Rabindranath Tagore reinvented the Bengali novel with Farewell Song, blurring the lines between prose and poetry and creating an effervescent blend of romance and satire. Through Amit and Labanya and a brilliantly etched social milieu, the novel addresses contemporary debates about

'good' and 'bad' writing, the nature of love and conjugality, and the influence of Western culture on Bengali society. Set against the idyllic backdrop of Shillong and the mannered world of elite Calcutta society, this sparkling novel expresses the complex vision and the mastery of style that characterized Tagore's later works. Tagore was not only an immensely versatile poet; he was also a great short story writer, novelist, playwright, essayist, and composer of songs. Chronic Hindu-Muslim rioting in India has created a situation in which communal violence is both so normal and so varied in its manifestations that it would seem to defy effective analysis. Paul R. Brass, one of the world's preeminent experts on South Asia, has tracked more than half a century's riots in the north Indian city of Aligarh. This book is the culmination of a lifetime's thinking about the dynamics of institutionalized intergroup violence in northern India, covering the last three decades of British rule as well as the entire post-Independence history of Aligarh. Brass exposes the mechanisms by which endemic communal violence is deliberately provoked and sustained. He convincingly implicates the police, criminal elements, members of Aligarh's business community, and many of its leading political actors in the continuous effort to produce communal violence. Much like a theatrical production, specific roles are played, with phases for rehearsal, staging, and interpretation. In this way, riots become key historical markers in the struggle for political, economic, and social dominance of one community over

another. In the course of demonstrating how riots have been produced in Aligarh, Brass offers a compelling argument for abandoning or refining a number of widely held views about the supposed causes of communal violence, not just in India but throughout the rest of the world. An important addition to the literature on Indian and South Asian politics, this book is also an invaluable contribution to our understanding of the interplay of nationalism, ethnicity, religion, and collective violence, wherever it occurs. *The Production of Hindu-Muslim Violence in Contemporary India* The Rajshahi University Studies Dhaka University Journal of Business Studies A Journal of the Faculty of Commerce, University of Dhaka Parliamentary Papers The Art of Getting Computer Science PhD

Excellent social work education and training is vital for ensuring best practice, and it is important to understand the key approaches and methods in order to provide the best teaching and ensure effective learning. This volume provides an overview of social work education, including the background and current context. It covers the key debates surrounding social work education, such as the evaluation of social work education, the use of IT, research-mindedness, and the effectiveness of interdisciplinary education. The book also offers guidance on effective teaching and learning approaches tailored to the needs of social work educators, covering teaching within a higher education institution, on student practice placements, and in post-qualifying settings. This will be an indispensable text for educators and

trainers in the field of social work. *Social Work Education and Training* Saunders Limited.

The book presents contributions on statistical models and methods applied, for both data science and SDGs, in one place. Measuring and controlling data of SDGs, data driven measurement of progress needs to be distributed to stakeholders. In this situation, the techniques used in data science, specially, in the big data analytics, play an important role rather than the traditional data gathering and manipulation techniques. This book fills this space through its twenty contributions. The contributions have been selected from those presented during the 7th International Conference on Data Science and Sustainable Development Goals organized by the Department of Statistics, University of Rajshahi, Bangladesh; and cover topics mainly on SDGs, bioinformatics, public health, medical informatics, environmental statistics, data science and machine learning. The contents of the volume would be useful to policymakers, researchers, government entities, civil society, and nonprofit organizations for

monitoring and accelerating the progress of SDGs.

The Good News According to Luke SAGE

The Holy Injil in Modern English: The Good News According to Luke is an entirely new, fresh, and vibrant translation of this

important part of the Holy Scriptures. English has become the world's lingua franca. This text of the Holy Injil is designed specifically for English speakers whose religious vocabulary is influenced by the Arabic language and Middle Eastern tradition. The Holy Injil records the extraordinary life and words of Isa al-Masih--his unique birth, the miracles he performed, his profound and heart-gripping teachings. It tells us how Isa's entire time on earth fulfilled the ancient prophecies of the Holy Scriptures, namely, those which Allah (to him be all praise) had previously given to the Prophet Musa, King Dawud, and the other prophets to record in the Holy Tawrat, Zabur, and al-Anbiya. This English translation is done directly from the ancient Greek language source text. That text itself was written soon after Isa al-Masih's life and ascension into heaven. Thanks to the will of Allah, it has been miraculously preserved in thousands of hand-written manuscripts, many of which, whether in the original Greek or translations into ancient languages, date well before 600 A.D. Some even go back to the second century. This English translation is accompanied by

footnotes to help readers, especially those unfamiliar with the Holy Injil. It includes colored maps depicting the ancient land and travels of Isa al-Masih. And it also includes twenty short articles answering key questions about Isa's life and teachings--the message Allah gave to him for all people of all time. Quoted in those articles are selections from the Tawrat, Zabur, and al-Anbiya, along with other portions of the Holy Injil. As the preface to *The Holy Injil in Modern English* says, The Bible is the most famous book in the history of the world. The most translated, the most printed, the most distributed, the most loved, the most read. It is also the most hated and the most vilified. Either way, to be ignorant of it is to be ignorant of history, of religion, of literature, and ultimately of humanity itself. May Allah bless and encourage you through the life and words of Isa al-Masih!
