From Colleen
Hoover, the

and *It Ends*

with Us, a
heart-
wrenching
love story that
proves
attraction at
first sight can
be messy.
When Tate
Collins meets
airline pilot
Miles Archer,
she doesn't
think it's love
at first sight.
They wouldn't

even go so far
as to consider
themselves
friends. The
only thing
Tate and Miles
have in
common is an
undeniable
mutual
attraction.
Once their
desires are
out in the
open, they
realize they

have the perfect set-up. He doesn't want love, she doesn't have time for love, so that just leaves the sex. Their arrangement could be surprisingly seamless, as long as Tate can stick to the only two rules Miles has for her. Never ask about the past. Don't expect a future. They think they can handle it, but realize almost immediately they can't handle it at all. Hearts get infiltrated. Promises get broken. Rules

get shattered. Love gets ugly. *It Starts with Us* Faber & Faber This poignant and romantic novel from the New York Times bestselling author of *One Italian Summer* and *In Five Years* answers the question: If you could have dinner with any five people, living or dead, who would they be? A Bustle Book Club Selection "I have five words for Rebecca Serle's *The Dinner List*:

wistful, delicious, romantic, magical, love." —Gabrielle Zevin, *New York Times* Bestselling Author of *The Storied Life of A.J. Fikry* and *Young Jane Young* "We've been waiting for an hour." That's what Audrey says. She states it with a little bit of an edge, her words just bordering on cursive. That's the thing I think first. Not: Audrey Hepburn is at my birthday dinner, but Audrey Hepburn is

annoyed." At one point or another, we've all been asked to name five people, living or dead, with whom we'd like to have dinner. Why do we choose the people we do? And what if that dinner was to actually happen? These are the questions Rebecca Serle contends with in her utterly captivating novel, *The Dinner List*, a story imbued with the same delightful magical realism as *One Day*, and

the life-changing romance of *Me Before You*. When Sabrina arrives at her thirtieth birthday dinner she finds at the table not just her best friend, but also three significant people from her past, and well, Audrey Hepburn. As the appetizers are served, wine poured, and dinner table conversation begins, it becomes clear that there's a reason these six people have been

gathered together. *Heart Bones*, *Large Print Edition* St. Martin's Griffin From Colleen Hoover, the #1 New York Times bestselling author of *It Starts with Us* and *It Ends with Us*, comes a moving and haunting novel of family, love, and the power of the truth. Not every mistake deserves a consequence. Sometimes the only thing it deserves is forgiveness. The Voss family is

anything but normal. They live in a repurposed church, newly baptized Dollar Voss. The once cancer-stricken mother lives in the basement, the father is married to the mother's former nurse, the little half-brother isn't allowed to do or eat anything fun, and the eldest siblings are irritatingly perfect. Then, there's Merit. Merit Voss collects trophies she hasn't earned and secrets

her family forces her to keep. While browsing the local antiques shop for her next trophy, she finds Sagan. His wit and unapologetic idealism disarm and spark renewed life into her—until she discovers that he's completely unavailable. Merit retreats deeper into herself, watching her family from the sidelines, when she learns a secret that no trophy in the world can fix. Fed up with the lies,

Merit decides to shatter the happy family illusion that she's never been a part of before leaving them behind for good. When her escape plan fails, Merit is forced to deal with the staggering consequences of telling the truth and losing the one boy she loves. Poignant and powerful, Without Merit explores the layers of lies that tie a family together and the power of love and truth. **Numbered** Harper Collins

An critically-acclaimed Iranian author makes his American literary debut with this powerful and harrowing psychological portrait of modern Iran—an unprecedented and urgent work of fiction with echoes of *The Stranger*, 1984, and *The Orphan Master’s Son*—that exposes the oppressive and corrosive power of the state to bend individual lives. Yunus Turabi, a bus driver in Tehran, leads

an unremarkable life. A solitary man since the unexpected deaths of his father and mother years ago, he is decidedly apolitical—even during the driver’s strike and its bloody end. But everyone has their breaking point, and Yunus has reached his. Handcuffed and blindfolded, he is taken to the infamous Evin prison for political dissidents. Inside this stark, strangely ordered world,

