Detective Eve Dallas searches the darkest corners of Manhattan for an elusive killer with a passion for collecting souls in this novel in the #1 New York Times bestselling In Death series. On one of the city's hottest nights, New York Police Lieutenant Eve Dallas is sent to Central Park—and into a hellish new investigation. The victim is found on the rocks, just above the still, dark water of the lake. Around her neck is a single red ribbon. Her hands are posed, as if in prayer. But it is the eyes—removed with the precision of a surgeon—that have Dallas most alarmed. As more bodies turn up, each with the same defining scars, Eve is frantic for answers. Against her instincts, she accepts help from a psychic who offers one vision after another—each with shockingly accurate details of the murders. And when partner and friend Peabody is badly injured after escaping an attack, the stakes are raised. Are the eyes a symbol? A twisted religious ritual? A souvenir? With help from her husband, Roarke, Dallas must uncover the killer's motivation before another vision becomes another nightmare...

The complete, uncensored journals of Sylvia Plath—essential reading for anyone who has been moved and fascinated by the poet's life and work. "A genuine literary event.... Plath's journals contain marvels of discovery." —The New York Times Book Review Sylvia Plath's journals were originally published

in 1982 in a heavily abridged version authorized by Plath's husband, Ted Hughes. This new edition is an exact and complete transcription of the diaries Plath kept during the last twelve years of her life. Sixty percent of the book is material that has never before been made public, more fully revealing the intensity of the poet's personal and literary struggles, and providing fresh insight into both her frequent desperation and the bravery with which she faced down her demons.

The Complete Works of John Buchan (Unabridged) Penguin

Following the death of her father, journalist and hospice volunteer Ann Neumann sets out to examine what it means to die well in the United States. When Ann Neumann's father was diagnosed with non-Hodgkin's lymphoma, she left her job and moved back to her hometown of Lancaster, Pennsylvania. She became his full-time caregiver—cooking, cleaning, and administering medications. When her father died, she was undone by the experience, by grief and the visceral quality of dying. Neumann struggled to put her life back in order and found herself haunted by a question: Was her father's death a good death? The way we talk about dying and the way we actually die are two very different things, she discovered, and many of us are shielded from what death actually looks like. To gain a better understanding, Neumann became a hospice volunteer and set out to discover what a good death is today. She attended conferences, academic lectures, and grief sessions in church basements. She went to Montana to talk with the attorney who successfully argued for the

legalization of aid in dying, and to Scranton, Pennsylvania, to listen to “pro-life” groups who believe the removal of feeding tubes from some patients is tantamount to murder. Above all, she listened to the stories of those who were close to death. What Neumann found is that death in contemporary America is much more complicated than we think. Medical technologies and increased life expectancies have changed the very definition of medical death. And although death is our common fate, it is also a divisive issue that we all experience differently. What constitutes a good death is unique to each of us, depending on our age, race, economic status, culture, and beliefs. What’s more, differing concepts of choice, autonomy, and consent make death a contested landscape, governed by social, medical, legal, and religious systems. In these pages, Neumann brings us intimate portraits of the nurses, patients, bishops, bioethicists, and activists who are shaping the way we die. *The Good Death* presents a fearless examination of how we approach death, and how those of us close to dying loved ones live in death’s wake.

[Fantasy in Death](#) Simon and Schuster Ernest Hemingway witnessed many of the seminal conflicts of the twentieth century—from his post as a Red Cross ambulance driver during World War I to his nearly twenty-five years as a war correspondent for *The Toronto Star*—and he recorded them with matchless power. This landmark volume brings together Hemingway’s most important and timeless writings about the nature of human combat. Passages from his beloved World War I novel, *A Farewell to Arms*, and *For Whom the Bell Tolls*, about the Spanish Civil War, offer an unparalleled portrayal of the physical

and psychological impact of war and its aftermath. Selections from *Across the River and into the Trees* vividly evoke an emotionally scarred career soldier in the twilight of life as he reflects on the nature of war. Classic short stories, such as “In Another Country” and “The Butterfly and the Tank,” stand alongside excerpts from Hemingway’s first book of short stories, *In Our Time*, and his only full-length play, *The Fifth Column*. With captivating selections from Hemingway’s journalism—from his coverage of the Greco-Turkish War of 1919–22 to a legendary early interview with Mussolini to his jolting eyewitness account of the Allied invasion of Normandy on June 6, 1944—*Hemingway on War* collects the author’s most penetrating chronicles of perseverance and defeat, courage and fear, and love and loss in the midst of modern warfare.

