Two-time Caldecott Honor author/illustrator Lane Smith tells a whimsical story about a little rabbit searching for the best gift for someone very special. A thoughtful little Rabbit sets out to find the perfect gift for his Nana. He knows she will love anything he brings her but Rabbit wants this gift to be extra special. As he travels on his quest, Rabbit encounters an assortment of creatures—a crow, a smiling full moon, a stickler (whatever that is), a big fish, and a volcano. Each is certain they offer the best advice but nothing they suggest seems right for his Nana. It's not until Rabbit reaches the highest peak, that he finds

exactly what he's been searching for. The award-winning illustrator of bestsellers including *Penguin Problems* and *Giraffe Problems*, brings originality and gentle humor to a story that parents and grandparents will be sharing with their children for years to come.

Fish Can't Climb Trees AuthorHouse Now a Netflix film starring and directed by Chiwetel Ejiofor, this is a gripping memoir of survival and perseverance about the heroic young inventor who brought electricity to his Malawian village. When a terrible drought struck William Kamkwamba's tiny village in Malawi, his family lost all of the season's crops, leaving them with nothing to eat and nothing to sell. William began to explore science books in his village library, looking for a solution. There, he came up with the idea that would change his family's life forever: he could build a windmill. Made

out of scrap metal and old bicycle parts, William's windmill brought electricity to his home and helped his family pump the water they needed to farm the land. Retold for a younger audience, this exciting memoir shows how, even in a desperate situation, one boy's brilliant idea can light up the world. Complete with photographs, illustrations, and an epilogue that will bring readers up to date on William's story, this is the perfect edition to read and share with the whole family. **The Boy Who Harnessed the Wind (Movie Tie-In Edition)** Canongate U.S. One of the 20th century's enduring works, *One Hundred Years of Solitude* is a widely beloved and acclaimed novel known throughout the world, and the ultimate achievement in a Nobel Prize-winning career. The novel tells the story of the rise and fall of the mythical town of Macondo through the history of the Buendía family.

It is a rich and brilliant chronicle of life and death, and the tragicomedy of humankind. In the noble, ridiculous, beautiful, and tawdry story of the Buendía family, one sees all of humanity, just as in the history, myths, growth, and decay of Macondo, one sees all of Latin America. Love and lust, war and revolution, riches and poverty, youth and senility -- the variety of life, the endlessness of death, the search for peace and truth -- these universal themes dominate the novel. Whether he is describing an affair of passion or the voracity of capitalism and the corruption of government, Gabriel García Márquez always writes with the simplicity, ease, and purity that are the mark of a master. Alternately reverential and comical, *One Hundred Years of Solitude* weaves the political, personal, and spiritual to bring a new consciousness to storytelling. Translated into dozens of languages, this stunning work is no less than an accounting of the history of the human race.

Fish in a Tree Feiwel & Friends

Never Judge a Fish on Its Ability to Climb a Tree is a paraphrased quote from Albert Einstein. In this children's book, Michael is speaking from a child to a child. The child he is trying to reach with this easy-to-understand lesson is the artist who struggles with a sport, the athlete who struggles with literature, the writer who struggles with math, and so on. When children learn to step outside the bounds of the mental slavery that was imposed on them, they can begin to stop taking criticism personally. When they stop taking negative comments, bad grades, and labels personally, they are free to express something creative. Children with no personal history to live up to behind them and an open canvas in their present moments will be what they are from the depths of their souls. In this book, Michael is telling his peers that they are not their personal history. They are not defined by their accomplishments.
