Is There Someone Important You've Forgotten to Love? It's the second greatest commandment in the Bible: Love your neighbor as you love yourself. But what if you don't love yourself very well? How can you grow into a happier, freer, and more genuinely loving you? In *Loving God, Loving Myself*, biblical counselors Jerry and Denise Basel give you a traveling companion on your journey to healing from life's wounds and Satan's lies. These fifty-five engaging and hope-filled readings correspond to the Basels' book *The Missing Commandment: Love Yourself* and make a valuable accompaniment. However, this book is designed to stand by itself. The Basels say, "Some of the writings are inspirational. Others are informative and instructional to help you better understand yourself and your life story." Read just one short chapter a day. Steep in the wisdom and encouragement gleaned from God's Word. Learn from the stories of others as well as the Basels themselves. And gain daily hope, insight, and vision for your life as you walk the road with God toward loving yourself and others the way God does.

How to Love Hachette UK

The most prolific African-American woman author from 1920 to 1950, Hurston was praised for her writing and condemned for her independence, arrogance, and audaciousness. This unique anthology, with 14 superb examples of her fiction, journalism, folklore, and autobiography, rightfully

establishes her as the intellectual and spiritual leader of the next generation of black writers. In addition to six essays and short stories, the collection includes excerpts from *Dust Tracks on the Road*; *Mules and Me*; *Tell My Horse*; *Jonah's Gourd Vine*; *Moses, Man of the Mountain*; and *Their Eyes Were Watching God*. The original commentary by Alice Walker and Mary Helen Washington, two African-American writers in the forefront of the Hurston revival, provide illuminating insights into Hurston-the writer, the person-as well as into American social and cultural history.

Holly Elliott was familiar with forging new paths. As she describes in her memoir, *Teach Me to Love Myself*, she was probably the first professionally trained deaf counselor-therapist in the United States. In her initial position as intern and then staff member at the University of California Center on Deafness, she became an advocate of total communication a combination of sign language, lip-reading and oral competency that was a new horizon for rehabilitation therapy for the deaf. She was one of the first individuals with inner-ear nerve degeneration to receive a prototype cochlear implant and, several years later, one of the first to have an implant upgraded. Finally, in a more general sense of pathbreaking, she made a courageous career shift at mid-life. After twenty-five years of marriage and child-rearing, she accepted her deafness and embarked on a retraining that eventually led to a distinguished professional career. Holly Elliott was an unusual role model for women of her time, and still speaks to our twenty-first-century experience.

An Invitation From Gay Hendricks I am thrilled and delighted to offer to you the new edition of *Learning To Love Yourself*. Revisiting and rewriting the

book has been a pleasure from beginning to end. With its new elements, the book comes alive in a whole new way. Looking back over more than three decades to the moment of its conception, I can now see how writing this book changed my life in every way. I first wrote it as an act of love, to share an experience that feels as if it's still transforming me in my very cells. It was my hope that telling about the experience could inspire the same profound life-changes in others. The many thousands of letters, emails and spoken appreciations I've received since then let me know that my hope came true. The experience described in the book revealed the living mystery of love to me, allowing me to feel its sweet power for the first time. Because I suddenly knew what real love felt like, I was able to break free of my pattern of painful relationships with women. Ultimately it helped me find my way to Kathlyn, the love of my life and my wife for the past quarter-century. The new edition is ideal for giving to loved ones (including yourself!) who are on the journey to forgiving, accepting and loving themselves. It tells you how I came to an acceptance and unconditional love of even the most difficult-to-love parts of myself. My fondest wish is that you use it for exactly the same purpose, with exactly the same result.

