GRADE 5 • MODULE 5 Grade 7 Mathematics Module 1: Ratios and Proportional Relationship. In this 30-day Grade 7 module, students build upon sixth grade reasoning of ratios and rates to formally define proportional relationships and the constant of proportionality. Grade 7 Mathematics Module 1 | EngageNY Algebra I Module 1 In this module students analyze and explain precisely the process of solving an equation. Through repeated reasoning, students develop fluency in writing, interpreting, and translating between various forms of linear equations and inequalities and make conjectures about the form that a linear equation might take in a solution to a problem.
