Considered by many the greatest war
novel of all time, All Quiet on the

Western Front is Erich Maria Remarque's masterpiece of the German experience during World War I. I am young, I am twenty years old; yet I know nothing of life but despair, death, fear, and fatuous superficiality cast over an abyss of sorrow. . . . This is the testament of Paul Bäumer, who enlists with his classmates in the German army during World War I. They become soldiers with youthful enthusiasm. But the world of duty,

culture, and progress they had been taught breaks in pieces under the first bombardment in the trenches. Through years of vivid horror, Paul holds fast to a single vow: to fight against the principle of hate that meaninglessly pits young men of the same generation but different uniforms against one another . . . if only he can come out of the war alive. “The world has a great writer in Erich Maria Remarque. He is a craftsman of unquestionably first rank, a man who can bend language to his will. Whether he writes of men or of inanimate nature, his touch is sensitive, firm, and sure.”—The New York Times Book Review

NATIONAL BESTSELLER • WINNER OF THE PULITZER PRIZE • A searing, post-

apocalyptic novel about a father and son's fight to survive, this "tale of survival and the miracle of goodness only adds to McCarthy's stature as a living master. It's gripping, frightening and, ultimately, beautiful" (San Francisco Chronicle). A father and his son walk alone through burned America. Nothing moves in the ravaged landscape save the ash on the wind. It is cold enough to crack stones, and when the snow falls it is gray. The sky is dark. Their destination is the coast, although they don't know what, if anything, awaits them there. They have nothing; just a pistol to defend themselves against the lawless bands that stalk the road, the clothes they are wearing, a cart of scavenged food—and each other. *The Road* is the profoundly moving story of a journey. It

boldly imagines a future in which no hope remains, but in which the father and his son, "each the other's world entire," are sustained by love. Awesome in the totality of its vision, it is an unflinching meditation on the worst and the best that we are capable of: ultimate destructiveness, desperate tenacity, and the tenderness that keeps two people alive in the face of total devastation.

Pushing to the Front: Large Print (800 pages of success wisdom!) Orison Swett Marden lost the manuscript of this book (after several months of strenuous effort he put writing the book by hand) when on the last day of finished writing the book, the complete manuscript got consumed in a fire accident. But, much like what he teaches you in the book, he

displayed diligence, persistence, and other success principles through his action and wrote the complete manuscript from scratch and produced this masterclass in one more year. This book can make you rich, happy, highly successful in any endeavor, and can give you anything you want. It can absolutely change your attitude and how you think. It can literally turn around your life for better. The book tells how men and women have seized common occasions and made them great; it tells of those of average ability who have succeeded by the use of ordinary means, by dint of indomitable will and inflexible purpose. Stick to the thing and carry it through. Believe you were made for the place you fill, and that no one else can fill it as well. Put forth your whole energies. Be

awake, electrify yourself; go forth to the task. Only once learn to carry a thing through in all its completeness and proportion, and you will become a hero. You will think better of yourself; others will think better of you. The world in its very heart admires the stern, determined doer.

Marden explores a wide range of issues that hold us back from success in all areas of our lives. Presented here as one combined volume, Marden discusses: Choosing a vocation Success under difficulties The habit of happiness The power of suggestion Why some succeed and others fail And much more... "Nearly all great men, those who have towered high above their fellows, have been remarkable above all things else for their energy of will," Marden notes... and shows us how to cultivate our energy of

will, too. American writer and editor ORISON SWETT MARDEN (1850-1924) was born in New England and studied at Boston University and Andover Theological Seminary. In 1897, he founded Success Magazine.

Beat The Status Quo! Those who wish to improve are willing to make changes, others are dreamers. As Henry Ford so aptly put it: "If you always do what you've always done, you'll always get what you've always got." While this does not mean you have been unsuccessful, aspirations to move to a higher standard will require changes. What changes can a book like this offer? Beat The Curve is a compilation of authors who have outperformed the status quo. Their fields are different and their approaches are varied. Their ability and passion for their work, coupled with their perseverance, have allowed these Celebrity Experts(r)

to soar to a higher level. While they have developed their successes in different ways, there are the common threads throughout. Why not be guided by a mountain climber who has been to the top before? To quote the Chinese philosopher, Confucius: Success depends upon previous preparation, and without such preparation there is sure to be failure. With the expert help available in the pages of this book, you will not only learn from their successes and their failures, but you will now have their guidance to help Beat The Curve. Cosimo, Inc.

In this book How to Succeed, Orison S. Marden brings to light some of the most fascinating gems of success intellect that have ever been published. He says, "I was at first everybody's servant. I was

abused, called all sorts of nicknames, had to sweep out the office, build fires in winter, run errands, post bills, carry papers, wait on the editor, in fact I led the life of a genuine printer's devil; but when I showed them at length that I had learned to set type and run the press, I got promoted, and another boy was hired to succeed to my task, with all its decorations. That was my first success, and from that day to this I have never asked anybody to get me a job or situation, and never used a letter of recommendation; but when an important job was in prospect the proposed employers were given all facilities to learn of my abilities and character. If some young men are easily discouraged, I hope they may gain encouragement and strength from my story. It is a long,

rough road at first, but, like the ship on the ocean, you must lay your course for the place where you hope to land, and take advantage of all favoring circumstances."

Glen House, MD, was a typical twenty-year-old, college student when he suffered a skiing accident that paralyzed him. But he never pitied himself, he was never angry and he never wavered in his faith. Instead, he pushed forward with often nothing but sheer determination to
