Gioconda Belli's poetry, widely published and revered in Latin America and Europe, celebrates the longing for a society in which humanity constructs its future, animated by an inextinguishable erotic, maternal, and transcendentally loving desire. As Salman Rushdie wrote in his book, *The Jaguar Smile: A Nicaraguan Journey*, her poetry is a "kind of public love poetry that comes clower, to expressing the passion of Nicaragua than anything I [have] yet heard."

**Under My Skin** The Country Under My Skin A Memoir of Love and War

Written to commemorate the one hundredth anniversary of the first predominantly anti-capitalist revolution in the world, Mexico's Revolution Then and Now is the perfect introductory text and one that will also sharpen the understanding of seasoned observers. Cockcroft provides readers with the

historical context within which the revolution occurred; explains how the revolutionary process has played out over the past ten decades; tells us how the ideals of the revolution live on in the minds of Mexico's peasants and workers; and critically examines the contours of modern Mexican society, including its ethnic and gender dimensions. Well-deserved attention is paid to the tensions between the rulers and the ruled inside the country and the connected tensions between the Mexican nation and the neighboring giant to the north. Mexico's Revolution Then and Now also explores the possibility of Mexico's revolutionary history finally bearing the fruit long hoped for by the country's disenfranchised—a prospect kept alive by the unyielding struggle of the last one hundred years. This is the definitive introduction to one of the most important events of the twentieth century.

Fourteen unforgettable short stories provoke, illuminate, and

startle as they explore our perception of nature and the conflict between wildness and civilization within each of us. As we are recognizing the consequences of the destruction of forests and wetlands, the pillaging of the seas, and the toxicity of industry, we are experiencing profound uncertainty about our relationship with the earth. These stellar short stories by writers such as Barry Lopez, Rick Bass, Margaret Atwood, E. L. Doctorow, Chris Offutt, and others plumb the mystery--as only fiction can--of nature within us and the world of nature that surrounds us. We are nature, in spite of our machines, our plastics, and our artificial ingredients. Yet what do we make of our own nature? Our own wildness? And how do we explain the paradox of our urge to both exploit and protect wilderness? From E. L. Doctorow's shattering tale, "Willi," in which a young boy witnesses adults transformed into animals by the frenzy of sexual lust, to Rick Bass's "Swamp Boy," whose young hero is hounded by a pack of boys incensed by his solitary communion with the wild, to Margaret Atwood's wickedly funny story, "My Life as a Bat," or Kent Meyers's soulful ballad of love regained, "The Heart of the Sky," these memorable stories articulate our deep need for wilderness and the indelible role nature plays in our psychological and spiritual well-being.

Maleeka suffers every day from the taunts of the other kids in her class. If they're not getting at her about her homemade clothes or her good grades, it's about her dark, black skin. When a new teacher, whose face is blotched with a startling white patch, starts at their school, Maleeka can see there is bound to be trouble for her too. But the new teacher's attitude surprises Maleeka. Miss Saunders loves the skin she's in. Can Maleeka learn to do the same?

Over the past forty years, recognition has become the dominant mode of negotiation and decolonization between the nation-state and Indigenous nations in North America. The term "recognition" shapes debates over Indigenous cultural distinctiveness, Indigenous rights to land and self-government, and Indigenous peoples' right to benefit from the development of their lands and resources. In a work of critically engaged political theory, Glen Sean Coulthard challenges recognition as a method of organizing difference and identity in liberal politics, questioning the assumption that contemporary difference and past histories of destructive colonialism between the state and Indigenous peoples can be reconciled through a process of acknowledgment. Beyond this, Coulthard examines an alternative politics—one that seeks to revalue, reconstruct, and redeploy Indigenous cultural practices based on self-recognition rather than on seeking appreciation from the very agents of colonialism. Coulthard demonstrates how a "place-based" modification of Karl Marx's theory of "primitive accumulation" throws light on Indigenous-state relations in settler-colonial contexts and how Frantz Fanon's critique of colonial recognition shows that this relationship reproduces itself over time. This framework strengthens his exploration of the ways that the politics of recognition has come to serve the interests of settler-colonial power. In addressing the core tenets of Indigenous resistance movements, like Red Power and Idle No More, Coulthard offers fresh insights into the politics of active decolonization.

