A Proven Plan for Financial Fitness Currency

What does the Bible really say about money? About wealth? How much does God expect you to give to others? How does wealth affect your friendships, marriage, and children? How much is “enough”? There’s a lot of bad information in our culture today about wealth—and the wealthy. Worse, there’s a growing backlash in America against our most successful citizens, but why? To many, wealth is seen as the natural result of hard work and wise money management. To others, wealth is viewed as the ultimate, inexcusable sin. This has left many godly men and women confused about what to do with the resources God’s put in their care. They were able to build wealth using God’s ways of handling money, but then they are left feeling guilty about it. Is this what God had in mind?

Relating With Money Rosetta Books

The best-selling author of *The Courage to Be Rich and You've Earned It, Don't Lose It* shows readers how to obtain control over their money through changing their spending habits; how to understand investments, retirement, insurance, and credit; and how to gain true financial freedom. Reprint. 250,000 first printing.

The Money Book for the Young, Fabulous & Broke Pearson

A strategy for changing attitudes about personal finances covers such topics as getting out of debt, the dangers of cash advances and keeping spending within income limits.

Retire Inspired Penguin

This isn’t much of a sales pitch at this point. I’m just going to keep it real with you. I wrote a lot of books in my day. I barely put much effort into some of the books I wrote and published, but this one is different. I actually tried this one. I don’t care what anyone says. This book is better than most of the mainstream personal finance books out there. I put so much valuable advice that will help you save money and increase your net worth and income that you would look like a hater if you gave this book below a 4 out of 5 star review. That’s how confident I am with the content in

this book. I literally show you how to LEGALLY pay less in taxes, how to realistically get ahead in the United States, what kind of investments you should make, how to improve your credit score, and how to use debt to increase your income/net worth. I’m saving you money and making you thousands of dollars at the same time in this book, and all you have to do is put in the work. This is not a get-rich-quick scheme. No, I’m not suggesting that you fire your boss i.e. quit your job. In fact, I advise you to keep your job in this book. I have a job, besides writing and selling books, by the way. That’s called having more than one stream of income and I talk about that in this book. I swear to God you will learn something that can change the course of your life and all you would have to do is work at it. It’s not easy, but this stuff is simple. More importantly, some of this material are things you’re going to have to do later on in life anyway, so why not just do it now? This is definitely not a BS Tony Robbins personal finance book with over 680 pages about compound interest, him shamelessly promoting financial firms that he has an ownership stake in, and saving 10% to 20% of your income. This is a raw and real book written by a guy who is only a few steps ahead of you. That’s it. I’m not a guru. This is not a scam. I put my heart and soul into

making this. I wrote this book as if it was for the 18 year old me. Anyone who leaves a review saying that this book lacks realistic actionable advice is a straight up hater. There's no way in hell you're going to say this book that has over 20 chapters did not teach you anything that can result in you changing your life financially. I even provide screenshots to back up my legitimacy as an expert on finance. I even did what most of these personal finance authors don't have the guts to do. I talk about my personal life and the mistakes I made that cost me thousands of dollars. That's why this genre is called personal finance, right? I get real personal. Some might say it's too personal. Anyway, if you're a man that is tired of being broke, living paycheck to paycheck, not owning any assets, being clueless about taxes, and not being able to get ahead in the United States then this is the book for you. I started off as a poor black boy in a small town in Alabama. I currently have a 6-figure net worth. If I can do it, you can too. Buy this book today.

You Can Baby Step Your Way to Becoming a Millionaire Most people know Dave Ramsey as the guy who did stupid with a lot of zeros on the end. He made his first million in his twenties—the wrong way—and then went bankrupt. That's when he set out to learn God's ways of managing money and developed the Ramsey Baby Steps. Following these steps, Dave became a millionaire again—this time the right way. After three decades of guiding millions of others through the plan, the evidence is undeniable: if you follow the Baby Steps, you will become a millionaire and get to live and give like no one else. In *Baby Steps Millionaires*, you will . . . *Take a deeper look at Baby Step 4 to learn how Dave invests and builds wealth *Learn how to bust through the barriers preventing them from becoming a millionaire *Hear true stories from ordinary people who dug themselves out of debt and built wealth *Discover how anyone can become a millionaire, especially you *Baby Steps Millionaires* isn't a book that tells the secrets of the rich. It doesn't teach complicated financial concepts reserved only for the elite. As a matter of fact, this information is straightforward, practical, and maybe even a little boring. But the life you'll lead if you follow the Baby Steps is anything but boring! You don't need a large inheritance or the winning lottery number to become a millionaire. Anyone can do it—even today. For those who are ready, it's game on!

