*The Official Guide of the Railways and Steam Navigation Lines of the United States, Porto Rico, Canada, Mexico and Cuba* by Mocktime Publication

The first two centuries of the Christian era were largely a period of consolidation for the Roman Empire. However, the history of the heyday of Roman imperium is far

from dull, for Augustus' successors ranged from capable administrators - Tiberius, Claudius and Hadrian - to near-madmen like Caligula and the amateur gladiator Commodus, who might have wrecked the system but for its inherent strength. Albino Garzetti's classic *From Tiberius to the Antonines*, first published in 1960, presents a definitive account of this fascinating period, which combines a clear and readable narrative with a thorough discussion of the methodological problems

and primary sources. Regarding difficult historical questions, it can be relied upon for careful and reasonable judgments based on a full mastery of an immense amount of material. Nearly three hundred pages of critical notes and a comprehensive bibliography complement the text, ensuring its continuing relevance for all students of Roman history.

The publication of Volumes III and IV of *Shelley and His Circle* under the editorial

auspices of Kenneth Neill Cameron makes available a further portion of the Shelley manuscript materials in the Carl H. Pforzheimer Library. These two volumes continue in the format and style of Volumes I and II, which received the critical acclaim of, among others, John Ciardi, who lauded Cameron and his contributing editors for rescuing "the material from felonious footnotery primarily by enclosing it in a continuous narrative that contains detailed introductions to each of the characters of the circle, and a general background of their relationships and of the times." Volumes III and IV progress chronologically through Shelley's life, beginning with the early years of Shelley's marriage to Harriet Westbrook, where Volume II ended, and concluding with her suicide. Among the manuscripts are twelve letters and literary pieces by Byron including the first of his "separation" poem "Fare Thee Well," the expanded 1814 journal of Claire Clairmont, the curious triangular correspondence of Shelley, Mary Godwin, and Thomas Jefferson Hogg, Shelley's annotated copy of Queen Mab, and the suicide letter Harriet Shelley wrote a few hours before

she drowned in the Serpentine. A number of maps especially prepared for this edition and other supplementary illustrations enhance the impeccable scholarship of these volumes which, with the projected publication of the remaining materials, will present a half century of interconnected biographies and will suggest the literary and intellectual tenor of the Romantic era. The Pforzheimer collection, exceeded only by that at the Bodleian in the number of Shelley and Shelleyana manuscripts, reflects the personal interests of Carl H. Pforzheimer, who put together one of the notable private libraries of modern times. Before his death in 1957, he planned the form of publication for his collection, designing it not only for the academic use of scholars but also as a stimulating and readable set for the enthusiastic layman.

Stone Breaker is an in-depth, accessible biography of a true American polymath, James Gates Percival. A poet, linguist, and unstable savant Percival was also a brilliant geologist who walked thousands of miles crisscrossing first Connecticut and

then Wisconsin to lay the foundation for the work of generations of Earth scientists. Exploring the confluences of literature, art, and geology, Kathleen L. Housley reveals how one of most famous poets of the 1820's became a renowned geologist with his groundbreaking 1843 work Report on the Geology of the State of Connecticut. The book includes historic photographs and paintings of the Connecticut landscape.

This work is a revealing chronicle of Hip Hop culture from its beginnings three decades ago to the present, with an analysis of its influence on people and popular culture in the United States and around the world. From Grandmaster Flash and the Furious Five's "The Message," to Jay-Z, Diddy, and 50 Cent, Hip Hop Culture is the first comprehensive reference work

to focus on one of the most influential cultural phenomena of our time. Scholarly and streetwise, backed by statistics, documents, and research, it recounts three decades of Hip Hop's evolution, highlighting its defining events, recordings, personalities, movements, and ideas, as well as society's response. How did an inner-city subculture, all but dismissed in the early 1980s, become the ruler of the world's airwaves and iPods? Who are the players who moved Hip Hop from the record bins to the pinnacles of entertainment, business, and fashion? Who are the founders, innovators, legends, and major players? Authoritative and authentic, Hip Hop Culture provides a wealth of information and insights for students, educators, and anyone interested in the ways pop culture reflects and shapes our lives.

Catalogue of the Library of the Arnold Arboretum of Harvard University: Serial publications - Authors and titles Routledge This famous work from the Royal Asiatic Society is an indispensable tool for all serious students of Persian literature, history and culture, and a welcome companion to Persian literature in its most

glorious period. This volume is the second, revised edition of three parts published in 1992 and 1994.
