If you haven't read this series, you're missing out. Sinclair writes the best Doms. Period. ~ Under the Covers Book Blog
Let's liven up our marriage. It'll be fun. Then her husband brought two slaves into the house. That was the end of that. Divorce achieved, Valerie is working on

her goals. Friends: has a new one. Fitness: little muscles! Finances: in the black. Friskiness? Total. Effing. Fail. So she attends the notorious Shadowlands club's open house. There, a sadistic Dom—a fellow professor—teaches her that she loves pain with her pleasure. He wants to show her more. Despite the razor edges of his hard face and the authority in his every word, he's careful and caring. He listens, and how tempting is that? But she knows better. Her heart is off-limits. Retired Special Forces colonel, Ghost has been a widower for long enough. Although he's ready to love again, the generous, caring

woman he desires has scars from her past. However, he has hard-won skills, enough to show Valerie there can be a new F on her list—fulfillment. Life looks good. Until his past surfaces, shattering his new life and the love he'd hoped to win. --- I love that I can dive into a Masters of The Shadowlands book and get lost and come out feeling warm, safe, and floaty. Just like being in "sub space". ~ Marie's Tempting Reads

A sexy best friend's brother standalone romance from bestselling authors Lauren Blakely and Lili Valente! I'm the wrong guy for her. She's sunshine and cherry pie. I'm whiskey and fast cars. I'm also keeping one hell of a secret from the woman I've wanted for years. But when I find a list my sister left behind for Ruby, I've got no choice but to offer the sexy, big-hearted girl next door both a road trip and a chance. A chance to discover how big she can dream. And if some of those dreams play out in the bedroom? Well, there's nothing wrong with a few -- okay, several - hot nights together as we hit the beach, visit old stomping grounds, and test all

sorts of limits, in and out of the sheets. Seven days, then I'm off, moving across the country, far away from her. No way can things get complicated in a week. Ruby and I aren't the kind of dream that has a shot of coming true. Especially once she learns what I've done. GOOD WITH HIS HANDS is a sexy standalone romance in the Good Love series!

Following on from his *Adventures in Financial Data Science*, Graham Giller, one of Wall Streets original data scientists, collects together a set of pieces on optimal trading strategy design. These address the key issue not answered in the first volume of the series on *Financial Data Science*, how to go from an alpha to a trade. The division of topics is shaped by what Graham calls "Peter Muller's Rule": the analysis of systems to predict prices and systems to trade from predictions should be separated. This makes trading strategy agnostic as to the origins of the information contained within the alpha and clarifies the analytical methodology developed.

King Martiza of Salamos has fallen asleep when he suddenly becomes aware that

something is moving in his room. To his astonishment he finds that it is Princess Veria who has come for his Coronation which is to take place the very next day. She, as her father has died, is now ruling the State of Kavolana which is a smaller Balkan country bordering on his. In a whisper she tells him that she has discovered a plot by her Prime Minister and his Cabinet to drug her so that she is found by them in his bed and then forced to marry her to save her reputation. The King realises that he has a bad reputation for pursuing beautiful women. But he has in fact no intention of getting married. He does, however, know that his Government has always wanted Kavolana to be joined to Salamos to make the two countries more significant together. It is more important now than at any other time because of the policy of the Russians who are infiltrating the Balkans and taking over every small Kingdom and Principality that they can. The King helps the Princess to escape from his bedroom in a very unconventional manner. Then he finds after his Coronation that he becomes involved in the difficulties of her country. They become friends as each of them

realises that the other has no intention of marrying under any circumstances. The King is fully aware of the danger that their two countries are in. The Russians then think up a plot to marry Princess Veria to a Russian Prince and take over Kavolana that way. The King then turns to Queen Victoria for help as Great Britain is the only country that Russia has no wish to offend or fight. The King and the Princess save their countries, but they cannot save themselves from their own feelings. Finally, both the King and the Princess find happiness, which is all told in this unusual romance by BARBARA CARLAND.
