MARSHALL BATES

Other Lives But Mine Giorgio Nada Editore Srl

Gina was warned that one of her students would be a problem. Eighteen years old and strikingly odd, Dennis writes violently obscene work clearly intended to unsettle those around him. Determined to know whether he's a real threat, Gina compels Dennis to attend her office hours. But as the clock ticks down, Gina realizes that "good" versus "bad" is nothing more than a convenient illusion, and that the isolated young student in her office has learned one thing above all else: For the powerless, the ability to terrify others is powerful indeed.

A top options trader details a practical approach for pricing and trading options in any market condition The options market is always changing, and in order to keep up with it you need the greeks—delta, gamma, theta, vega, and rho—which are the best techniques for valuing options and executing trades regardless of market conditions. In the Second Edition of *Trading Options Greeks*, veteran options trader Dan Pasarelli puts these tools in perspective by offering fresh insights on option trading and valuation. An essential guide for both professional and aspiring traders, this book explains the greeks in a straightforward and accessible style. It skillfully shows how they can be used to facilitate trading strategies that seek to profit from

volatility, time decay, or changes in interest rates. Along the way, it makes use of new charts and examples, and discusses how the proper application of the greeks can lead to more accurate pricing and trading as well as alert you to a range of other opportunities. Completely updated with new material information on spreads, put-call parity and synthetic options, trading volatility, and advanced option trading is also included Explores how to exploit the dynamics of option pricing to improve your trading Having a comprehensive understanding of the greeks is essential to long-term options trading success. *Trading Options Greeks, Second Edition* shows you how to use the greeks to find better trades, effectively manage them, and ultimately, become more profitable.

The Girl from Aleppo Taschen America Llc

In this unique collection of black and white photography, acclaimed artist Gruenholtz has accomplished something very rare in male erotica. In the style of a classic fine-art photo documentarist, he captures the fascinating world of gay adult entertainment with virtuosity and sensitivity. His beautiful "behind-the-scenes" photographs, simultaneously frank and lyrical, constitute a compelling long-form portrait of Michael Lucas and his models over the course of an unprecedented year-long creative journey. Shot on location in New York, Fire Island, Puerto Vallarta and Barcelona.

A collection of the best portraits and smoking shots from the wildly popular French firefighter calendars, personally selected by creator Fred Goudon. A sensual, sexy homage to firefighters, this new volume spotlights the proud members of fire squads from all over France, who have discarded their helmets and gear to flash their best smiles and flex their muscles. Personally selected and beautifully shot by photographer Fred Goudon, the candid images from the popular 2016, 2017, 2018, 2019, 2020, and 2021 calendars offer readers the chance to fulfill their fantasies by discovering what these Gallic hunks look like underneath it all. Smoldering black-and-white and equally stunning color pictures uncover these everyday heroes in various states of undress, whether training and preparing for the call of duty or captured in gripping, intimate portraits. With their sculpted bodies on full display, this visual celebration of the masculine form, bravery, and spirited camaraderie is bound to raise the temperatures of photography aficionados everywhere.

In this first-ever showcase of his work, Gregory Heisler, one of professional photography's most respected practitioners, shares 50 iconic portraits of celebrities, athletes, and world leaders, along with fascinating, thoughtful, often humorous stories about how the images were made. From his famously controversial portrait of President George H.W. Bush (which led to the revocation of Heisler's White House clearance) to his evocative post-9/11 Time magazine cover of Rudolph Giuliani, to stunning portraits of Julia Roberts, Denzel Washington, Hillary Clinton, Michael Phelps, Muhammad Ali, and many more, Heisler reveals the creative and technical processes that led to each frame. For Heisler's fans and all lovers of photography, Gregory Heisler: 50 Portraits offers not only a gorgeous collection of both black-and-white and color portraits, but an engrossing look at the rarely seen art of a master photographer at work. With a foreword by New York City mayor Michael R. Bloomberg.

The Chronicles of Narnia Vol III: The Voyage of the Dawn Treader Penguin

The Voyage of the Dawn Treader sees Edmund and Lucy, along with their priggish cousin Eustace Scrubb, return to Narnia. Once there, they join Caspian's voyage on the ship to find the seven lords who were banished when Miraz took over the throne. As they sail toward Aslan's country at the edge of the world, they come face to face with many dangers and wonders, including the place where dreams come true. They discover that their quest is more than they imagined and that the world's end is only the beginning...