Little, Brown Books for Young Readers

From award-winning and best-selling gay-fiction author M.L. Rhodes... Now merged together in one paperback volume, readers can enjoy the first two parts in the sizzling Under My Skin series! In Under My Skin... Sebastian Keller's been called "the smart guy" most of his life. Though he hasn't always appreciated the label, and it hasn't exactly made him a man magnet, he's put his intelligence to work building his store, Great Escapes Travel Book Shop, to the point it's now the favorite recommendation of travel agents in the St. Louis area. His customers love him for his extensive knowledge and his amiable personality. He doesn't feel very amiable, however, when Rad Tattoos moves in next door to Great Escapes. Its owner, Dylan Radamacher, rubs Sebastian the wrong way from the get-go. The man's insufferable, stubborn, and worse, a bad boy. Everything Sebastian loathes! And yet, much to his annoyance, the teasing sparkle in Dylan's eyes, his hot, inked body, and come-hither voice set Sebastian's libido on fire. Sebastian's been there, done that with the bad-boy type before, though, and almost lost everything because of it. There's no way he's going down that road again. Yet when Dylan sets his sights on Sebastian and is determined to take him for a walk on the wild side, Sebastian knows he's in big trouble. It's going to take all his smarts and a whole lot of willpower to resist the sexy tattoo artist before the man finds a way to burrow deeper under his skin... And the story continues in Under My Skin II... For two months things between Sebastian and Dylan have been sinfully spectacular, and Sebastian hates to rock the boat. But the truth is, in spite of his own commitment issues, he's fallen in love with the sexy tattooist. Dylan, on the other hand, seems determined to avoid the "L" word at all costs. As their relationship shifts toward the serious side, can the guys overcome their fears and take the steps that will bring them the kind of love that lasts a lifetime? Or will their old baggage come back to haunt them and tear them apart for good?

Lavinia is The Inhabited Woman: accomplished, independent, and fiercely modern. She is sheltered and self-involved, until the spirit of an Indian woman warrior enters her being, then she dares to join a revolutionary movement against a violent dictator and—through the power of love—finds the courage to act. The Wisconsin edition is for sale only in North America.

The story of three generations in twentieth-century China that blends the intimacy of memoir and the panoramic sweep of eyewitness history—a bestselling classic in thirty languages with more than ten million copies sold around the world, now with a new introduction from the author. An engrossing record of Mao's impact on China, an unusual window on the female experience in the modern world, and an inspiring tale of courage and love, Jung Chang describes the extraordinary lives and experiences of her family members: her grandmother, a warlord's concubine; her mother's struggles as a young idealistic Communist; and her parents' experience as members of the Communist elite and their ordeal during the Cultural Revolution. Chang was a Red Guard briefly at the age of fourteen, then worked as a peasant, a "barefoot doctor," a steelworker, and an electrician. As the story of each generation unfolds, Chang captures in gripping, moving—and ultimately uplifting—detail the cycles of violent drama visited on her own family and millions of others caught in the whirlwind of history.

A Fine Balance, Rohinton Mistry's stunning internationally acclaimed bestseller, is set in mid-1970s India. It tells the story of

four unlikely people whose lives come together during a time of political turmoil soon after the government declares a "State of Internal Emergency." Through days of bleakness and hope, their circumstances - and their fates - become inextricably linked in ways no one could have foreseen. Mistry's prose is alive with enduring images and a cast of unforgettable characters. Written with compassion, humour, and insight, *A Fine Balance* is a vivid, richly textured, and powerful novel written by one of the most gifted writers of our time.

In 1972 Lorene Cary, a bright, ambitious black teenager from Philadelphia, was transplanted into the formerly all-white, all-male environs of the elite St. Paul's School in New Hampshire, where she became a scholarship student in a "boot camp" for future American leaders. Like any good student, she was determined to succeed. But Cary was also determined to succeed without selling out. This wonderfully frank and perceptive memoir describes the perils and ambiguities of that double role, in which failing calculus and winning a student election could both be interpreted as betrayals of one's skin. *Black Ice* is also a universally recognizable document of a woman's adolescence; it is, as Houston Baker says, "a journey into selfhood that resonates with sober reflection, intelligent passion, and joyous love."

Central Americans are one of the largest Latino population groups in the United States. Yet, Arturo Arias argues, the cultural production of Central Americans remains little known to North Americans. In *Taking Their Word*, Arias complicates notions of the cultural production of Central America, from Mexico in the North to Panama in the South. He charts the literature of Central America's liberation struggles of the 1970s and 1980s, its transformation after peace treaties were signed, the emergence of a new Maya literature that decenters Latin American literature written in Spanish, and the rise and fall of testimonio. Arias demonstrates that Central America and its literature are marked by an indigenism that has never before been fully theorized or critically grasped. Never one to avoid controversy, Arias proffers his views of how the immigration of Central Americans to North America has changed the cultural topography of both zones. With this groundbreaking work, Arias establishes the importance of Central American literature and provides a frame for future studies of the region's culture. Arturo Arias is director of Latin American studies at the University of Redlands. He is the author of six novels in Spanish and editor of *The Rigoberta Menchú Controversy* (Minnesota, 2001).

