists, they advise us to become media free, to work in teams, and to eliminate the words "should" and "try" from our vocabularies. We learn how to go beyond fear, how the original human was a magnificent being with twelve strands of DNA and twelve chakra centers, and who our "gods" are. Startling, intense, intelligent, and controversial, these teachings offer essential reading for anyone questioning their existence on this planet and the direction of our collective conscious--and unconscious. By remembering that we are Family of Light, that we share an ancient ancestry with the universe around us, we become "bringers of the dawn," consciously creating a new reality, a new Earth.

The Sculptor in the Sky Dark Horse Comics

In 1945 when the atomic bombs were dropped in WWII, our "protectors" and "watchers" in outer space saw that Earth was on a collision course with disaster. The prime directive of non-interference prevented them from taking any action, but then they came up with a brilliant plan to save Earth and assist her in her ascension. They couldn't interfere from the "outside", but maybe they could influence from the "inside". So the call went out for volunteers to come and help. "Earth is in trouble - who wants to volunteer?" The native souls living on Earth were too caught up on the wheel of karma. The only hope was to ask for pure souls to come who had never been trapped on the karmic cycle. Dolores in her hypnosis work has discovered three waves of these volunteers. Some have come direct from the "Source" and have never lived in any type of physical body before. Others have lived as space beings on other planets or other dimensions. Because all memory is erased upon entry to the Earth dimension, they do not remember their assignment. Thus these beautiful souls have a difficult time adjusting to our chaotic world. These souls have a vital role to play as they help all of the rest of us ascend to the New Earth. * Characteristics of the Three Waves of Volunteers * The Difficulties being Experienced by First-Timers * How the Shift is affecting the Physical Body * The Roles of ETs and Light Beings in the Shift * Keepers of the Grid * The Separation of the Old and New Earth * What is the New Earth? * What is the Significance of

Please note: This is a companion version & not the original book. Sample Book Insights: #1 I have traveled through time and space to explore the history of the past, and the possibilities of the future. I have visited unknown planets and dimensions, and spoken with many so-called alien species. I have discovered that everything is hidden in the recesses of the subconscious mind, and that it can be discovered and applied in our time. #2 I first became involved with reincarnation and past-life regression in 1968. My husband, Johnny, was career U. S. Navy for over twenty years, and had just returned from duty in Viet Nam. We were stationed in Texas and trying to return our lives to normal after a four year separation caused by the war. #3 1968 was a significant year in my life because it changed everything forever. My husband, Johnny, was almost killed in a horrendous automobile accident on his way to the Naval Base one night. He was hit head-on by a drunken driver, and mangled into the wreckage of our Volkswagen bus. The doctors said it was a miracle he lived, because his injuries were so extensive that he should have died. #4 I was glad to have the sanctuary of the hills as my retreat, as I was completely focused on my husband and the children. I had no idea where I would find clients in the hills of Arkansas, but I knew I wanted to do something with my life.

THE BEGINNING What do you do when you discover information that is before its time? What do you do when your curiosity takes you on an adventure that is so bizarre that there is nothing "normal" to relate to? This is what happened to Dolores Cannon in 1968, long before she began her career as a past-life hypnoterapist and regressionist. Travel back with us to that time when the words "reincarnation, past-lives, regression, walk-ins, New Age" were unknown to the general population. This is the story of two normal people, who accidentally stumbled across past-lives while working with a doctor to help a patient relax. It began so innocently, yet it crossed the boundaries of the imagination to open up an entirely new way of thinking at a time when such a thing was unheard of. It went totally against the belief systems of the time. It was so startling that they should have stopped, but their curiosity demanded that they continue to explore the unorthodox. The experiment changed the participants and everyone involved, and their beliefs would never be the same. Dolores Cannon is now a world-renowned hypnoterapist who has explored thousands of cases in the forty years since 1968, and has written fifteen books about her discoveries. Her books are translated into more than 20 languages. She is teaching her unique form of hypnosis all over the world. When she lectures people ask, "How did you get started on all of this?" This is the story of her beginnings. The book was written in 1980, her very first book. It has laid dormant, gathering dust, until now, waiting. Now is the time for it to come forth. Enjoy the adventure!

Dolores Cannon uses information obtained from regressive hypnosis to formulate a provocative viewpoint on the ancient astronaut theory of human origins. Her findings indicate that the earth was seeded eons ago by travellers from outer space. These visits by ancient extraterrestrials did not end with their intervention in human evolution. They have continued up to the present day resulting in a whole class of contemporary humans who have been subject to alien abduction.
