The Virginia & Truckee is the most famous short line railroad in American history. Brainchild of William Sharon and the Bank of California, the V&T hauled the silver and gold ore, the cordwood, and the mining timbers that made the 1870s "Big Bonanza" a reality. From the state capital at Carson City, V&T rails stretched 66 miles to Virginia City, Reno, and Minden, Nevada. Serving the transportation needs of the Comstock's nearly 40,000 inhabitants, the V&T remained in operation until 1950. The enormously successful railroad paid its early owners handsome dividends. The V&T's ornate locomotives and cars have starred in hundreds of Hollywood productions and are now preserved in US museums. Since 1976, fourteen miles of the railroad have been restored to operation. The Virginia & Truckee has become an enduring legend.

In *Child of All Nations*, the reader is immediately swept up by a story that is profoundly feminist, devastatingly

anticolonialist—and full of heartbreak, suspense, love, and fury. Pramoedya immerses the reader in a world that is astonishing in its vividness: the cultural whirlpool that was the Dutch East Indies of the 1890s. A story of awakening, it follows Minke, the main character of *This Earth of Mankind*, as he struggles to overcome the injustice all around him. Pramoedya's full literary genius is evident in the brilliant characters that populate this world: Minke's fragile Mixed-Race wife; a young Chinese revolutionary; an embattled Javanese peasant and his impoverished family; the French painter Jean Marais, to name just a few.

This (research) book highlights the unavoidable conversation engaging readers about the meaning and significance of Indonesian plays from the flights of Wayang and Brechtian strategy. The goal is, thus, to provide those willing to understand Indonesian plays with the necessary steps to go through. Not only are they invited to pay a visit to (world) literature, but they are also to deal with cultural studies, the dramatictext, and a critical vocabulary common to play analysis. Offering a response to such a compact goal, there are important things that need pointing out, namely, the elaboration of Wayang strategy and its application. This also suggests highlighting Brechtian strategy, the world of literature, Indonesian literature, Bahasa Indonesia (Indonesian language) and its roles within the national political affairs. This book is, thus, organized to discuss methods of play analysis which primarily means to find the meaning of the very plays, in this case the work of Arifin C. Noer.

She's a free-spirited dreamer. He's a brilliant painter. But now their shared passion for art has turned into something deeper...

For as long as she can remember, Kugy has loved to write. Whimsical stories are her passion, along with letters full of secret longings that she folds into paper boats and sets out to sea. Now that she's older, she dreams of following her heart and becoming a true teller of tales, but she decides to get a "real job" instead and forget all about Keenan, the guy who makes her feel as if she's living in one of her own fairy tales. Sensitive and introverted, Keenan is an aspiring artist, but he feels pressured to pursue a more practical path. He's drawn to Kugy from first sight: she's unconventional, and the light radiating from her eyes and the warmth of her presence pull him in. They seem like a perfect match--both on and off the page--but revealing their secret feelings means risking their friendship and betraying the people they love most. Can they find the courage to admit their love for each other and chase their long-held dreams?

"I'm a simple village girl who has always obeyed the orders of my father and brothers. Since forever, I have learned to say yes to everything. Today I have decided to say no." Nujood Ali's childhood came to an abrupt end in 2008 when her father arranged for her to be married to a man three times her age. With harrowing directness, Nujood tells of abuse at her husband's hands and of her daring escape. With the help of local advocates and the press, Nujood obtained her freedom—an extraordinary

achievement in Yemen, where almost half of all girls are married under the legal age. Nujood's courageous defiance of both Yemeni customs and her own family has inspired other young girls in the Middle East to challenge their marriages. Hers is an unforgettable story of tragedy, triumph, and courage.

"A welcome and brilliantly crafted overview of this field. It represents a major advance in our understanding of how ethnicity works in specific social and cultural contexts. The second edition will be an invaluable resource for both students and researchers alike." - John Solomos, City University, London The first edition of *Rethinking Ethnicity* quickly established itself as a popular text for students of ethnicity and ethnic relations. This fully revised and updated second edition adds new material on globalization and the recent debates about whether ethnicity matters and ethnic groups actually exist. While ethnicity - as a social construct - is imagined, its effects are far from imaginary. Jenkins draws on specific examples to demonstrate the social mechanisms that construct ethnicity and the consequences for people's experience. Drawing upon rich case study material, the book discusses such issues as: the 'myth' of the plural society; postmodern notions of difference; the relationship between ethnicity, 'race' and nationalism; ideology; language; violence and religion; and the everyday construction of national identity.

Emphasizing the value of idiomatic and unconstrained language, this introductory textbook begins with an overview of the fundamental principles of translation. The rest of the chapters expand and illustrate these principles with examples from a wide range of languages--particularly Asian, African, and Amerindian languages. The author uses the recently established principles of text-linguistics in her explanations of the interplay of syntax, semantics, and communicative force through stress and variations of word order in the composition of a text. She also presents a thorough treatment of collocations and the semantic distortions of literal translation. Annotation copyrighted by Book News, Inc., Portland, OR

Kuwasi Balagoon was a participant in the Black Liberation struggle from the 1960s until his death in prison in 1986. A member of the Black Panther Party and defendant in the infamous Panther 21 case, Balagoon went underground with the Black Liberation Army (BLA). Balagoon was unusual for his time in that he combined anarchism with Black nationalism, broke the rules of sexual and political conformity, took up arms against the white supremacist State--all the while never shying away from critiquing the movements's weaknesses. The first part of this book consists of contributions by those who knew or were touched by Balagoon; the second consists of court statements and essays by Balagoon

himself, including several documents which have never been published before. The third section consists of excerpts from letters Balagoon wrote while in prison. A final section includes a historical essay by Akinyele Umoja and an extensive intergenerational roundtable discussion of the significance of Balagoon's life and thoughts today.
