Serial Killer Trivia Coronet

The true-crime story of a cheating husband, the other woman, and her plot to kill the wife, by the bestselling author of *Murder, New England*. When librarian Martha Gail Fulton was gunned down in a Michigan parking lot on a quiet evening, there were two obvious suspects—Gail's husband George, a former military officer . . . and George's mistress, the flashy businesswoman Donna Kay Trapani. Police were baffled to find that both had ironclad alibis. Yet evidence showed the shooter, a male, had an accomplice—a mystery woman. Now, M. William Phelps recounts the compelling real-life drama of a twisted love triangle that ended in bloody murder, and the riveting investigation that brought to light a master manipulator's trail of deadly deceit. Praise for New York Times bestselling author M. William Phelps “One of our most engaging crime journalists.” —Katherine Ramsland, *New York Times* – bestselling author of *Confession of a Serial Killer: The Untold Story of Dennis Rader, the BTK Killer* “Phelps creates a vivid portrait.” —Publishers Weekly “One of America's finest true-crime writers.” —Vincent Bugliosi, *New York Times* bestselling author of *Helter Skelter* Includes sixteen pages of dramatic photos

Jillian Lauren had no idea what she was getting into when she wrote her first letter to prolific serial killer Samuel Little. All she knew was her research

had led her to believe he was good for far more murders than the three for which he had been convicted. While the two exchanged dozens of letters and embarked on hundreds of hours of interviews, Lauren gained the trust of a monster. After maintaining his innocence for decades, Little confessed to the murders of ninety-three women, often drawing his victims in haunting detail as he spoke. How could one man evade justice, manipulating the system for over four decades? As the FBI, the DOJ, the LAPD, and countless law enforcement officials across the country worked to connect their cold cases with the confessions, Lauren's coverage of the investigations and obsession with Little's victims only escalated. *New York Times* bestselling author and lead of the Starz docuseries *Confronting a Serial Killer* Jillian Lauren delivers the harrowing report of her unusual relationship with a psychopath. But this is more than a deep dive into the actions of Samuel Little. Lauren's riveting and emotional accounts reveal the women who were lost to cold files, giving Little's victims a chance to have their stories heard for the first time.

The Innocent Man Bloomsbury Publishing USA

Contains several autobiographical writing of serial killer Keith Hunter Jespersen.

[I: The Creation of a Serial Killer](#) St. Martin's Press

When we think of serial killing, we tend to think of it as a perversion of contemporary society. The *Human Predator* makes an eye-opening case for the existence of serial killers throughout time—the motives and methods, the societies that spawned them, and the historical periods in which they lived . . . and killed. From Ancient Rome and the Dark Ages to the open roads of America, from the exploits of French religious zealot Gilles de Rais to such high-profile monsters as Jeffrey Dahmer and Aileen Wuornos, Katherine Ramsland offers a complete chronological record of the serial-killer

phenomenon—and the parallel development of psychology, forensic science, and FBI profiling in the serial killer’s evolving manifestation throughout human history. INCLUDES PHOTOGRAPHS

Nightmare in Wichita Penguin

In 1985, Charles Ng and Leonard Lake were spotted shoplifting. Ng escaped, but Lake's capture led police to a concrete bunker in the Sierra Nevada foothills, where they discovered the grisly evidence of an orgy of sex crimes, torture and murder that claimed at least sixteen victims. Lake committed suicide: Ng fled to Canada, where he was tracked down and extradited to California. This 14-year, \$10 million legal case was the costliest and longest criminal prosecution in California history.

What is it like to learn that your ordinary, loving father is a serial killer? Discover the true story behind the BTK killer, as told by those closest to him.

In 2005, Kerri Rawson opened the door of her apartment to greet an FBI agent who shared the shocking news that her father had been arrested for murdering ten people, including two children. That's also when she first learned that her father was the notorious serial killer known as BTK, a name he'd given himself that described the horrific way he committed his crimes: bind, torture, kill. As news of his capture spread, the city of Wichita celebrated the end of a thirty-one-year nightmare. For Kerri Rawson, another was just beginning. In the weeks and years that followed, Kerri was plunged into a black hole of horror and disbelief. The same man who had been a loving father, a devoted husband, church president, Boy Scout leader, and a public servant had been using their family as a cover for his heinous crimes since before she was born. Everything she had believed about her life had been a lie. Written with candor and extraordinary courage, *A Serial Killer's Daughter* is an unflinching exploration of life with one of America's most infamous killers and an astonishing tale of personal and spiritual transformation. *A Serial Killer's Daughter* will give you the encouragement you need to learn how to: Pick up the pieces of your life when everything falls apart Begin to heal from the long-lasting effects of violence Trust that light will overcome the darkness Kerri Rawson's story offers the hope of reclaiming sanity in the midst of madness, rebuilding a life in the shadow of death, and learning to forgive the unforgivable.

