Profound reflections on the cross that help you to meditate on and marvel at the sacrificial love of Jesus. This book can be used as a devotional, especially during Lent and Easter. These profound reflections on the cross from David Mathis, author of *The Christmas We Didn't Expect*, will help you to meditate on and marvel at Jesus' life, sacrificial death, and spectacular resurrection-enabling you to treasure anew who Jesus is and what he has done. Many of us are so familiar with the Easter story that it becomes easy to miss subtle details and difficult to really enjoy its meaning. This book will help you to pause and marvel at Jesus, whose now-glorified wounds are a sign of his unfailing love and the decisive victory that he has won: "He was pierced for our transgressions, he was crushed for our iniquities; the punishment that brought us peace was on him, and by his wounds we are healed." (Isaiah 53:5) This book can be used as a devotional. The chapters on Holy Week make it especially helpful during the Lent season and at Easter.

This extract from the Eerdmans Commentary on the Bible provides Jarik and Rogerson's introduction to and concise commentary on Ecclesiastes and Song of Songs. The Eerdmans Commentary on the Bible presents, in nontechnical language, the best of modern scholarship on each book of the Bible, including the Apocrypha. Reader-friendly commentary complements succinct summaries of each section of the text and will be valuable to scholars, students, and general readers. Rather than attempt a verse-by-verse analysis, these volumes work from larger sense units, highlighting the place of each passage within the overarching biblical story. Commentators focus on the genre of each text—parable, prophetic oracle, legal code, and so on—interpreting within the historical and literary context. The volumes also address major issues within each biblical book—including the range of possible interpretations—and refer readers to the best resources for further discussions.

Everyone worships. But Jesus tells us that God is seeking a particular kind of worshiper. In *True Worshipers*, a seasoned pastor and musician guides readers toward a more engaging, transformative, and biblically faithful understanding of the worship God is seeking. True worship is an activity rooted in the grace of the gospel that affects every area of our lives. And while worship is more than just singing, God's people gathering in his presence to lift their voices in song is an activity that is biblically based, historically rooted, and potentially life-changing. Thoroughly based in Scripture and filled with practical guidance, this book connects Sunday worship to the rest of our lives—helping us live as true worshipers each and every day.

What Does God Think about Technology? From smartphones to self-driving cars to space travel, new technologies can inspire us. But the breakneck pace of change can also frighten us. So how do Christians walk by faith through the innovations of Silicon Valley? And how does God relate to our most powerful innovators? To build a biblical theology of technology, journalist and tech optimist Tony Reinke examines nine key texts from Scripture to show how the world's discoveries are divinely orchestrated. Ultimately, what we believe about God determines how we respond to human invention. With the help of several theologians and inventors throughout history, Reinke dispels twelve common myths in the church and offers fourteen ethical convictions to help Christians live by faith in the age of big tech. *Biblical, Informed Look at Technology: Written by the author of 12 Ways Your Phone Is Changing You and Competing Spectacles: Treasuring Christ in the Media Age Gathers Ideas from Industry Experts and Theologians: Interacts with Christian and non-Christian sources on technology and theology including John Calvin, Herman Bavinck, Wendell Berry, and Elon Musk Educational: Discusses the history and philosophy behind major technological innovations*

Through a nationwide survey, the authors of this study conclude that US Evangelicals may actually be preserving the racial chasm, not through active racism, but because their theology hinders their ability to recognise systematic injustice.
