This stunning fantasy inspired by Chinese folklore is a companion novel to *Starry River of the Sky* and the New York Times bestselling and National Book Award finalist *When the Sea Turned to Silver*. In the valley of Fruitless mountain, a young girl named Minli lives in a ramshackle hut with her parents. In the evenings, her father regales her with old folktales of the Jade Dragon and the Old Man on the Moon, who knows the answers to all of life's questions. Inspired by these stories, Minli sets off on an extraordinary journey to find the Old Man on the Moon to ask him how she can change her family's fortune. She encounters an assorted cast of characters and magical creatures along the way, including a dragon who accompanies her on her quest for the ultimate answer. Grace Lin, author of the beloved *Year of the Dog* and *Year of the Rat* returns with a wondrous story of adventure, faith, and friendship. Beautiful Moon Simon and Schuster
In this classic of children's literature, beloved by generations of readers and listeners, the quiet poetry of the words and the gentle, lulling illustrations combine to make a perfect book for the end of the day. In a great green room, tucked away in bed, is a little bunny. "Goodnight room, goodnight moon." And to all the familiar things in the softly lit room—to the picture of the three little bears sitting on chairs, to the clocks and his socks, to the mittens and the kittens, to everything one by one—the little bunny says goodnight. One of the most beloved books of all time, *Goodnight Moon* is a must for every bookshelf and a time-honored gift for baby showers and other special events.

The Moon Shines Down Macmillan
The author of the critically acclaimed *Wife 22* has written a captivating novel about a love that transcends time—perfect for readers of *The Time Traveler's Wife*, *Time and Again*, and the novels of Alice Hoffman. San Francisco, 1975. A single mother, Lux Lysander is overwhelmed, underpaid, and living on the edge of an emotional precipice. When her adored five-year-old son goes away to visit his grandparents, Lux takes

a solo trip to Sonoma Valley—a chance to both lose herself and find herself again. Awakened at midnight, Lux steps outside to see a fog settled over the Sonoma landscape. Wandering toward a point of light in the distance, she emerges into a meadow on a sunny day. There she meets a group of people whose sweetly simple clothing, speech, and manners almost make them seem as if they are from another time. And then she realizes they are. Lux has stumbled upon an idyllic community cut off not only from the rest of the world but from time itself. The residents of Greengage tell a stunned and disoriented Lux that they've somehow been marooned in the early twentieth century. Now that she has inexplicably stepped into the past, it is not long before Lux is drawn in by its peace and beauty. Unlike the people of Greengage, Lux discovers that she is able to come and go. And over the years, Lux finds herself increasingly torn between her two lives. Her beloved son is very much a child of the modern world, but she feels continually pulled back to the only place she has ever truly felt at home. A gorgeous, original, and deeply moving novel about love and longing and the power that time holds over all of us, *Valley of the Moon* is unforgettable. Praise for *Valley of the Moon* "The literary equivalent of a farm-to-table delicacy: lovingly handcrafted, delectable and transcendent, becoming more than just a tasty appetizer but a full-course experience of love and time and all the mystical beauty that the region has to offer." —San Francisco Chronicle "Beautifully written . . . [*Valley of the Moon* is] a wonderful story about belonging, love and the aching certainty that there's something more out there . . . sure to appeal to fans of *Time* and

Again or The Time Traveler's Wife."—Shelf Awareness (starred review) "With lovely shades of The Time Traveler's Wife, Valley of the Moon is a magical, cinematic novel, breathlessly romantic and alive with the love of language."—Sarah Addison Allen "An enjoyable magic carpet ride . . . This update of Brigadoon is recommended because of its well-crafted twists and thought-provoking insights into different times and cultures."—Historical Novels Review "A propulsive and at times deeply suspenseful novel . . . [Valley of the Moon] offer[s] powerful and perceptive considerations about the passage of time, the shape of our lives and the often unintended effects our actions have on the people and communities around us."—Bookreporter

The Moon Shines Down by Margaret Wise Brown Illustrated by Linda Bleck
Forgotten for decades in a dusty, tucked-away trunk, *The Moon Shines Down* brings to life once more the unmistakable voice of Margaret Wise Brown. This soon-to-be classic allows a whole new generation of children to discover, cherish, and enjoy the artistry of this beloved author. Never before published, *The Moon Shines Down* on children all over the world from right next door to across the sea, from where "a Dutch boy dreams" and "cowbells ring" to "across the sea in the Far, Far East", through the familiar prayer: I see the Moon And the Moon sees me. God bless the Moon, And God bless me.

