GCSE Maths - Cones and Frustums (Volume Surface Area) Try the free Mathway calculator and problem solver below to practice various math topics. Try the given examples, or type in your own problem

and check your answer with the step-by-step explanations. Volume and Surface Area: GCSE Questions (examples, videos ... This may seem a little different, but it actually comes up a lot. First, we must write the volume in terms of x . The volume of a pyramid is one third of the area of the base times by the perpendicular height. We know the area of the base is 18 cm^2 , and the expression we're given for the height is $x+5$, so the volume is $\frac{1}{3} \times 18 \times (x+5) = 6(x+5)$ Volume of 3D Shapes Worksheets | Questions and Revision | MME GCSE Examination questions on Volume, how to use the Density Mass Volume formula triangle and find volume of shapes, Complex Volume with Spheres and a Cylinder, examples and step by step solutions, GCSE Maths Volume: GCSE Questions (examples, videos, worksheets ... Exam Style Questions Ensure you have: Pencil, pen, ruler, protractor, pair of compasses and eraser You may use tracing paper if needed Guidance 1. Read each question carefully before you begin answering it. 2. Don't spend too long on one question. 3. Attempt every question. 4. Check your answers seem right. 5. Always show your workings ...