In *Love Your Life, Not Theirs*, Rachel Cruze shines a spotlight on the most damaging money habit we have: comparing ourselves to others. Then she unpacks seven essential money habits for living the life we really want--a life in line with our values, where we can afford the things we want to buy without being buried under debt, stress, and worry. The Joneses are broke. Life looks good, but hidden beneath that glossy exterior are credit card bills, student loans, car payments, and an out-of-control mortgage. Their money situation is a mess, and they're trying to live a life they simply can't afford. So why exactly do we try so hard to keep up with the Joneses? Are we really living the lives we want, or are we chasing someone else's dream, just trying to keep up appearances on social media, at church, and in our community? Why are we letting other people set the pace for our own family's finances? In *Love Your Life, Not Theirs*, Rachel shows you how to buy and do the things that are important to you--the right way. That starts by choosing to quit the comparisons, reframing the way you think about money, and developing new habits like avoiding debt, living on a plan, watching your spending, saving for the future, having healthy conversations about money,

and giving. These habits work, and Rachel is living proof. Now, she wants to empower you to live the life you've always dreamed of without creating the debt, stress, and worry that are all too often part of the deal. Social media isn't real life, and trying to keep up with the Joneses will never get you anywhere. It's time to live--and love--your life, not theirs. "I've never read a book about money that takes this approach--and that's a good thing! Comparison has a way of weaving itself throughout all aspects of our lives, including our money. In *Love Your Life, Not Theirs*, Rachel Cruze outlines the seven money habits that really matter--and they have nothing to do with keeping up with the Joneses!" Candace Cameron-Bure Actress, author, and co-host of *The View* "Love Your Life, Not Theirs is full of the kind of practical, straightforward advice we've come to expect from Rachel Cruze. She offers guidance on paying down debt, smart saving, and the right way to talk to your spouse about money. These indispensable tips can help with day-to-day spending decisions and put you on a path to establishing healthy financial habits." Susan Spencer Editor-in-Chief for *Woman's Day* "Cruze's self-deprecating and honest voice is a great resource for anyone wanting to take charge of their money. With humor and approachability, she helps her readers set themselves up for success and happiness, no matter what current financial state they may be in." Kimberly Williams-Paisley New York Times best-selling author of *Where the Light Gets In* "In today's world of social media, the temptation to play the comparison game is stronger than ever. *Love Your Life, Not Theirs* is the perfect reminder that, when it comes to money, comparison is a game you can't win. A terrific--and much needed--read." Jean Chatzky Financial Editor, *NBC TODAY* and Host of *HerMoney* with Jean Chatzky Podcast

"The newbie investor will not find a better guide to personal finance." —Burton Malkiel, author of *A RANDOM WALK DOWN WALL STREET* TV analysts and money managers would have you believe your finances are enormously complicated, and if you don't follow their guidance, you'll end up in

the poorhouse. They're wrong. When University of Chicago professor Harold Pollack interviewed Helaine Olen, an award-winning financial journalist and the author of the bestselling *Pound Foolish*, he made an offhand suggestion: everything you need to know about managing your money could fit on an index card. To prove his point, he grabbed a 4" x 6" card, scribbled down a list of rules, and posted a picture of the card online. The post went viral. Now, Pollack teams up with Olen to explain why the ten simple rules of the index card outperform more complicated financial strategies. Inside is an easy-to-follow action plan that works in good times and bad, giving you the tools, knowledge, and confidence to seize control of your financial life.

France's leading nutritionist Dr. Jean-Michel Cohen pinpoints why you struggle with weight loss diets and offers a plan for achieving your ideal weight while embracing life's pleasures. Dr. Jean-Michel Cohen, France's most popular dietician, has helped over two million patients worldwide reach their ideal weight and stabilize long term, all while savoring healthy, balanced meals. His progressive three-step weight loss plan includes 325 easy-to-prepare recipes, helpful hints, and practical checklists to get the weight off and keep it off. Strongly opposed to "extreme" diets and the inevitable weight gain that ensues, Dr. Cohen proposes a holistic approach that addresses the physical, psychological, and cultural factors that impact our ability to control our relationship with food. Once we understand our behavior, it's easy and rewarding to see the pounds melt away. His diet proposes food substitutions to adapt recipes to your personal preferences and allows you to

indulge in the occasional craving as long as you compensate beforehand and afterwards. With Dr. Cohen's foolproof supermarket tactics and the diet's inherent flexibility, you'll find it easy to continue until you reach your goal weight, losing up to 30 pounds in three months. The simple, delicious, and satisfying menus offer a wide variety of choice, and emphasize the best-practices of the French way of eating, from using fresh produce, to balancing your intake throughout the day, to the pacing of mealtimes. The Parisian Diet is not a flash-in-the pan diet, it's a new approach to food and a way to celebrate life, helping you look and feel your best.
