 Discover Your Passion by Asking the Right Questions. Imagine being able to finally find your passion and have complete clarity about what you were meant to do. There is a short-cut to finding your passion and that is asking the right questions. Einstein once said, "If I had an hour to solve a problem and my life depended on the solution, I would spend the first 55 minutes determining the proper question to ask; for once I know the proper question, I could solve the problem in less than five minutes." You may be asking yourself, 'Why should I focus on a question when what I really want is an answer.' It's simple. Answers come from questions and the quality of any answer is directly determined by the quality of the question. Ask the wrong question, get the wrong answer. Ask the right question, get the right answer. In a serendipitous meeting with Billy Ray Cyrus (country music singer and actor), Michelle Kulp discovered her passion simply because Billy Ray asked her the right question at the right time. Until then, she was living life in survival mode, living paycheck-to-paycheck, feeling deeply unfulfilled, purpose-less and passion-less. Within a short time after her meeting with Billy Ray she found the answer she was looking for and her entire life changed! This book is full of life-altering questions designed to uncover your passion and purpose. Here's a sample of what you'll discover in this book: Three tools to connect you to your inner wisdom so you can get the guidance you need. How time on the clock can lead you directly to your passions. The unique ways your energy is giving you hidden messages. How to know when your soul is speaking to you. Ways to break free from all the distractions so you can find your passion. Why going small can help you go big. How negatives contain important messages which can show you how to get to the positives. And so much more!

How has your answer changed since childhood to the often-asked question "What do you want to be when you grow up?" For most,

the answers tend to begin with excited seven-year-olds confidently and excitedly screaming out things like, "A basketball player!" or "A fireman!" or "A cook!" and then ten to fifteen years later those same kids are shrugging their shoulders while saying, "Not sure. Maybe something in accounting?" What happened? (Besides only growing to five foot eight and not being able to even reach the net when you jump.) When did we lose the courage to find our true calling and not just settle for what make sense in today's workforce, or what our parents pushed us toward? **Career Courage** is meant to help you conquer your fears, shed misguided ideas, and muster the strength to let go of a safe job and stage your next act. Find Your Passion - 25 Questions You Must Ask Yourself by Henri Junttila. "Following your passion is the key to happiness." Everyone has heard this advice. Few have followed it. Current society offers numerous opportunities and possibilities, but most people live a life of little fulfillment and do a job they don't like. One of the main reasons for this comes from the fact that finding one's passion is much harder than we think. For being passionate isn't simply about loving something—it's about living an intense and satisfying life. Having simple hobbies does not suffice; you must learn to truly know yourself and thus react accordingly. The 25 questions in this summary will teach you how to get there. "Is following your passion the key to personal and professional success? Your average self-help book or motivational speaker would likely respond to this question with a resounding YES and proceed to offer a detailed how-to guide to finding that passion and living up to it. Unfollow *Your Passion* does the unconventional opposite. In the spirit of Pixar's *Soul*, it encourages you to consider what you lose when you get laser-focused on a single pursuit. There is more to life than a single "spark." By narrowly focusing on the constant search for your one, defining passion—you might miss the infinite number of sparks that exist in anything and everything around you. Rich in playful banter, psychological research, and personal anecdotes, Terri Trespicio encourages you not to succumb to the pressure of defining yourself by your passion. Instead, it emboldens you to keep moving and engage passionately with your present!"

The commonly held belief that you should 'follow your passion' is flawed. Many people believe that in order to be truly happy, you need to find and follow your one and only true passion. This is a very limiting approach to passion, and one not backed up by much research. In fact, recent research in the field of positive psychology has shown that you can live a more fulfilling life by choosing to pursue your whole life with passion. This has nothing to do with monetising the one thing that you love, but finding love in what you do. Susanna Halonen, also known as the *Happyologist*, introduces a new approach to passion that enables you to take control of your happiness. By highlighting the latest research in the field, including her own, Susanna explains how you can choose to unlock the passion inside you so that you can live a more fulfilling life. The secret to living life with passion is pursuing the passionate way of being, and the five keys to that secret are individually explored and discussed in this book. Each discussion is followed by questions of self-reflection that encourage you to create your own, unique action plan to start unlocking your passion. This book is an eye opener for those who want to understand the real science behind passion. It's also a must-read for anyone who is looking for more fire, spark and positive energy in their lives and careers. Most of all, it's a tool to help you to take a more proactive approach to unearthing your best self and setting out on the path towards passionate happiness. Praise for *Screw Finding Your Passion*: "Wanting happiness and knowing how to pursue it are two different things. Scientifically, happiness is a choice, not something you find. Using new research and practical tools, Halonen helps us change the formula for how we pursue passion, allowing us to find more ways of achieving our potential and creating joy." - Shawn Achor, positive psychology researcher and *NYTimes* bestselling author of *The Happiness Advantage* "It's very clear that Susanna Halonen is passionate about her work. And it's very clear that her work can help you unlock the passion within you." - Tal Ben-Shahar, author of international bestseller *Happier* "We all have times that life seems flat and not very fulfilling. Susanna's unique stance on passion will enable us to find that love for whatever we're doing right now." - Nina Grunfeld, founder of *Life Clubs* "This idea is so important it can't be ignored." - Elliot Newsome, founder and Managing Director of *SKT Consulting*

A Practical Guide for Discovering Purpose for You and Your Team Hay House, Inc

Nonprofit leadership is messy Nonprofits leaders are optimistic by nature. They believe with time, energy, smarts, strategy and sheer will, they can change the world. But as staff or board leader, you know nonprofits present unique challenges. Too many cooks, not enough money, an abundance of passion. It's enough to make you feel overwhelmed and alone. The people you help need you to be successful. But there are so many obstacles: a micromanaging board that doesn't understand its true role; insufficient fundraising and donors who make unreasonable demands; unclear and inconsistent messaging and marketing; a leader who's a star in her sector but a difficult boss... And yet, many nonprofits do thrive. Joan Garry's *Guide to Nonprofit Leadership* will show you how to do just that. Funny, honest, intensely actionable, and based on her decades of experience, this is the book Joan Garry wishes she had when she led GLAAD out of a financial crisis in 1997. Joan will teach you how to: Build a powerhouse board Create an impressive and sustainable fundraising program Become seen as a 'workplace of choice' Be a compelling public face of your nonprofit This book will renew your passion for your mission and organization, and help you make a bigger difference in the world.