Margaret Wise Brown (1910–1952) was a pioneer of children’s literature, choosing to write the stories that children wanted to hear—rather than those that grown-ups wanted to tell. She is best known for her now classic *Good Night Moon* and *Runaway Bunny*, which remain among the world’s best-selling children’s books. Margaret was a prolific writer, and, at the peak of her career, she had over 100 books in print. Her untimely death left numerous manuscripts and ideas behind in various stages of completion. After a time, these were tucked away in a cedar trunk and largely forgotten. It is from this forgotten trunk that *The Moon Shines Down* was rescued. Illustrator Linda Bleck began her artistic career as a child, drawing on rolls of old blueprint paper supplied by her architect father. Later, she helped her mother, a freelance illustrator for Hallmark, paint in the details of her intricate drawings. Linda’s work has appeared in *The New Yorker*, *Time Magazine*, and the *Wall Street Journal*. She is also the writer and illustrator of the “Pepper the Dog” series, which won the National Parenting Publication Award. Linda and her family now live in southern Wisconsin . . . where the moon shines down on them, one and all. *The Story Behind the Lost Manuscript . . . The Moon Shines Down* from MARGARET WISE BROWN, the Author of *Goodnight Moon* *The Moon Shines Down* is being published for the first time 56 years after the death of the beloved children’s author Margaret Wise Brown. Amazingly, this unpublished manuscript lay incomplete and forgotten in a cedar trunk in a Vermont barn. When it was discovered, the onionskin paper had yellowed and the paperclips that held the pages together had rusted. Children’s book publisher, Laura Minchew, a longtime fan of Brown, took

on the challenge to complete the work. Based on the New England Sampler prayer, “God Bless the Moon and God Bless Me,” this soon-to-be bedtime classic is a prayer for God’s blessing on all the world’s children.

"It was during my eighth or ninth plant medicine journey that I was finally getting a real sense of freedom. I was feeling so elated that I told the moon I had a special request. I explained that this life had been so full of pain for me that I didn't think I could do it all again. So I asked her if in my next life she could make sure that I found the plant medicine as soon as possible. Her reply floored me. She typed, 'Gerry, that's a request about next time, but it's the same one you used last time.'" Plant medicine? The moon typing? It probably seems incomprehensible. Gerard Armond Powell was a rags-to-riches success story—a member of the 1 percent—but also an extremely unhappy person with multiple addictions. On a fast track to destroying every relationship that ever mattered to him and considering suicide, he was looking for a miracle, a way out. He found it in

the form of plant medicine and a shaman who introduced him to the truth of his life, and laid the groundwork for a psycho-spiritual journey that would lead him to reconnect with his soul, heal his addictions, and, finally, achieve a lasting sense of peace and happiness. This experience changed Powell, and convinced him to share the universal truths he learned with as many people as he could, which he does at the acclaimed Rythmia Life Advancement Center in Costa Rica, and now with readers in *Sh*t the Moon Said*. This mesmerizing story gives readers a blueprint to chart their own course to happiness. The first step is to learn who they really are and the possibilities of what they can still become. Second, they have to achieve a reconnection with their souls. And third, they must heal their hearts. *Sh*t the Moon Said* provides us with an irreverent way of highlighting our shared unconscious wisdom and its life-changing potential. Powell's candid tale and unlikely journey will help inspire readers to know themselves better, and to find the path to their own greatest redemption.