What makes photographs different from other kinds of documents that historians use to explain what happened in the past? What can photographic images do that other documents cannot? Can photography accurately depict labor? Contributors to this issue examine these questions with both fine art photography and visual archives of many kinds: state, corporate, family, trade union, ethnographic, photojournalistic, and environmental. They investigate the ways that photography has been central to both the expropriation and exploitation of labor and the potential of photography to enable new and radical approaches to historicizing the study of working peoples and labor. Articles showcase methodologically generative research that builds upon the recent boom in theoretical work in the fields of visual cultural studies and photography to reinvigorate historical studies of work.

The instant New York Times bestseller Supermodel and philanthropist Gisele Bündchen shares personal stories, insights, and photos to explore lessons that have helped shape her life. Gisele Bündchen's journey began in southern Brazil, growing up with five sisters, playing volleyball, and rescuing the dogs and cats around her hometown. In fact, she wanted to become either a professional volley player or a veterinarian. But at the age of 14, fate suddenly intervened in the form of a modeling scout, who spotted her in São Paulo. Four years later, Gisele's appearance in Alexander McQueen's memorably rain-soaked London runway show in the spring 1998 launched her spectacular career as a fashion model, and put an end to the "heroin chic" era of fashion. Since then, Gisele has appeared in almost 400 ad campaigns and on over 1200 magazine covers. She has walked in more than 470 fashion shows for the most influential brands in the world. Gisele has become an icon, leaving a lasting mark on the fashion industry. But until now, few people have gotten to know the real Gisele, a woman whose private life stands in dramatic contrast to her public image. In Lessons, she reveals for the first time who she really is and what she's learned over the past 37 years to help her live a meaningful life--a journey that takes readers from a childhood spent barefoot in small-town Brazil, to an internationally successful career, motherhood and marriage to quarterback Tom Brady. A work of great openness and vulnerability, Lessons reveals the inner life of a very public woman.

Rankin John Wiley & Sons

Past (Im)perfect Continuous. Trans-Cultural Articulations of the Postmemory of WWII presents an international and interdisciplinary approach to the comprehension of the postmemory of WWII, accounting for a number of different intellectual trajectories that investigate WWII and the Holocaust as paradigms for other traumas within a global and multidirectional context. Indeed, by exceeding the geographical boundaries of nations and states and overcoming contextual specificities, postmemory foregrounds continuous, active, connective, transcultural, and always imperfect representations of violence that engage with the alterity of other histories and other subjects. 75 years after the end of WWII, this volume is primarily concerned with the convergence between postmemory and underexamined aspects of the history and aftermath of WWII, as well as with several sociopolitical anxieties and representational preoccupations. Drawing from different disciplines, the critical and visual works gathered in this volume interrogate the referential power of postmemory, considering its transcultural interplay with various forms, media, frames of reference, conceptual registers, and narrative structures.

Read this an expansive meditation on death, grief and the limitless reach of the human spirit from the bestselling author of The Adversary

'Compelling... Carrère has the gift of speaking simply and directly of the essentials' Evening Standard Beset by arguments and the fear that things between them may be falling apart, writer Emmanuel Carrère and his partner, Hélène, journey to Sri Lanka to spend Christmas along the coast. But when the 2004 tsunami devastates the country, sweeping their friends' young daughter away, the couple are bound in their search among the dead. As further tragedy strikes back home, with the news that Hélène's sister is dying of cancer, Carrère turns his characteristic eye to the subject of these two lives, documenting the dramatic effect that their deaths have on those around them. Precise, sober, and suspenseful, Other Lives But Mine offers an intimate portrait of the fragility of life and the restorative processes of grief, that illuminates the astonishing richness of human connection.

Die Bedeutung Ludwig Wittgensteins ist unbestritten, sein Einfluss auf die Philosophie unseres Jahrhunderts größer als der irgendeines anderen Denkers unserer Zeit, und das, obwohl er zu seinen Lebzeiten nur einen einzigen philosophischen Text veröffentlicht hat, die "Logisch-philosophische Abhandlung", 1922. Das sogenannte "Big Typescript" von 1932-33 ist, seit der Veröffentlichung des "Tractatus", Wittgensteins erster Versuch, seine neueren Gedanken in einem Buch zusammenzufassen. Äußerlich erscheint es das Fertigste unter seinen Schriften: mit einem Inhaltsverzeichnis, unterteilt in 19 Kapitel mit 140 Sektionen. Doch ist es ein Fragment ohne Titel. Die umfangreichen Über- und Umarbeitungen, die Wittgenstein noch während der Schreibarbeiten beginnt, zeigen, dass das Typoskript auf dem Weg zum angestrebten Buch eher einen status nascendi darstellt, als, wie oft argumentiert, "a coherent stage of Wittgenstein's thought". Band 11 der Wiener Ausgabe stellt das "Big Typescript", die Typoskripte TS 213 sowie die TSS 214-219, sachkundig ediert vor.
