This 4th edition takes Silman's groundbreaking concept of imbalances to a whole new level. Designed for players in the 1400 to 2100 rating range and for teachers

looking for a ready-made chess curriculum, the author shares a mind-expanding journey that takes the reader through imbalance-basics, ensures that every detail of all the imbalances are mastered, and leaves the player/lover of chess with something he always wanted but never believed he could achieve: a master-level positional foundation. Hundreds of games

brought to life by instruction-rich prose, and stories that offer humor while highlighting various lessons, vividly illustrate all the book's topics in a manner that's both personal and fun. Jeremy Silman is an International Master and a world-class teacher, writer, and player who has won the American Open, the National Open, and the U.S. Open. *My World Chess*

New in Chess Magazine 2011 / 1 New In Chess, CSI Chess is a cruel game. We all know that feeling when your position has gone awry and everything seems hopeless. You feel like resigning. But don't give up! This is precisely the

moment to switch to swindle mode. Master the art of provoking errors and you will be able to turn the tables and escape with a draw – or sometimes even steal the full point!

Swindling is a skill that can be trained. In this book, David Smerdon shows how you can use tricks from psychology to marshal hidden resources and exploit your opponent's biases. In a lost position, your best practical

chance often lies not in what the computer recommends, but in playing your opponent. With an abundance of eye-popping examples and training exercises, Smerdon identifies the four best friends of every chess swindler: your opponent's impatience, their hubris, their fear, and their need to stay in control. You'll also learn about such cunning swindling motifs as the

Trojan Horse, the Decoy Trap, the Berserk Attack, and 'Window-Ledging'. So, come and join the Swindlers' Club, become a great escape artist and dramatically improve your results. In this instructive and highly entertaining guide, Smerdon shows you how. [New in Chess Magazine 2017/2](#) Siles Press New In Chess is the world's premier chess magazine and has

Countries New in Chess The Stories and the Games: Alekhine - Euwe - Botvinnik - Smyslov - Tal - Petrosian - Spassky - Fischer - Karpov - Kasparov For many years Jan Timman was one of the best chess players in the world. He combined his brilliant successes on the board with a passion for writing and meticulously analysing his own games and those of his rivals. Three times

he was a World Championship Candidate and in 1993 he played in the final of the FIDE World Championship . In this fascinating book, Jan Timman portrays ten World Chess Champions that played an important role in his life and career. Alexander Alekhine (1892-1946) he never met, but the story of how in Lisbon he bought one of the last chess sets belonging to the fourth World

Champion is one of many highlights in this book. Timman has a keen eye for detail and a fabulous memory, and he visibly enjoys sharing his insider views, including many revelations about the great champions. Timman's Titans not only presents a personal view of these chess giants, but is also an evocation of countless fascinating episodes in chess history. Each portrait

is completed by a rich selection of illustrative games, annotated in the author's trademark lucid style. Always to the point, sharp and with crystal-clear explanations, Timman shows the highs and lows from the games of the champions, including the most memorable games he himself played against them. *Read by Club Players in 116 Countries* New In Chess, Csi New In Chess is the world's
