 Communication is very important to carry on with day to day activities smoothly. Many a problematic issues are sorted out with proper communication whereas many a problems take place with lack of communication. Words have always played an important role in our interactions since times known. Communication in the form of stories is also a very interesting technique. Invariably the first story teller is a mother. Every story must have happy ending to have lasting appeal. May be in a profession one puts lots of hard work to make it sound perfectly natural but I doubt any professional can make it as convincing

as the natural, original way of a mother who while narrating the story instills moral values and thus creates the desired impact. Such stories leave an everlasting impression on the psyche and personality for all years to come. Those stories become unforgettable. Possibly it is either the story or the skill of story teller or combined effect of both. Narrations often combining certain true episodes with imaginative fiction would often have happy ending with goodness prevailing over evil. Happy endings are what every one looks up to and are very appealing and pleasing. BRIDGING THE GAP is a book of seven stories depicting sensitivity of the need for communication among different human relations to carry on happily for happy endings. I must acknowledge the unwavering support from my husband Mr. Vinod Kumar Gupta in this endeavor.

An overview of the decade highlights the key artists of the decade - music directors, lyricists and singers - and discusses the emerging trends in Hindi film music. A yearly review provides listings of the year's top artists and songs and describes the key milestones of the year in Hindi film music. The bulk of the book provides the song listing of every Hindi film album released in the decade. Basic information about each film's cast and crew is provided and detailed music credits are provided. Where available, music credits go beyond information regarding music directors, lyricists and singers, and include the names of session musicians, assistants, programmers, arrangers, mixers, recordists, etc. Where applicable, music related awards are listed. Interesting trivia is listed for most films, more than 1500 in all. This includes information about artist debuts, plagiarised or sampled songs, controversies and stories behind the making of the film and its music. This book is primarily meant as a quick reference for people looking for information related to a Hindi film or a song, but readers can also browse through the book to get an overview of the events that shaped Bollywood music in the decade. Given that Hindi films are a reflection of the Indian society, the reader can also glean insights about the country's socio-political and cultural environment from the book.

For nearly thirty years from 1940, the Gemini Studios of Madras was the most influential film-producing organization of India and its founder, the brilliant multi-faceted entrepreneur S. S. Vasan lent substance and quality to the rather fragile and unpredictable movie business. Sahitya Akademi award-winning Tamil writer Ashokamitran worked for the Gemini Studios from 1952 to 1966. A full twenty years after Ashokamitran renounced films, poet-editor Pritish Nandy persuaded him to record his reminiscences and the result was a series of articles making up My Years with Boss.

He has a deep study of the world's major religions and musical cultures. If someone starts playing harmonium, keyboard, guitar, piano, according to the guidance of Dr. Ishwar Bhai Joshi, then he can learn to play the song in an hour. If your common sense is better, then you will get musical notes within just ten minutes. In the last 32 years, he did many experiments on music therapy for mental well being on thousands of people. He found some easy ways to play music on instruments. According to his research, newly learned artists found great difficulty with western notations. Western notations make it difficult to catch the musical note. Because the core of Hindustani music is Raga and Sapta sur. Singing and lyrics are important in Hindi Sangeet. There are only five Sur in Western music. In which noise

