"This revision book has everything that i wanted when I was revising my Biology for AS-Level. It has clear concise revision notes and notes pages for you to add your own notes as you go along" Myrevisionnotes is a series founded by what I thought was wrong with revision books for A-level. They simply didn't work for me and then I realised that this was because they weren't mine! Simply these revision guides are a collection of clear and concise revision notes, just what you need to know presented in an easy to read format and then notes pages so you can really make this revision guide your own, add the extra info you need or simply take it to your revision sessions and fill it with handy tips. It's yours so you should be able to make it yours!
