The Secret Garden (1911) tells an inspirational tale of transformation and empowerment. Mary Lennox, a sickly and contrary little girl, is orphaned to dim prospects in a gloomy English manor - her only friend is a bed-ridden boy named Colin whose prospects may be dimmer than hers. But when Mary finds the key to a Secret Garden, the magical powers of transformation fall within her reach. A Little Princess (1905) Sara Crewe, a pupil at Miss Minchin's London school, is left in poverty when her father dies, but is later rescued by a mysterious benefactor. Little Lord Fauntleroy (1886). Cedric Errol is a poor American boy who finds out that he is the sole heir to a wealthy British earldom and thus becomes Lord Fauntleroy. The Making of a Marchioness (1901) It was originally published in two parts: the first tells the fairy tale-like story of how our heroine, Emily Fox-Seton, became the Marchioness of Walderhurst. The second, originally titled The Methods of Lady Walderhurst, is a down-to-earth portrayal of the realities of Victorian marriage, with a bit of a Victorian sensation vibe to it. Frances Eliza Hodgson Burnett (1849 - 1924) was an English-American playwright and author. She is best known for her children's stories, in particular Little Lord Fauntleroy , A Little Princess, and The Secret Garden.

The inspirational story of George Washington Carver and his childhood secret garden is brought to life in this picture book biography by the author-illustrator team behind Muhammad Ali: A Champion Is Born. When George Washington Carver was just a young child, he had a secret: a garden of his own. Here, he rolled dirt between his fingers to check if plants needed more rain or sun. He protected roots through harsh winters, so plants could be reborn in the spring. He trimmed flowers, spread soil, studied life cycles. And it was in this very place that George's love of nature sprouted into something so much more--his future. Gene Barretta's moving words and Frank Morrison's beautiful paintings tell the inspiring life and history of George Washington Carver, from a baby born into slavery to celebrated botanist, scientist, and inventor. His passion and determination are the seeds to this lasting story about triumph over hardship--a tale that begins in a secret garden.

In *The Mikado* to *Matilda*: British Musicals on the New York Stage, Thomas Hischak provides an overview of British musicals that made their way to Broadway, covering their entire history up to the present day. This is the first book to look at the British musical theatre with reference to those London musicals that were also produced in New York City. The book covers 110 British musicals, ranging from 1750 to the present day, including the popular Gilbert and Sullivan comic operettas during the Victorian era, the Andrew Lloyd Webber mega-musicals of the late twentieth century, and today's biggest hits such as *Matilda*. Each London musical is discussed first as a success in England and then how it fared in America. The plots, songs, songwriters, performers, and producers for both the West End and the Broadway (or Off Broadway) production are identified and described. The discussion is sometimes critical, evaluating the musicals and why they were or were not a success in New York.

Can a woman ever really know herself if she doesn't know her mother? From the author of the smash-hit bestseller *Firefly Lane* and *True Colors* comes Kristin Hannah's powerful, heartbreaking novel that illuminates the intricate mother-daughter bond and explores the enduring links between the present and the past Meredith and Nina Whitson are as different as sisters can be. One stayed at home to raise her children and manage the family apple orchard; the other followed a dream and traveled the world to become a famous photojournalist. But when their beloved father falls ill, Meredith and Nina find themselves together again, standing alongside their cold, disapproving mother, Anya, who even now, offers no comfort to her daughters. As children, the only connection between them was the Russian fairy tale Anya sometimes told the girls at night. On his deathbed, their father extracts a promise from the women in his life: the fairy tale will be told one last time—and all the way to the end. Thus begins an unexpected journey into the truth of Anya's life in war-torn Leningrad, more than five decades ago. Alternating between the past and present, Meredith and Nina will finally hear the singular, harrowing story of their mother's life, and what they learn is a secret so terrible and terrifying that it will shake the very foundation of their family and change who they believe they are.

