It is an important book because the genealogical researcher needs a reliable guide to American county courthouses, the main repositories of county records. To proceed in his investigations, the researcher needs current addresses and phone numbers, information about the coverage and availability of key courthouse records such

as probate, land, naturalization, and vital records, and timely advice on the whole range of services available at the courthouse. Where available he will also need listings of current websites and e-mail addresses." -- Publisher website.

The Restaurant Manager's Handbook Causey Enterprises, LLC Riding 2,000 miles on horseback from Montana to New Mexico sounds like a crazy but thrilling dream or pure hardship and exhaustion. According to Bernice Ende, the trip was all that and more. Since swinging her leg over the saddle for that first long ride in 2005 (at the age of 50), Ende has logged more than 29,000 miles in the saddle, crisscrossing North America on horseback - alone. More than once she has traversed the Great Plains, the Southwest deserts, the Cascade Range, and the Rocky Mountains. Along the way, she discovered a sense of community and love of place that unites people wherever they live. From 2014-2016, she was the first person to ride coast to coast and back again in one trek, winning acclaim from the international Long Riders' Guild and awe from the people she met along the way. Bernice Ende's memoirs are illuminated by accompanying maps of her routes and photos from her journeys, capturing the instant

friends she meets along the way, and her ongoing encounters with harsh weather, wildlife, hard work, mosquitoes, tricky route-finding, and the occasional worn out horseshoe. Ende reveals her inner struggles and triumphs - testing the limits of physical and mental stamina, coping with inescapable solitude, and the rewards of living life her own way, as she says, "in her own skin." Saddle up and come along for the journey of a lifetime.
