 equated

modern American culture with 'space, speed, cinema, technology' he could just as easily have added that the road movie is its supreme emblem. The contributors explore how the road movie has confronted and represented issues of nationhood, sexuality, gender, class and race. They map the generic terrain of the road movie, trace its evolution on American television as well as on the

big screen from the 1930s through the 1980s, and, finally, consider road movies that go off the road, departing from the US landscape or travelling on the margins of contemporary American culture. Movies discussed include: * Road classics such as *It Happened One Night*, *The Grapes of Wrath*, *The Wizard of Oz* and the *Bob Hope-Bing Crosby Road to films* * 1960's

reworkings of the road movie in *Easy Rider* and *Bonnie and Clyde* * Russ Meyer's road movies: from *Motorpsycho!* to *Faster Pussycat! Kill!  Over the century that has passed since the start of the massive post-revolutionary exodus, Russian literature has thrived in multiple locations around the globe. What happens to cultural vocabularies, politics of identity, literary canon and language when writers transcend the metropolitan and national boundaries and begin to negotiate new

experience gained in the process of migration?
 Redefining Russian Literary Diaspora, 1920-2020 sets a new agenda for the study of Russian diaspora writing, countering its conventional reception as a subsidiary branch of national literature and reorienting the field from an excessive emphasis on the homeland and origins to an analysis of transnational circulations that shape

extraterritorial cultural practices. Integrating a variety of conceptual perspectives, ranging from diaspora and postcolonial studies to the theories of translation and self-translation, World Literature and evolutionary literary criticism, the contributors argue for a distinct nature of diasporic literary expression predicated on hybridity, ambivalence and a sense of multiple belonging. As the complementary case studies demonstrate, diaspora narratives consistently recode historical memory, contest the mainstream discourses of Russianness, rewrite received cultural tropes and explore topics that have remained marginal or taboo in the homeland. These diverse discussions are framed by a focused examination of diaspora as a methodological perspective and its relevance for the modern human condition.

"A riveting reimaging of a true tale of forbidden love."--People Now in paperback, the captivating novel following the exploits of Kathleen "Kick" Kennedy, the forgotten and rebellious daughter of one of America's

greatest political dynasties. London, 1938. The effervescent "It girl" of London society since her father was named the ambassador, Kathleen "Kick" Kennedy moves in rarefied circles, rubbing satin-covered elbows with some of the twentieth century's most powerful figures. Eager to escape the watchful eye of her strict mother, Rose; the antics of her older

brothers, Jack and Joe; and the erratic behavior of her sister Rosemary, Kick is ready to strike out on her own and is soon swept off her feet by Billy Hartington, the future Duke of Devonshire. But their love is forbidden, as Kick's devout Catholic family and Billy's staunchly Protestant one would never approve their match. And when war breaks like a tidal wave across her

world, Billy is ripped from her arms as the Kennedys are forced to return to the States. Kick finds work as a journalist and joins the Red Cross to get back to England, where she will have to decide where her true loyalties lie--with family or with love. . . . This collection of twenty essays reflects the ethical and political questions facing artists and ranges from scholarly

reporting to comic strips *1972 Activities Culture America* (Hardcover) "Some women make headlines; an icon defies them. A vivid reimagining of the exhilarating and sensationalized life of Princess Grace of Monaco from the acclaimed author of *The Kennedy Debutante*. Hungry for her art and hopeful for the future, young Grace Kelly has the world at her feet. MGM's rising

queen is poised to win the Oscar, but she chafes at the studio's increasing restrictions on her life. When an unexpected friendship develops between her and Prince Rainier of Monaco, she faces the tempting possibility of a new role--one that offers the power and stability she craves. But life isn't like the movies. Twenty years into her crumbling marriage, Grace finds herself

frustrated and disillusioned. Conflicted by notions of family, career, and the very nature of womanhood--notions Grace herself shaped for a generation of women--the world's loneliest princess searches for purpose beyond the labels and headlines. A Hollywood darling, a fairy-tale princess, and a wife starved for autonomy, Grace Kelly is a woman divided. And though she is confined by

public perception and societal conventions, one thing is certain--she will never bow to them"--*The Ghost and the Bogus Bestseller* Bantam
It is estimated that three to five percent of the adult male population of the United States feels the need, at least occasionally, to dress in women's clothing. Judging from enrollment at her academy, Miss Vera would say that figure is low. Veronica Vera

