Managing Business Ethics Business Ethics Now Business Ethics Today: Foundations is an anthology produced from a Business Ethics Conference which took

place in June, 2010. Underlying the Conference and this text is the belief that the Protestant Reformation created a culture for business that is fundamental to the commercial world as we know it today. As a society moves away from the acceptance of Christianity, the principles arising from this culture are at risk. Foundations enables a reflection on the core beliefs as articulated in the Westminster Confession of Faith and their impact

on doing business. Men like Peter Lillback, Chuck Colson, Wayne Grudem, and Philip Ryken have each written chapters engaging in these important discussions in *Business Ethics*. With these men and many others, *Foundations* is a must read for anyone passionate about doing business in God's world. *Business Ethics Center for Christian Business Ethics Today*, LLC. *Business Ethics Now 4e* by Andrew W. Ghillyer provides assistance to employees by taking a

journey through the challenging world of business ethics at the ground level of the organization rather than flying through the abstract concepts and philosophical arguments at the treetop level. By examining issues and scenarios that relate directly to their work environment (and their degree of autonomy in that environment), employees can develop a clearer sense of how their corporate code of ethics relates to operational decisions made on a daily

basis.