What would you do, if the one you loved most betrayed you? Delilah had dreams of becoming a well-known and financially stable model and clothing designer. Her dreams seemed to be completely out of her reach until she met Tory. Tory needed a beautiful woman to seduce his brother and take part in a scandal big enough to strip his brother, Sage, of his good reputation and position as President of their family company. When Tory saw Delilah he knew she was the one, and for fifty thousand dollars Delilah willingly agreed. When Sage saw Delilah he knew she was the one, but she wasn't saved. She didn't have a relationship with Christ. Ignoring the little tug at his heart that told him to stay away from her, Sage gave Delilah his heart recklessly and was forced to pick up the pieces when her betrayal shattered it. After Sage finds out who Delilah really is and what her true intentions were, he's faced with the most difficult decision of his life - loving and being merciful like the God he claims to serve, or seeking revenge on her and his brother for all of the damage they've caused in his life and reputation.

Are you feeling stressed? Is life all about work and responsibilities? Do you want to change your life? A time came in Vandana Sehgal's life when she was struggling with her negative mindset and was not able to find the reason of her being. She couldn't find fulfilment in work and life. In those moments she took an important decision- stand tall for a better life and to push herself beyond the limits. Giving up was not the option for her as she was not ready to accept a life filled with sufferings. She chose compliment over complaint, connection over comparison and confidence over criticism. I Love Myself has evolved from her personal learnings and her victory over the negative mindset. It aims to remind you that your life is a gift and every moment of your life holds something special. The book encourages you to believe in yourself. At the core of this book is the belief that you are the creator of your life and born with all the abilities to shape it as you wish. The real-life examples, interactive tools and simple exercises challenges you to take the ownership of your life and live it to the fullest level of fulfilment, love and gratitude.

The foundational, classic anthology that revived interest in the author of *Their Eyes Were Watching God*—"one of the greatest writers of our time"—and made her work widely available for a new generation of readers (Toni Morrison). During her lifetime, Zora Neale Hurston was praised for her writing but condemned for her independence and audacity. Her work fell into obscurity until the 1970s, when Alice Walker rediscovered Hurston's unmarked grave and anthologized her writing in this groundbreaking collection for the Feminist Press. *I Love Myself When I Am Laughing... And Then Again When I Am Looking Mean and Impressive* established Hurston as an intellectual leader for future generations of black writers. A testament to the power and breadth of Hurston's oeuvre, this edition—newly reissued for the Feminist Press's fiftieth anniversary—features a new preface by Walker. "Through Hurston, the soul of the black South gained one of its most articulate interpreters." —The New York Times

Daniela Rivera Zacarías believes everything happens for a reason, even if we cannot see it at the moment. This book began as her personal journal, her own attempt to discover her place in the world through analyzing experiences, relationships, and spiritual encounters. It evolved into a book—and then the beloved *Hablando Sola* brand with more than 2,100,000 Facebook likes—full of thoughtful questions and meaningful reflections that has inspired and uplifted hundreds of thousands of young people in Latin America. Now the book that has sold more than 200,000 copies in Latin America is available in English, coinciding with the brand's expansion into the United States as *Talking to Myself*. Zacarías guides readers on their own self-discovery journeys through simple, accessible musings and anecdotes. "How do you learn to love yourself?" she asks and then continues, "I think it's impossible if you don't know who you are." The ensuing chapters include Love, Fear, God, Art, Beauty, Depression, Happiness, and more, tackling a wide range of subjects with one goal in mind: helping readers to better know themselves, that they might better love themselves. This book comes alongside you like a big sister who's been there and done that and can impart her wisdom between warm hugs and a few laughs. It will be of special interest to the 54 million Hispanic Americans in the United States because of Zacarías's following in Latin America, but its honesty, warmth, and wisdom will give it broad appeal, particularly to young women.

In *Spilled Words*, the newest addition to Cici. B's growing list of raw and profound written works, she delivers a filterless snapshot of her love, pain, growth and resolve. Her trademark wittiness seamlessly blends with a familiar approach yet entirely new format to her writing. It is a story unlike any other in that it is made up entirely of quotes, but still somehow paints a beautiful and complete picture. If actions speak louder than words, her latest piece shows that she not only lives and breathes her words, she bleeds them, and spills them unapologetically onto the page.