Behold the Monster WildBlue Press

In a series of death row interviews done shortly before his execution, infamous serial killer Ted Bundy gave a third-person "confession" of his many murders. This definitive book on Bundy was recently made into a Netflix documentary. What goes on in the mind of a serial killer? Drawn from more than 150 hours of exclusive tape-recorded interviews with the handsome, charismatic Bundy, whose grisly killing spree left at least 30 young women dead across seven states between 1974 and 1978, this chilling exposé provides a shocking self-portrait of one of the most savage sex murderers in history. Speaking eerily in the third person, Bundy reveals appalling details about his crimes, discloses how he attracted his victims, explains how he methodically disguised his acts, and recounts his two daring jailbreaks. Bundy also offers his thoughts on other infamous serial killers, including John Wayne Gacy and Son of Sam.

The BTK Murders Pinnacle Books

The FBI profiler & co-author of the #1 New York Times–bestseller *Mindhunter* recounts his role in catching one of America’s most notorious serial killers. Inside the *Mind of BTK* tells the incredible true story of how FBI profiler John Douglas tracked and participated in the hunt for one of the most notorious serial killers in US history. For thirty-one years a man who called himself BTK (Bind, Torture, Kill) terrorized the city of Wichita, Kansas, sexually assaulting and strangling a series of victims, taunting the police with cryptic communications, and bragging about his vicious crimes to local newspapers and television stations. After disappearing for nine years, he suddenly reappeared, complaining that no one was paying enough attention to him and claiming that he had committed other crimes for which he had not been given credit. When he was finally captured, BTK was revealed to be Dennis Rader, a sixty-one-year-old churchgoing, married man with two children. As a leading serial killer profiler for the FBI, John Douglas was first called to consult about the case in 1980 and remained involved with the story and all of its principal players up to the arrest and prosecution. After Rader was arrested, Douglas was granted both an exclusive interview with the killer after his sentencing, as well as access to friends, family, and police. In this page-turning book, Douglas reveals both new information and insight into why Rader did what he did, why he stopped for a mysterious nine-year period, and his current psychological state in custody. Praise for *Inside the Mind of BTK* “Legendary profiler and bestselling author Douglas (Mindhunter), who pioneered the FBI’s systematic study of serial killers, offers his insights into one of this country’s most chilling killers—Dennis Rader, a seemingly innocuous family man and municipal employee, whose brutal murders terrorized Wichita, Kans., for three decades. . . . While the stomach-turning story of BTK’s crimes has been told by others, Douglas’s unique professional experience and his exclusive personal access to Rader offers a different perspective, even as the answer to the question of how such a monster comes to be remains elusive.” —Publishers Weekly “Riveting! Douglas and Dodd have focused a laser sight on one of the most fascinating and disturbing serial killers of our time. Their in-depth analysis of BTK’s early childhood, his seemingly “normal” everyday life, and his shockingly well-hidden “other” life deftly explores the nature of evil and how we can better protect ourselves from such cunning predators.” —Lisa Gardner, New York Times–bestselling suspense author of *Hide*

The Vampire Companion WildBlue Press

A detailed account of the serial killer who terrorized Wichita, Kansas, for more than thirty years from the New York Times–bestselling author. From 1974 to 1991, someone in the midwestern city of Wichita was leaving behind slain tortured bodies and anonymously proclaiming himself to police and reporters as “BTK” for “Bind, Torture, Kill.” Then, for the next fourteen years, BTK was silent. But when he began sending letters again, investigators would not miss their chance . . . Stuningly, police arrested Dennis Rader, the president of his church board and the father of two. As a shocked community watched, evidence began to pile up. Then Rader coldly described how he went about “his projects” as the families of his victims relived the horrific scenes this supposed pillar of the community had unleashed on their loved ones. From the tricks he used to enter his victims’ homes to the puzzles he sent the media and the key role his own daughter may have played in his arrest, *The BTK Murders* is the definitive story of the BTK killer. He was, as one victim’s family member called him, “a black hole inside the shell of a human being”—and the worst American serial killer since Ted Bundy.