The New York Times bestselling coauthor of *Sex at Dawn* explores the ways in which “progress” has perverted the way we live—how we eat, learn, feel, mate, parent, communicate, work, and die—in this “engaging, extensively documented, well-organized, and thought-provoking” (Booklist) book. Most of us have instinctive evidence the world is ending—balmy December days, face-to-face conversation replaced with heads-to-screens zomboidism, a world at constant war, a political system in disarray. We hear some myths and lies so frequently that they feel like truths: Civilization is humankind’s greatest accomplishment. Progress is undeniable. Count your blessings. You’re lucky to be alive here and now. Well, maybe we are and maybe we aren’t. *Civilized to Death* counters the idea that progress is inherently good, arguing that the

“progress” defining our age is analogous to an advancing disease. Prehistoric life, of course, was not without serious dangers and disadvantages. Many babies died in infancy. A broken bone, infected wound, snakebite, or difficult pregnancy could be life-threatening. But ultimately, Christopher Ryan questions, were these pre-civilized dangers more murderous than modern scourges, such as car accidents, cancers, cardiovascular disease, and a technologically prolonged dying process? *Civilized to Death* “will make you see our so-called progress in a whole new light” (Book Riot) and adds to the timely conversation that “the way we have been living is no longer sustainable, at least as long as we want to the earth to outlive us” (Psychology Today). Ryan makes the claim that we should start looking backwards to find our way into a better future.

One of the most famous literary works of the 20th century, the novella “Death in Venice” embodies themes that preoccupied Thomas Mann (1875–1955) in much of his work; the duality of art and life, the presence of death and disintegration in the midst of existence, the connection between love and suffering, and the conflict between the artist and his inner self. Mann’s handling of these concerns in this story of a middle-aged German writer, torn by his passion for a Polish youth met on holiday in Venice, resulted in a work of great psychological intensity and tragic power.

#1 NEW YORK TIMES BESTSELLER • A special 25th anniversary edition of the beloved book that has changed millions of lives with the story of an unforgettable friendship, the timeless wisdom of older generations, and healing lessons on loss and grief—featuring a new afterword by the author “A wonderful book, a story of the heart told by a writer with soul.”—Los Angeles Times “The most important thing in life is to learn how to give out love, and to let it come in.” Maybe it was a grandparent, or a teacher, or a colleague. Someone older, patient and wise, who understood you when you were young and searching, helped you see the world as a more profound place, gave you sound advice to help you make your way through it. For Mitch Albom, that person was his college professor Morrie Schwartz. Maybe, like Mitch, you lost track of this mentor as you made your way, and the insights faded, and the world seemed colder. Wouldn't you like to see that person again, ask the bigger questions that still haunt you, receive wisdom for your busy life today the way you once did when you were younger? Mitch Albom had that second chance. He rediscovered Morrie in the last months of the older man's life. Knowing he was dying, Morrie visited with Mitch in his study every Tuesday, just as they used to back in college. Their rekindled relationship turned into one final “class”: lessons in how to live. “The truth is, Mitch,” he said, “once you learn how to die, you learn how to live.” Tuesdays with Morrie is a magical chronicle of their time together, through which Mitch shares Morrie's lasting gift with the world.