Lives don't get much more passionately driven than that of the Nicaraguan revolutionary Gioconda Belli. She was educated by nuns and lived a life of privilege as a child and well-heeled society girl until she made the choice to join the Sandinistas in her twenties to serve and then lead in their underground resistance. If part of her wanted to fulfil society's classic code of femininity and produce four children (which she did), there was also part that wanted the privileges of men - the freedom to carry out clandestine operations, to forge the Sandinista resistance effort even with toddler and infant in tow. 'Conspiracy came easy to me,' confesses Belli. She hid political pamphlets from her first husband as she hid her love affairs with remarkable men. From Nicaragua to Cuba where she locked horns with Castro, to exile in Costa Rica where she organized an underground network, back to a triumphant if shortlived Sandinista government where she was in charge of State television, Gioconda Belli's life crackles on the

page. *THE COUNTRY UNDER MY SKIN* is a unique blend of real-life intrigue - political and romantic - and hard-won wisdom.

Journalist Walls grew up with parents whose ideals and stubborn nonconformity were their curse and their salvation. Rex and Rose Mary and their four children lived like nomads, moving among Southwest desert towns, camping in the mountains. Rex was a charismatic, brilliant man who, when sober, captured his children's imagination, teaching them how to embrace life fearlessly. Rose Mary painted and wrote and couldn't stand the responsibility of providing for her family. When the money ran out, the Walls retreated to the dismal West Virginia mining town Rex had tried to escape. As the dysfunction escalated, the children had to fend for themselves, supporting one another as they found the resources and will to leave home. Yet Walls describes her parents with deep affection in this tale of unconditional love in a family that, despite its profound flaws, gave her the fiery determination to carve out a successful life. --

Bristling with intelligence and shimmering with romance, this novel tests the boundary between history and myth. Patrick Lewis arrives in Toronto in the 1920s and earns his living searching for a vanished millionaire and tunneling beneath Lake Ontario. In the course of his adventures, Patrick's life intersects with those of characters who reappear in Ondaatje's Booker Prize-winning *The English Patient*. 256 pp.

Stories of Wildness Simon and Schuster

The acclaimed memoir of homosexual Cuban author Reinaldo Arenas chronicling his tumultuous yet luminary life, from his impoverished upbringing in Cuba to his imprisonment at the hands of a Communist regime. A Penguin Vitae Edition The astonishing memoir by visionary Cuban writer Reinaldo Arenas "is a book above all about being free," said *The New York Review of Books*--sexually, politically, artistically. Arenas recounts a stunning odyssey from his poverty-stricken childhood in rural Cuba and his adolescence as a rebel fighting for Castro, through his suppression as a writer, imprisonment as a homosexual, his flight from Cuba via the Mariel boat lift, and his subsequent life and the events leading to his death in New York. In what *The Miami Herald* calls his "deathbed ode to eroticism," Arenas breaks through the code of secrecy and silence that protects the privileged in a state where homosexuality is a political crime. Recorded in simple, straightforward prose, this is the true story of the Kafkaesque life and world re-created in the author's acclaimed novels. Penguin Classics launches a new hardcover series with five American classics that are relevant and timeless in their power, and part of a dynamic and diverse landscape of classic fiction and nonfiction from almost seventy-five years of classics publishing. Penguin Vitae provides readers with beautifully designed classics that have shaped the course of their lives, and welcomes new readers to discover these literary gifts of personal inspiration, intellectual engagement, and creative originality.

The Inhabited Woman Vintage Canada

Tras casarse muy joven y ser madre, Gioconda Belli se unió al clandestino y emergente movimiento Sandinista, sustituyendo su deseo de ser una buena esposa por la necesidad de vivir una vida plena y comprometida con los cambios sociales en su país.

Irónicamente, su pertenencia a la burguesía y su carrera como poeta renombrada, le brindaron la fachada que le permitió funcionar, secretamente, como rebelde. Desde su infancia en Managua y sus encuentros iniciales con poetas y revolucionarios, a persecuciones urbanas, reuniones con Fidel Castro, relaciones

amorosas truncadas por la muerte o el exilio en México y Costa Rica, hasta su inesperado matrimonio con un periodista norteamericano, la historia de Gioconda Belli es tanto la de una mujer que se descubre a sí misma, como la de una nación que forja su destino.