(orchestra) and bits are important. There is no singing and Alap. Due to which, western notations can play only 80% Sur of the Hindi songs. Because of which the listener does not enjoy the song in full swing. There is a difference between the Western language and the Hindustani language. We write and speak in the same way. Our ability to hear, speak, write is much different than Europeans. There is a lot of difference in spelling and pronunciation in their languages. Their language and music, sounds different and they write notes differently. They do not give importance to lyrics. (Listen mad 'Rap' songs.) Example of western notations E ~ ~ GE ~ C D DFD \* A # \* A # CE DF E Pyar diwana ho ta\_hai mastana hota hain Example of Hindustani Sargam Ga ~ ~ paga~ sa re remre \*ni \*nisag rem Ga Pyaar Deewana Ho Ta Hai Mastana Hota Hai You will get Sargam in this book, not notations, please remember. Please try to understand, what is a 'Sargam'? As we know the computer has its own 'language', exactly like that every instrument has its own 'language'. Like, 'Chhukar Mere Manko Kiya Tune Kya Ishara ..' This is lyrics... So someone will hum it like ... Na Na Nana Nanana Nana Nana Na Na Nana ... "Gaga resa ni\* ni\* re, p \* dh \* ni \* ni\*saregasa" So, when you play 'Sa Re Ga Ma Pa dh Ni Sa', then the lyrics of the song begin to take shape in your mind. 'Chhukar Mere Manko Kiya Tune Kya Ishara.. There are two parts to any song, the first one is the Mukhada i.e. 'head' which is of two lines. And the second is Antara i.e. 'body'. Any instrument plays the same stanza and keeps repeating it. E.g. "Papa Kahate hai Bada Naam Karega" If you study this song's Sargam, "Dhadh pama pa sare ma nidhap" Prepare this and play twice, automatically it will sound like "Papa kahate hai bada Nam karega, Beta hamara aisa kam karega" Sasasa-saresa- sasasa-saresa- mam gare re gare ga ma Play this twice, then next two lines are ready ... "Baithe hai milake sab yar apane, sabake dilome arama ye hai vo jindagi me kal kya banega har ek najar kaa sapana ye hai " Or, another example, Dilake zarokome tujhako bithakar, Yadonko teri mai dulhan banakar Sa ma ma ma ma ma ma ma ma ma Pa Dha san, ma ma ma ma ma ma ma ma ma Pa Dha san, The funny thing is that the person who made the first guitar pattern was a "leftie". Then millions of "righty" people try to learn the leftie pattern. Dr. Joshi has correct this for the new learners with the right hand. This book is for new learning artists who respect Music. The stories in this anthology hold an element of surprise for Western readers who expect an Indian narrative technique and an Indian fabric of life. On the contrary, the stories talk about universal experiences that go beyond geographical boundaries and reach out to share a modern twentieth century sensibility with the West. A must for readers with a thirst for cross-cultural experiences.

This is the first book to tackle the diverse styles and multiple histories of popular musics in India. It brings together fourteen of the world's leading scholars on Indian popular music to contribute chapters on a range of topics from the classic songs of Bollywood to contemporary remixes, summarized by a reflective afterword by popular music scholar Timothy Taylor. The chapters in this volume address the impact of media and technology on contemporary music, the variety of industrial developments and contexts for Indian popular music, and historical trends in popular music development both before and after the Indian Independence in 1947. The book identifies new ways of engaging popular music in India beyond the Bollywood musical canon, and offers several case studies of local and regional styles of music. The contributors address the subcontinent's historical relationships with colonialism, the transnational market economies, local governmental factors, international conventions, and a host of other circumstances to shed light on the development of popular music throughout India. To illustrate each chapter author's points, and to make available music not easily accessible in North America, the book features an Oxford web music

companion website of audio and video tracks.

Encyclopaedia of Hindi Cinema Ishwarbhai Joshi Constantly

This Indian film music book is a collection

of eighty essays about the people who made remarkable music in Bollywood cinema, especially during the great era, and the ideas such people brought to the recording studios. When songs had to go without rhythms or when melodies had plenty of Q n A in them. In this music book, we flirt with Rock n Roll and scan songs that speed up at the end, we peep behind the screen to see what the idea was behind chorus songs in our films - even if there was no one to sing that chorus on the screen; it's a huge list. These pages are a reflection of the time when everyone was fired up in their art, and when no one wanted to finish last in the race. It is about artists who every now and then dreamt ideas, and only after crystallizing things perfectly in their mind's eye, went out to translate and transform their dreams into unforgettable melodies in Indian movies. Jukebox will interest the layman as well as the academician.

When a society changes, it is the people who bear the weight of it the most. This book brings together stories from people's lives, as they carried on their cultural legacy, weaving it with modernity and growth. Handpicked gems of stories by veterans in the genre of short story - such as Amarkant, Bhisham Sahni, Kamleshwar, Nirmal Varma and Mohan Rakesh - have been combined with works of younger writers who became the torch-bearers of the forward movement of the people. Of special interest are the works of women writers such as Krishna Sobti and Mannu Bhandari, who made sure that women were heard and read - loud and clear. A collector's delight, MODERN HINDI SHORT STORIES, spans almost half a century of literary endeavour in the field of Hindi fiction - a period of intense literary activity, varied in its approach and wide in its scope.