Butcher, Baker Simon and Schuster

NOW A MAJOR MOTION PICTURE OPENING IN THEATERS EVERYWHERE “This book is a public service.” — MICHELLE MALKIN, founder of Twitchy and author of *Culture of Corruption* “Every American needs to read Gosnell.” — DAVID DALEIDEN, the Center for American Progress reporter behind the undercover investigation of Planned Parenthood “Ann and Phelim courageously tell the heart wrenching, shocking story previously ignored, one that every American needs to read.” — KATIE PAVLICH, Townhall Editor and Fox News Contributor. He is America’s most prolific serial killer. And yet Kermit Gosnell was no obvious criminal. Through desperate attempts to cover up the truth, the mainstream media revealed exactly how important Kermit Gosnell’s story is. National best seller *Gosnell: The Untold Story of America’s Most Prolific Serial Killer* is a book that rocked America – and now it is a major motion picture! Masquerading as a doctor and an advocate for women’s reproductive health, Kermit Gosnell was purposefully ignored for years. Gosnell reveals that inside his filthy clinic, Gosnell murdered born-alive infants, butchered women, and made a chilling collection of baby feet. Meanwhile, pro-choice politicians kept health inspectors far away. Only when tenacious undercover detective Jim Wood followed a narcotics investigation straight into the clinic did Gosnell’s reign of horror finally come to an end...and the fight for justice begin. Written by investigative journalists Ann McElhinney and Phelim McAleer, this gripping story premiers October 12 as a major motion picture, starring Dean Cain as Detective Wood. Fans of the movie – and every pro-life American – should dive into this nationally bestselling book for a closer look into the shocking and gruesome crime of the century. *Gosnell: The Untold Story of America’s Most Prolific Serial Killer* reveals.... How Kermit Gosnell would eat cereal or snack on sandwiches – while performing abortions. How Gosnell carelessly allowed “that Indian woman,” Karnamaya Mongar, to die a bloody death. How Gosnell’s employees admitted to snipping the necks of hundreds of breathing babies. How Tom Ridge, a “pro-choice” Republican governor, put a stop to Pennsylvania Health Department inspections for seventeen years. How Sherry West, the clinic employee whose mental health problems, drug addiction, and Hepatitis C infection, were well known to Gosnell, overdosed, maltreated, and abused patients for years. How new mother and prosecutor Assistant District Attorney Christine Wechsler found herself having to cut open the skulls of forty-seven dead babies during the investigation. How the pro-abortion media blacked out what should have been the trial of the century – and how they were finally shamed into covering the case. Why Kermit Gosnell, unrepentant murderer, expects to be vindicated by history.

The Last Victim Praeger

Absolute Madness tells the disturbing true story of Joseph Christopher, a white serial killer who targeted black males and struck fear into the residents of New York in the 1980s. Dubbed both the 22-Caliber Killer and the Midtown Slasher, Christopher allegedly claimed eighteen victims during a savage four-month spree across the state. The investigation, aided by famed FBI profiler John Douglas, drew national attention and biting criticism from Jesse Jackson and other civil rights leaders. The killer, when at last he was unmasked, seemed an unlikely candidate to have held New York in a grip of terror. His capture was neither the end of the story nor the end of the racial strife, which flared anew during circuitous prosecutions and judicial rulings that prompted cries of a double standard in the justice system. Both a wrenching true crime story and an incisive portrait of dangerously discordant race relations in America, *Absolute Madness* also chronicles a lonely, vulnerable man’s tragic descent into madness and the failure of the American mental health system that refused his pleas for help.

Die For Me Harper Collins

To further his study of mass murderer Richard Speck and raise awareness of brain disorders, psychiatrist Marvin Ziporyn dared to meet with this killer in his prison cell twice a week. Although there have been many such "close encounters," the findings of trained behavioral professionals who developed relationships with extreme offenders have not been meaningfully catalogued and compared until now. --

