Jolography Forever

A New York Times Notable Book Empress Dowager Cixi (1835–1908) is the most important woman in Chinese history. She ruled China for decades and brought a medieval empire into the modern age. At the age of sixteen, in a nationwide selection for royal consorts, Cixi was chosen as one of the emperor's numerous concubines. When he died in 1861, their five-year-old son succeeded to the throne. Cixi at once launched a palace coup against the regents appointed by her husband and made herself the real ruler of China—behind the throne, literally, with a

silk screen separating her from her officials who were all male. In this groundbreaking biography, Jung Chang vividly describes how Cixi fought against monumental obstacles to change China. Under her the ancient country attained virtually all the attributes of a modern state: industries, railways, electricity, the telegraph and an army and navy with up-to-date weaponry. It was she who abolished gruesome punishments like “death by a thousand cuts” and put an end to foot-binding. She inaugurated women's liberation and embarked on the path to introduce parliamentary elections to China. Chang comprehensively overturns the conventional view of Cixi as a diehard conservative and cruel despot. Cixi reigned during extraordinary times and had to deal with a host of major national crises: the Taiping and Boxer rebellions, wars with France and Japan—and an invasion by eight allied powers including Britain, Germany, Russia and the United States. Jung Chang not only records the Empress Dowager's conduct of domestic and foreign affairs, but also takes the reader into the depths of her splendid Summer Palace and the

harem of Beijing's Forbidden City, where she lived surrounded by eunuchs—one of whom she fell in love, with tragic consequences. The world Chang describes here, in fascinating detail, seems almost unbelievable in its extraordinary mixture of the very old and the very new. Based on newly available, mostly Chinese, historical documents such as court records, official and private correspondence, diaries and eyewitness accounts, this biography will revolutionize historical thinking about a crucial period in China's—and the world's—history. Packed with drama, fast paced and gripping, it is both a panoramic depiction of the birth of modern China and an intimate portrait of a woman: as the concubine to a monarch, as the absolute ruler of a third of the world's population, and as a unique stateswoman.

Challenger Deep Difference Engine Hugo and Nebula Award-winning author Kelly Link calls Elizabeth Byrne's debut novel *The Grave Keepers* “a lyrical and gorgeously uncanny coming-of-age story of incantatory power.” And Edgar Award-winning author Mindy McGinnis says of *The Grave Keepers*: “At times deeply atmospheric and darkly haunting, The

Grave Keepers takes us on a spine-tingling journey into a world much like our own, where more lies beneath than above." The Grave Keepers is a unique coming-of-age story set in a society obsessed with grave keeping. Lately, Athena Windham has been spending all her spare time in her grave. Her parents—owners of a cemetery in Upstate New York—are proud of her devoutness, but her younger sister, Laurel, would rather spend her time exploring the forest that surrounds the Windham's property than in her own grave. The Windham girls lead secluded lives—their older sister died in a tragic accident and their parents' protectiveness has made the family semi-infamous. As the new school year begins, the outside world comes creeping in through encounters with mean girls, a new friend, and a runaway boy hiding out in the cemetery. Meanwhile, a ghost hangs around the Windham property—the only grave keeper never to cross over—plotting how to keep the sisters close to home and close to her . . . forever.

In the sequel to the acclaimed *Beasts Made of Night*, Taj has escaped Kos, but Queen Karima will go to any means necessary—including using the most deadly magic—to track him down. Taj is headed west, but the consequences of leaving Kos behind confront him at every turn. Innocent civilians flee to refugee camps as Karima's dark magic continues to descend on the city. Taj must return, but first he needs a plan. With Arzu's help,

Taj and Aliya make it to the village of her ancestors, home of the tastahlik--sin-eaters with Taj's same ability to both battle and call forth sins. As Taj comes to terms with his new magic, he realizes there are two very different groups of tastahlik--one using their powers for good, the other for more selfish ends. Aliya is struggling with her own unique capabilities. She's immersed in her work to uncover the secret to Karima's magic, but her health begins to mysteriously deteriorate. With the help of a local western mage, Aliya uncovers her true destiny--a future she's not sure she wants. As Taj and Aliya explore their feelings for each other and Arzu connects with her homeland, the local westerners begin to question Taj's true identity. Karima is on his heels, sending dark warnings to the little village where he's hiding. Taj will have to go back and face her before she sends her most deadly weapon--Taj's former best friend, Bo.

Questions of morality in exploring alternate realities; goddesses of old, living in modern-day Philippine society; the flesh

trade in a dystopic future; four childhood friends, taunting fate by crossing the line between life and death, and coming back again; a world where Justice is immediate, absolute, and therefore deemed perfect—these are but some of the ideas to have sprung from the mind of up-and-coming writer Eliza Victoria. In *A Bottle of Storm Clouds*, Victoria's first compilation of short fiction, her subjects are a mottled bunch; her characters, of all walks of life; her approaches, from all directions. But her stories all boil down to one question: "e;What if?"e;