founded Miss Vera's Finishing School for Boys Who Want to Be Girls in 1992 and started a gender revolution. Working from the pink palace of the Academy's intimate Manhattan campus, she has helped hundreds of students embrace and master Venus Envy through her expert instruction in the arts of dressing up, making up, going out, and acting like a lady. In her new book, she

shares her priceless wisdom with the world. With sparkling wit and dazzling insight, Miss Vera gives us the 411 on body hair, foundation garments, make-up, and dressing, as well as offering invaluable advice on Creating a Herstory (finding the real life story of the femmeself within) speech, manners, walking in high heels, and--that biggest step

of all--going out in the real world all dressed up. Amply illustrated and filled with the real stories of students and graduates, Miss Vera's Finishing School also offers a fascinating history of how the Academy came to be, as well as Miss Vera's own incisive gender manifesto. "As we step boldly toward the new millennium, many more of us will be doing it in high heels," says Veronica

Vera. In Miss Vera's Finishing School for Boys Who Want to Be Girls, she proves conclusively that, after a long day in wingtips, there's nothing like slipping into a pair of spiked heels. A New Way of Life Rosalyn Howard, PH.D. Bestselling author Gill Paul returns with a brilliant novel about Lady Evelyn Herbert, the woman who took the very first step into the tomb of Pharaoh

Tutankhamun, and who lived in the real Downton Abbey, Highclere Castle, and the long after-effects of the Curse of Pharaohs. Lady Evelyn Herbert was the daughter of the Earl of Carnarvon, brought up in stunning Highclere Castle. Popular and pretty, she seemed destined for a prestigious marriage, but she had other ideas. Instead, she left behind the world of society balls

and chaperones to travel to the Egyptian desert, where she hoped to become a lady archaeologist, working alongside her father and Howard Carter in the hunt for an undisturbed tomb. In November 1922, their dreams came true when they discovered the burial place of Tutankhamun, packed full of gold and unimaginable riches, and she was the first person to crawl inside for three

thousand years. She called it the “greatest moment” of her life—but soon afterwards everything changed, with a string of tragedies that left her world a darker, sadder place. Newspapers claimed it was “the curse of Tutankhamun,” but Howard Carter said no rational person would entertain such nonsense. Yet fifty years later, when an Egyptian academic came asking questions about what

really happened in the tomb, it unleashed a new chain of events that seemed to threaten the happiness Eve had finally found.

"I loved it." -- Ann Patchett
The bestselling author of *American Housewife* ("Dark, deadpan and truly inventive." -- The New York Times Book Review) is back with a fiercely funny collection of essays on marriage and

manners, thank-you notes and three-ways, ghosts, gunshots, gynecology, and the Calgon-scented, onion-dipped, monogrammed art of living as a Southern Lady. Helen Ellis has a mantra: "If you don't have something nice to say, say something not-so-nice in a nice way." Say "weathered" instead of "she looks like a cake left out in the rain." Say "early-developed"

instead of "brace face and B cups." And for the love of Coke Salad, always say "Sorry you saw something that offended you" instead of "Get that stick out of your butt, Miss Prissy Pants." In these twenty-three raucous essays Ellis transforms herself into a dominatrix Donna Reed to save her marriage, inadvertently steals a \$795 Burberry trench coat, witnesses a man fake his own death at

a party, avoids a neck lift, and finds a black-tie gown that gives her the confidence of a drag queen. While she may have left her home in Alabama, married a New Yorker, forgotten how to drive, and abandoned the puffy headbands of her youth, Helen Ellis is clinging to her Southern accent like mayonnaise to white bread, and offering readers a hilarious, completely singular view on

womanhood for both sides of the Mason-Dixon. Tips, Tales, & Teachings from the Dean of the World's First Cross-Dressing Academy HarperCollins Evangelical Protestant groups have dominated religious life in the South since the early nineteenth century. Even as the conservative Protestantism typically associated with the South has risen in social and political prominence throughout

the United States in recent decades, however, religious culture in the South itself has grown increasingly diverse. The region has seen a surge of immigration from other parts of the United States as well as from Latin America, Asia, and the Middle East, bringing increased visibility to Catholicism, Islam, and Asian religions in the once solidly Protestant Christian

South. In this volume of The New Encyclopedia of Southern Culture, contributors have revised entries from the original Encyclopedia on topics ranging from religious broadcasting to snake handling and added new entries on such topics as Asian religions, Latino religion, New Age religion, Islam, Native American religion, and social activism. With the contributions

of more than 60 authorities in the field--including Paul Harvey, Loyal Jones, Wayne Flynt, and Samuel F. Weber--this volume is an accessibly written, up-to-date reference to religious culture in the American South.

