A mysterious book with a mysterious past, first published in 1919, The White Magic Book serves up answers to life's daily questions. "This book," Farber writes in the Introduction, "is your personal, portable shrine, twenty-four-hour medium, and in it is the answer to your every question. All you have to do is use it with sincerity and an open mind, and you will be truly surprised and delighted to experience moments of synchronicity on a daily basis." The White Magic Book is like the Internet. There's information out there to be had, and this wonderful little book helps us to access it. Although the questions and answers are written in the language of the early 20th century, like a lovely piece of china from another era, they are as meaningful today as they were then. We may now hear good news from far away not by post but by e-mail. There is nothing dated about the advice to pay attention, have a sense of humor, and find a suitable career. The White Magic Book is simple to use: pick a question, let your finger fall to a symbol on the Table of Jupiter, and find the corresponding answer.

From the New York Times Bestselling Author and Co-Star of Fox's American Grit comes a rare and powerful book on the art of being a sniper. Way of the Reaper is a step-by-step accounting of how a sniper works, through the lens of Irving's most significant kills - none of which have been told before. Each mission is an in-depth look at a new element of eliminating the enemy, from intel to luck, recon to weaponry. Told in a thrilling narrative, this is also a heart-pounding true story of some of The Reaper's boldest missions including the longest shot of his military career on a human target of over half a mile. In Iraq and Afghanistan, Nick Irving earned his nickname in blood, destroying the enemy with his sniper rifle and in deadly firefights behind a .50 caliber machine gun. He engaged a Taliban suicide bomber during a vicious firefight, used nearly silent sub-sonic ammo, and was the target of snipers himself. Way of the Reaper attempts to place the reader in the heat of battle, experiencing the same dangers, horrors and acts of courage Irving faced as an elite member of the 3rd Ranger Battalion, 75th Ranger Regiment, while also examining the personal ramifications of taking another life. Readers will experience the rush of the hunt and the dangers that all snipers must face, while learning what it takes to become an elite manhunter. Like the Reaper himself, this explosive book blazes new territory and takes no prisoners.

The kingdom of God is a beautiful revolution. Marked by the radical life, love, servanthood, and humility of Jesus, it stands in stark contrast to the values and ways of the world.Regrettably, many who profess to follow Christ have bought into the world's methods, seeking to impose a sort of Christianized ethical kingdom through politics and control. In this illuminating sequel to his bestselling book The Myth of a Christian Nation, Dr. Gregory Boyd points us to a better way—a way of seeing and living that is consistent with the gospel of Jesus and his kingdom. Between the extremes of passivity on the one hand and political holy war on the other lies the radical, revolutionary path of imitating Jesus.In twelve areas ranging from racial and social issues to stewardship of the planet, this book will convince and inspire you to live a Christlike life of revolt and beauty—and it will help you attain a practical lifestyle of kingdom impact.
