Prentice Hall Professional

Meet Tannie Maria: She's fifty-something, short and soft (perhaps a bit too soft in the wrong places) with brown curls and untidy Afrikaans. She is also the agony aunt for the local paper, the Klein Karoo Gazette. One day, her life takes a sinister turn when a woman in the area is murdered and she becomes entangled in the investigation ... to the intense irritation of a handsome local policeman. But what else will this amateur detective uncover in a small town marinated in secrets? Warm, poignant and entertaining, Sally Andrew's delightful heroine blends together intrigue, romance and cooking in this irresistible new mystery, complete with a few mouth-watering recipes.

A journey into the heart of this vast region suits the explorer; those souls tired of the humdrum of city routine; those who want to discover random yet fascinating things in way out places, taking detours en route. If you are a traveller rather than a tourist, a participant rather than a spectator, you will get the most out of this guide. Yet the area is so large and diverse that it undoubtedly holds something for everyone. With highlights, interesting facts, tips and tons of contacts, written in an easy-to-read style, this is a must-read. Steve Moseley & Brent Naudé live deep in the Karoo where they have spent the past eight years writing and photographing the region. They have developed a great love and respect for its natural and historical heritage, its people and culture, all of which has nurtured in them country values and a simpler way of life. Their work has appeared in national and international magazines and newspapers. Years of travel and research throughout this region have formed the basis of this book.

It's very rare that a book can mean so much for professional sporting; Prof. Dr. Jan Olbrecht's book does! - He has a Ph. D. in physiology and biomechanics and is training adviser to numerous world class athletes - His method is based upon careful planning and a unique method of lactate testing to assess and optimize the athlete's conditioning and potential - His book should be considered as a manual for the modern coach who wants to know before planning and periodizing what kind of conditioning adaptations he may expect - It provides knowledge and shares experience in a very understandable and applicable to every training situation - It advances some new important concepts, most notably that training at anaerobic threshold speeds is not the most effective way to improve aerobic endurance and that aerobic and anaerobic metabolism must be developed to

optimum, not maximum, levels in order to perform well in competition. (Based on refined outcomes following a re-analysis of the characteristics of anaerobic capacity exercises, some changes have been made regarding their description for long distance swimmers in comparison with previous publications (see Classification of Training Exercises).

As seen on Foxtel's Logie winning The Good Cop and Channel 7's Homicide with Ron Iddles 'A - Assume nothing. B - Believe nothing. C - Check everything.' Ron Iddles In an incredible twenty-five year career as a homicide detective, Ron Iddles' conviction rate was 99%. Yet that only partly explains why Iddles is known to cops and crims alike as 'The Great Man'. Tough, inventive and incorruptible, stoic in the face of senseless horror yet unafraid to shed tears for a victim, Ron has applied his country cunning and city savvy to over 320 homicide cases - some of them the most infamous, compelling and controversial crimes in the nation's history. To the victims of crime, Ron is both a shoulder to cry on and an avenging angel. Ron Iddles never gave up on a 'lost' cause. He became a regular on the nightly news - the dogged face of Australian justice. Working long hours, dodging bullets, chasing leads and outwitting killers, Ron would tell his teams: 'The answer is just one call away'. And in 2015, that belief saw him crack Victoria's oldest unsolved homicide, yet another remarkable feat in a life devoted to keeping the public safe. This is the extraordinary inside story of a real crime crusader. Ron Iddles. The Good Cop.