Crown
In this compulsively-readable historical novel, from the author of the critically-acclaimed *Two Sisters*,

comes the story of two young women—one in America’s Gilded Age, one in scrappy modern-day California—whose lives are linked by a single tragic afternoon in history. 1888: Elizabeth Haberlin, of the Pittsburgh Haberlins, spends every summer with her family on a beautiful lake in an exclusive club. Nestled in the Allegheny Mountains above the working class community of Johnstown, Pennsylvania,

the private retreat is patronized by society's elite. Elizabeth summers with Carnegies, Mellons, and Fricks, following the rigid etiquette of her class. But Elizabeth is blessed (cursed) with a mind of her own. Case in point: her friendship with Eugene Eggar, a Johnstown steel mill worker. And when Elizabeth discovers that the club's poorly maintained dam is about to burst and send 20

million tons of water careening down the mountain, she risks all to warn Eugene and the townspeople in the lake's deadly shadow. Present day: On her eighteenth birthday, genetic information from Lee Parker's closed adoption is unlocked. She also sees an old photograph of a genetic relative—a 19th Century woman with hair and eyes likes

hers—standing in a pile of rubble from an ecological disaster next to none other than Clara Barton, the founder of the American Red Cross. Determined to identify the woman in the photo and unearth the mystery of that captured moment, Lee digs into history. Her journey takes her from California to Johnstown, Pennsylvania, from her present financial woes to her past of privilege, from the daily grind

to an epic disaster. Once Lee's heroic DNA is revealed, will she decide to forge a new fate?

What comes, here at the dawn of the Jazz Age, is unimagined attention and success and celebrity that will make Scott and Zelda legends in their own time. Everyone wants to meet the dashing young author of the scandalous novel—and his witty, perhaps even more scandalous wife. Zelda bobs her hair, adopts daring new fashions, and revels in

this wild new world. Each place they go becomes a playground: New York City, Long Island, Hollywood, Paris, and the French Riviera—where they join the endless party of the glamorous, sometimes doomed Lost Generation that includes Ernest Hemingway, Sara and Gerald Murphy, and Gertrude Stein. Everything seems new and possible. Troubles, at first, seem to fade like

morning mist. But not even Jay Gatsby's parties go on forever. Who is Zelda, other than the wife of a famous—some times infamous—husband? How can she forge her own identity while fighting her demons and Scott's, too? With brilliant insight and imagination, Therese Anne Fowler's New York Times bestseller brings us Zelda's irresistible story as she herself might have told it. Essays Simon

Politics and Class in the Making of Modern Atlanta
 Anchor

For more than a century, the city of Atlanta has been associated with black achievement in education, business, politics, media, and music, earning it the nickname "the black Mecca." Atlanta's long tradition of black education dates back to Reconstruction, and produced an elite that flourished in spite of Jim Crow, rose to leadership during the civil rights movement, and then took

power in the 1970s by building a coalition between white progressives, business interests, and black Atlantans. But as Maurice J. Hobson demonstrates, Atlanta's political leadership--from the election of Maynard Jackson, Atlanta's first black mayor, through the city's hosting of the 1996 Olympic Games--has consistently mishandled the black poor. Drawn from vivid

primary sources and unnerving oral histories of working-class city-dwellers and hip-hop artists from Atlanta's underbelly, Hobson argues that Atlanta's political leadership has governed by bargaining with white business interests to the detriment of ordinary black Atlantans. In telling this history through the prism of the black New South and Atlanta politics, policy,

and pop culture, Hobson portrays a striking schism between the black political elite and poor city-dwellers, complicating the long-held view of Atlanta as a mecca for black people.