A Serial Killer's Daughter Penguin

Explore the mind and motivations of a serial killer

The Shrine of Jeffrey Dahmer Grand Central Publishing

There are many cultural myths about serial killers, often propagated even by mental health professionals. Many assume there is a profile of a serial killer, that serial killers always go for the same victim type or always use the same MO, that they are more clever than ordinary people, and that they are inevitably charming and attractive. The truth is not as simple as that. There are different types of serial killers, and while there are many books that discuss the serial killer phenomenon especially in relationship to victim types or context, researchers have not yet been able to come up with a definition, or type, that covers the broad spectrum of serial killers and their complex psychological dynamics. Ramsland looks at the variety of serial killer types, illustrating that it is difficult to accurately depict these elusive, intriguing, and dangerous killers. There are many cultural myths about serial killers, often propagated even by mental health professionals. Many assume there is a profile of a serial killer, that serial killers always go for the same victim type or always use the same MO, that they are more clever than ordinary people, and that they are inevitably charming and attractive. The truth is not as simple as that. There are different types of serial killers and while there are many books that discuss the serial killer phenomenon especially in relationship to victim types or context, researchers have not yet been able to come up with a definition, or type, that covers the broad spectrum of serial killers and their complex psychological dynamics. Ramsland looks at serial killer types, illustrating that it is difficult to accurately depict these elusive, intriguing, and dangerous killers. This book examines a variety of serial killers, from sexual predators to psychotic killers, from murder teams to odd eccentric stalkers, in order to present the distinct psychological dynamics that set serial killers apart from other violent murderers. Among the motives addressed are lust, control, glory, profit, thrill, delusions, rage, the desire for company, the need to please a partner, and even murder as an intellectual exercise. Serial killers live double lives, hiding their violence even from those who live with them, so along with a study of motives are chapters devoted to how close associates have described killers, including parents, siblings, co-workers, lovers, and survivors. There is no profile of a serial killer, and this book establishes that in vivid and frightening detail.

The Westside Park Murders Brandeis University Press

A lawyer gets inside the mind of a notorious New England serial killer in this award-winning and “grimly compelling” true crime (Kirkus). For nine months of 2003, William Devin Howell went on a killing spree in and around New Britain, Connecticut. Seven people went missing; all of their bodies eventually discovered in a wooded lot behind a strip mall. But the investigation that led to Howell’s arrest is only part of the story. Attorney and author Anne K. Howard first contacted Howell while he was serving a fifteen-year sentence for one of his murders. He was about to be charged for the remaining six. A unique and disturbing friendship between the two began, comprised of written correspondence, face-to-face prison visits and recorded phone calls. Over the course of years, Howell shared his troubled history with Howard. When his case was finally over, he told her every intimate, grizzly detail of how he became Connecticut’s most prolific serial killer. In *His Garden*, Howard probes the complicated mind of William Devin Howell. It is a story that explores the eternal question of human evil and its impact on others, including the woman he chose to hear his horrific confession. 2020 Independent Press Award 2018 Literary Excellence Pencraft Award

Shattered Silence Open Road Media

AN UNSPEAKABLE CRIME When he was arrested in July 1991, Jeffrey Dahmer had a severed head in the refrigerator, two more in the freezer, two skulls and a skeleton in a filing cabinet. A DEPRIVED ACT But if anything could be more disturbing than the brute horror of this scene, it was the evidence that Dahmer had been using these human remains not only for sexual gratification, but as part of a dark ritual of his own devising -- to furnish a shrine to himself. A KILLER, BEYOND OUR UNDERSTANDING _____ The Shrine of Jeffrey Dahmer offers a chilling insight into the mind of a serial killer and reveals the horrors within. Perfect for fans of *Making a Murderer*,

Mindhunter and *The Ted Bundy Tapes*, this is a gripping and gruesome read that delves into the mind of a murder and what possesses someone to kill. _____ By the author of *Killing for Company*, which was adapted into the hit ITV true crime drama *DES*, starring David Tennant. _____

PRAISE FOR THE SHRINE OF JEFFREY DAHMER: 'Irresistible. . . . It's subject is terrible and repellent. But the study itself is enlightening' Independent 'Unputdownable' Patricia Highsmith 'The persuasive account of a young man spiraling into unspeakable insanity . . . fascinating' Daily Telegraph

The Domsday Mother John Blake

The twisted, but fascinating, mind of a serial killer is revealed with terrifying consequences in this astonishing and shocking exploration. with 20 b&w photos.

How to Catch a Killer Simon and Schuster

In February 1983, civil servant Dennis Nilsen was arrested after body parts were found to be blocking drains at the house where he lived. As the squad car drove him away, he confessed he had strangled 15 young men. But it wasn't just the crimes that stunned the police, but the way Nilsen spoke. He said he loved the young men he killed. When newspapers carried stories of how the 37-year-old lured men back to his flat and why, the nation was shocked by his sheer evil. Yet some psychiatrists considered him a man of rare, complex, and extreme psychological problems. In addition, none of them had met a killer who seemed so keen to understand his own psyche. Whilst on remand in Brixton Prison, Nilsen filled 55 exercise books with thoughts. During his subsequent 30 years in prison he has continued to write--most notably on the first draft of a multi-volume autobiography--which the Home Office has banned. Using exclusive access to Nilsen's writing and extensive independent research, Russ Coffey explains what Nilsen says and how much of it we can believe. This is a shocking glimpse into the mind of a killer.