Henrik Ibsen is known as one of the four great Norwegian writers, and his poem "Terje Vigen" ranks among his notable works. The poem is believed to have been inspired by verbal accounts that Ibsen got during the time he lived in Grimstad in his youth. Verbal accounts about the hardships the people in the area had to suffer during the Napoleonic wars, when British ships sieged Norwegian ports. The blockade lasted from 1807 to 1814, and brought poverty to Norway. A poverty which caused people to start dying from starvation. The dire circumstances even compelled many impoverished Norwegians to row over to Denmark to get food, in order to save themselves and their families from starvation. Many of whom were captured and imprisoned. This forms well-known historical facts. The poem revolves around these historical facts. It tells a tale about how the common and poor Norwegians were impacted by these events. In the poem, Terje Vigen must row to Denmark in order to provide the life-saving food his family needs. But as he is about to arrive home in Norway on his way back, he is captured by a patrolling ship, and taken prisoner in England. Terje Vigen spends five years in prison, and when he gets back to Norway afterwards, he learns what has happened to his family while he was in prison. Later in the poem, Terje Vigen encounters the captain of the ship that took him captive, and Terje gets a chance to take revenge for the losses and grievances the imprisonment imposed on him. Though this poem is based on real life events, there exists no solid proof that a man named Terje Vigen ever existed who did all the things accounted for in the poem. The poem must therefore, even if it is based on knowledge of real-life events, be

categorized as a fictional work of literature. But even if this work of literature remains a fictional one, it nonetheless provides an opportunity to imagine how life was for some of the people impacted by this event in history. And if we further keep in mind that life in Norway, for the majority of the population, throughout centuries has been a life of mere subsistence, we can let ourselves be persuaded that this poem not only provides an artistic rendition of the life and events of the possibly fictitious Terje Vigen and those taking place in the poem in particular, but paints a picture of life as it historically has been for many Norwegians in general.

Shots rang out in Savannah's grandest mansion in the misty, early morning hours of May 2, 1981. Was it murder or self-defense? For nearly a decade, the shooting and its aftermath reverberated throughout this hauntingly beautiful city of moss-hung oaks and shaded squares. John Berendt's sharply observed, suspenseful, and witty narrative reads like a thoroughly engrossing novel, and yet it is a work of nonfiction. Berendt skillfully interweaves a hugely entertaining first-person account of life in this isolated remnant of the Old South with the unpredictable twists and turns of a landmark murder case. It is a spellbinding story peopled by a gallery of remarkable characters: the well-bred society ladies of the Married Woman's Card Club; the turbulent young redneck gigolo; the hapless recluse who owns a bottle of poison so powerful it could kill every man, woman, and child in Savannah; the aging and profane Southern belle who is the "soul of pampered self-absorption"; the uproariously funny black drag queen; the acerbic and arrogant antiques dealer; the sweet-talking, piano-playing con artist; young blacks dancing the minuet at the black debutante ball; and Minerva, the voodoo priestess who works her magic in the graveyard at midnight. These and other Savannahians act as a Greek chorus, with Berendt revealing the alliances, hostilities, and intrigues that thrive in a town where everyone knows everyone else. *Midnight in the Garden of Good and Evil* is a sublime and seductive reading experience. Brilliantly conceived and masterfully written, this enormously engaging portrait of a most beguiling Southern city has become a modern classic.

This book tells the classic story of Mary, who after losing her parents comes to live with her uncle in an English great house. When she gets there, she makes two friends: Dickon, a boy who talks with nature, and Colin, a poor boy who despite being a lord lives in isolation because of an illness. This friendship will lead to the discovery of a great secret: a forbidden garden, surrounded by walls and locked with a missing key, whose mystery goes back to a hidden accident. Decided to bring this garden back to life, Mary will join forces with her friends and walk into a path known today as a beautiful metaphor for the journey of self-awareness and awakening to the world. Written in 1911 by Frances Hodgson Burnett, a great author recognized for her success and independence, this work inspired various plays and movies and remains as vivid as the life brought out of it.

This is the first book to systematically describe the range of approaches used in music imagery and Guided Imagery and Music across the lifespan, from young children through to palliative care with older people. Covering a broad spectrum of client populations and settings, international contributors present various adaptations of the Bonny Method of Guided Imagery to accommodate factors such as time restraints, context (including hospitals, schools, and the wider community), client symptomology, and the increasing use of more contemporary music. Each chapter presents a

different model and includes background information on the client group, the type of approach, elements of approach (including length of the session, choice of music, verbal interventions during the music, and discussion of the experience), and theoretical orientation and intention. A nomenclature for the range of approaches is also included. This information will be a valued guide for both practitioners and students of Guided Imagery and Music and receptive methods of music therapy.
