"It was meant to be a soft mission, something to ease Doctor Daniel Jackson back into things after his time among the Ancients-- after all, what could possibly go wrong on a simple survey of ancient Chinese ruins? As it turns out, a whole lot. After accidentally activating a Goa'uld transport ring, Daniel finds himself the prisoner of Lord Yu, the capricious Goa'uld System Lord. Meanwhile, SGI's efforts to rescue their friend are hampered by a representative of the Chinese government with an agenda of his own to follow-- and a deep secret to hide. But Colonel Jack O'Neill is in no mood for delay. He'll go to any lengths to get Daniel back-- even if it means ignoring protocol and taking matters into his own hands"--Page 4 of cover.

Alien invasion has rendered Earth uninhabitable. Now, humanity survives in settlements on Mars, the moon, and distant space stations around Jupiter and Saturn. It's all people can do to eke out a living from mining, salvage, and scrap. Twin brothers Denver and Laramie Clayborne's salvage operation is a small one—just them, their friend Marit, and their quirky 'bot, OPAL. Their lives are simple and they like it that way, even though they barely earn enough to pay for Laramie's expensive, life-saving medications. They make do, just like everyone else. It's all they can do. Until the day they find something big floating in the wreckage of a battleship graveyard. Something so rare, so precious, it could change their lives forever. Trading it would make them loved. Selling it would make them rich. But keeping it might make them heroes.

They have a chance at a whole new world, if they're brave enough to grasp it. And if Mars doesn't catch them first. co-written with Cari Z

He's a machine--Abandoned in space for years, utterly alone, Abel's advanced programming has begun to evolve. He wants only to protect his creator, and to be free. To the people of Genesis, he's an abomination. Noemi and Abel are enemies in an interstellar war, forced by chance to work together as they embark on a daring journey through the stars. Their efforts would end the fighting for good, but they're not without sacrifice. The stakes are even higher than either of them first realized, and the more time they spend together, the more they're forced to question everything they'd been taught was true. An epic and romantic adventure, perfect for fans of *The Lunar Chronicles* and *Illuminae*.