his fate becomes entwined with Hajj Saeed, his personal interrogator. The two develop a disturbing yet interdependent relationship, with each playing his assigned role in a high stakes psychological game of cat and mouse, where Yunus endures a mind-bending cycle of solitary confinement and interrogation. In their startlingly intimate exchanges, Yunus’s life

begins to unfold—from his childhood memories growing up in a freer Iran to his heartbreaking betrayal of his only friend. As Yunus struggles to hold on to his sanity and evade Saeed’s increasingly undeniable accusations, he must eventually make an impossible choice: continue fighting or submit to the system of lies upholding Iran’s power. Gripping, startling, and masterfully

told, Then the Fish Swallowed Him is a haunting story of life under despotism. St. Martin’s Press In this Edgar® Award-nominated novel in Philip Kerr’s New York Times bestselling series, former detective and unwilling SS officer Bernie Gunther is on the hunt for a beautiful femme fatale... Berlin, 1942. Three players take the stage. The first, a gorgeous actress—the rising star of a

giant German film company controlled by the Propaganda Ministry. The second, the very clever, very dangerous Propaganda Minister Joseph Goebbels—a close confidant of Hitler, ambitious schemer, and flagrant libertine. Finally, there’s Bernie Gunther—a former Berlin homicide bull now forced to run errands at the Propaganda Minister’s command.

When Goebbels tasks Bernie with finding the woman the press have dubbed “the German Garbo,” his errand takes him from Zurich to Zagreb to the killing fields of Croatia. It is there that Bernie finds himself in a world of mindless brutality where everyone has a hidden agenda—perfect territory for a true cynic whose instinct is to trust no one.

Publishing Catching a killer is dangerous—especially if he lives next door. From the hugely talented author of *The Kind Worth Killing* comes an exquisitely chilling tale of a young suburban wife with a history of psychological instability whose fears about her new neighbor could lead them both to murder . . . Hen and her husband Lloyd have settled into a quiet life in a new house outside

of Boston, Massachusetts. Hen (short for Henrietta) is an illustrator and works out of a studio nearby, and has found the right meds to control her bipolar disorder. Finally, she’s found some stability and peace. But when they meet the neighbors next door, that calm begins to erode as she spots a familiar object displayed on the husband’s office shelf. The sports trophy looks exactly like

one that went missing from the home of a young man who was killed two years ago. Hen knows because she's long had a fascination with this unsolved murder—an obsession she doesn't talk about anymore, but can't fully shake either. Could her neighbor, Matthew, be a killer? Or is this the beginning of another psychotic episode like the one she suffered back in college, when she

became so consumed with proving a fellow student guilty that she ended up hurting a classmate? The more Hen observes Matthew, the more she suspects he's planning something truly terrifying. Yet no one will believe her. Then one night, when she comes face to face with Matthew in a dark parking lot, she realizes that he knows she's been watching him, that she's really on to

him. And that this is the beginning of a horrifying nightmare she may not live to escape. . .

from home in India. When she accidentally opens the wrong letter, it changes her life. Decades later, her son, Amit, back in the U.S., finds the same letter and thinks he has discovered his mother's secret. But secrets carry within them their own secrets sometimes. Amit does not know that Avinash, his devoted father, lurked on gay chat rooms at times, unable to set aside his lifelong

attraction to men. Avinash, for his part, had no idea about the memories of a starry romance his dutiful wife kept tucked away among her silk saris. As Amit settles down as a computer engineer in San Francisco, he too is torn between his new life here and his duties toward the one he has left behind in India. Don't Let Him Know sweeps up multiple generations of a family, moving from an illicit

encounter in a Calcutta park to an unlikely friendship forged at a Carbondale gay bar, from midnight snacks of a great-grandmother's mango chutney to wayward temptations at a McDonald's drive-thru. Tender, funny, and beautifully told, it is an unforgettable story about the sacrifices we make for those we love. [The Last Reunion](#) Montlake Romance Thelma and Louise gets

the toughest of circumstances, and the young lovers, now married, are beginning to feel safe and secure in their union. Still,

he can't resist his wife's pleas, and so he begins to untangle his side of the story, revealing for the first time his most intimate feelings and thoughts, retelling both the good and bad moments, and sharing a few shocking confessions of his own from the time when they first met. In *This Girl, Will* tells the story of their complicated relationship from his point of view. Their future rests on how well they deal with the

past in this final installment of the beloved Slammed series.