The Old Man and the Sea Simon and Schuster

A New York Times Critics' Top Ten Book of the Year * 2021 Edgar Award Winner Best Fact Crime * A Lit Hub Best Book of The Year From a Pulitzer Prize-winning investigative reporter at the Charleston Gazette-Mail, a "powerful," (The New York Times) urgent, and heartbreaking account of the corporate greed that pumped millions of pain pills into small Appalachian towns, decimating communities. In a pharmacy in Kermit, West Virginia, 12 million opioid pain pills were distributed in just three years to a town with a population of 382 people. One woman, after losing her brother to overdose, was desperate for justice. Debbie Preece's fight for accountability for her brother's death took her well beyond the Sav-Rite Pharmacy in coal country, ultimately leading to three of the biggest drug wholesalers in the country. She was joined by a crusading lawyer and by local journalist, Eric Eyre, who uncovered a massive opioid pill-dumping scandal that shook the foundation of America's largest drug companies—and won him a Pulitzer Prize. Part Erin Brockovich, part Spotlight, *Death in Mud Lick* details the clandestine meetings with whistleblowers; a court fight to unseal filings that the drug distributors tried to keep hidden, a push to secure the DEA pill-shipment data, and the fallout after Eyre's local paper, the Gazette-Mail, the smallest newspaper ever to win a Pulitzer Prize for investigative reporting, broke the story. Eyre follows the opioid shipments into individual counties, pharmacies, and homes in West Virginia and explains how thousands of Appalachians got hooked on prescription drugs—resulting in the highest overdose

rates in the country. But despite the tragedy, there is also hope as citizens banded together to create positive change—and won. "A product of one reporter's sustained outrage [and] a searing spotlight on the scope and human cost of corruption and negligence" (The Washington Post) Eric Eyre's intimate portrayal of a national public health crisis illuminates the shocking pattern of corporate greed and its repercussions for the citizens of West Virginia—and the nation—to this day. This carefully crafted ebook: "The Roll-Call (Unabridged)" is formatted for your eReader with a functional and detailed table of contents. This ebook follows the life of the young Clayhanger's stepson, George. George Edwin Cannon - he soon drops the surname Clayhanger, given to him upon his mother's marriage - becomes an architect, and represents what his stepfather Edwin Clayhanger wished to become. The characters of Edwin and Hilda are not developed further in this book: Edwin - now elevated to Alderman - appears only briefly. The central character displays an unattractive arrogance because of the wealth behind him. In an early chapter, he thinks about adding electric light to his London dwelling, and decides that he - or rather, his stepfather - can well afford it. Bennett seems to have felt that the children of the successful bourgeoisie, unless their excesses are suppressed as Edwin's were, will become spoilt. Arnold Bennett (1867-1931) was

an English journalist, novelist, and writer. After working as a rent collector and solicitor's clerk, Bennett won a writing contest which convinced him to become a journalist. He later turned to the writing of novels, including his most famous *Clayhanger* and *Anna of the five towns*.

In this "gripping story of resistance and the triumph of human will" (Senator Elizabeth Warren), activist and subject of the documentary *Not Going Quietly* Ady Barkan explores his life with ALS and how his diagnosis gave him a profound new understanding of his commitment to social justice for all. Ady Barkan loved taking afternoon runs on the California coast and holding his newborn son, Carl. But one day, he noticed a troubling weakness in his hand. At first, he brushed it off as carpal tunnel syndrome, but after a week of neurological exams and two MRIs, he learned the cause of the problem: amyotrophic lateral sclerosis, better known as ALS or Lou Gehrig's disease. At age thirty-two, Ady was given just three to four years to live. Yet despite the devastating diagnosis, he refused to let his remaining days go to waste. *Eyes to the Wind* is a rousing memoir featuring intertwining storylines about determination, perseverance, and how to live a life filled with purpose and intention. The first traces Ady's battle with ALS: how he turned the initial shock and panic from his diagnosis into a renewed commitment to social justice—not despite his disability but because of it. The second, told in flashbacks, illustrates Ady's journey from a goofy political nerd to a prominent figure in the enduring fight for equity

and justice whose “selfless activism fighting to make health care a right should be an inspiration to us all” (Senator Bernie Sanders). From one of the most vocal advocates for social justice, Eyes to the Wind’s “primary question is existential: how to live when you are dying? Barkan’s answer is to share, open up, act, and capital-R Resist, and his memoir, clearly and candidly written, establishes a legacy” (Booklist).
