Discovering the Divine Desire Beneath Sexual Struggle Image

"When I first came across Nouwen's phase 'downward mobility,' it struck me as radical, counterintuitive, and profoundly true. His reminder of Jesus' message goes against nearly everything in modern life, but ignoring it has led to most of the urgent problems we now face: global warming, poverty, and a deep sense of alienation. Perhaps it is not too late to change, and Henri Nouwen has shown the way." Philip Yancy In this short work, Henri

Nouwen offers a penetrating reflection on the challenge of the spiritual life, especially the call to imitate Christ's example of "downward mobility." Illustrated with drawings by Vincent van Gogh, *The Selfless Way of Christ* is an inspiring guide for ministers and everyone walking the path of discipleship. *Beloved* Watkins Media Limited Defines the relevance and effectiveness of contemporary clergymen, and surveys methods for responding to the hedonism, and aimlessness of modern society. **Wounds That Heal** Independently Published Henri Nouwen, a Dutch Roman Catholic priest, was one of the most beloved and important spiritual writers of the twentieth

century. Since his death in 1996, his stature has only increased; and his books, including *The Inner Voice of Love*, *The Wounded Healer*, and *The Return of the Prodigal Son*, have become cherished classics. For thousands of readers around the world, Nouwen's influence as a teacher and author is considered equal to, or greater than, that of the century's great spiritual writers, C. S. Lewis and Thomas Merton. Although Nouwen could be radically revealing about his personal thoughts and struggles, there are nonetheless gaps in our understanding of who he was. With *Wounded Prophet*, readers are given the first extensive look into this man who touched so many, not only through his own words but, most

powerfully, through the eyes of those around the world who knew Nouwen best. While researching this compelling biography, BBC producer Michael Ford conducted wide-ranging interviews with Nouwen's friends, colleagues, and family members. What he discovered was far more compelling than what he had imagined: Though Nouwen was indeed the generous and loving man many thought he was, he was also never able to find consistent peace in his own life. Tormenting him were profound feelings of anxiety, insecurity, and loneliness. This portrait gives an honest and well-balanced account of Nouwen's life that leaves no stone unturned, investigating his childhood, his family, his sexuality, and his life as a priest and member of the L'Arche Daybreak community in Toronto.

In this rare, previously unpublished interview Henri Nouwen, one of the most deeply loved spiritual teachers of recent times, reflects on themes that were central to his life and thought. *Beloved* records -- in both spoken and written form -- a treasured conversation that took place in the summer of 1992 at a retreat center in England. The CD enables one to listen to Nouwen's distinctive voice as he speaks about such things as transforming our loneliness, escaping the tyranny of busyness, and choosing to live in ways that, moment by moment, remind us of who we are -- the beloved of God. The book shows this conversation to be studded with gems of spiritual wisdom that merit slow, contemplative reading. Including questions for reflection or discussion, *Beloved* is perfect for individual or group retreats or for personal listening and reading. Here is a depth of wisdom to turn to again and again.

Tales of a Wounded Healer begins by revealing the 27-year odyssey of renowned psychotherapist Mariah Fenton Gladis through her diagnosis and subsequent life with Lou Gehrig's Disease, and how that diagnosis catapulted her to envision and develop a new method of psychotherapy that dramatically facilitates healing and change. Mariah turns her former approach inside out by moving from encouraging people to cope with their lot in life, to empowering them to understand and provide for the compelling force and potential of their own personal needs. The book shows that when met with respect, love and compassion, human needs can arm people with the capacity to transform their lives and contribute to the healing of others. In this book, Mariah

Fenton Gladis presents strong practical and theoretical instruction for the concept of creating exact moments of healing; moments grounded in awareness that precisely respond to and provide for the emergent need of an individual, family or community. These are the moments that produce substantial shifts in a person's worldview, character, and capacity to create meaningful contact with themselves, others and their environment. *Tales of a Wounded Healer* presents true stories of people who have changed their lives through this profound work and describes the seminal moments that shaped their transformation. These stories focus on specific moments of healing in detail and illustrate such themes as the importance of receptivity in healthy human functioning, recovery from post traumatic stress syndrome, the need for supportive community, mending fractured families, creating self-esteem and empowerment, development of a compassionate relationship with self and others, and recovery from sexual abuse and trauma. Throughout the book, the Mariah Fenton Gladis addresses the reader in an attempt to inspire and educate and make the chapters applicable to the readers' lives. About the Author Mariah Fenton Gladis, MSS, QCSW, is the Founder and Clinical Director of the Pennsylvania Gestalt Center for Psychotherapy and Training in Malvern, Pennsylvania. An internationally renowned workshop leader and trainer, Mariah conducts weekend and weeklong workshops locally at her Center and at Esalen Institute in California. She also conducts seminars in New Jersey, Maine, Arizona, Hawaii, Germany, Ireland, and the U.S. Virgin Islands. Recently, Mariah was named Social Worker Of The Year in Pennsylvania, and conducted a workshop on the power of dreams in Machu Picchu, Peru where 30 people from the United States attended. In 2005, she was given the "Hope and Courage" award from the ALS Association, and in 2006 received a "Stevie" lifetime achievement award for women in business. As a 27-year survivor of Lou Gehrig's Disease, Mariah is also an inspirational speaker, sharing her personal approach to healing and living with a life-threatening illness. Testimonials "Mariah Fenton Gladis has translated her own personal and professional history into a highly accessible manual for healing and change." Paula S. Rosen, MSS, Ph.D. Counseling and Psychological Services Swarthmore College "Every page of this book testifies to a compassion that is sharp because the author's mental vigor is keen, penetrating and discerning. But beyond that, the reader will feel embraced

by the only healing force there is: Love." Brother David Steindl-Rast, author of *Gratefulness, the Heart of Prayer* "This book is an extraordinary window into a singularly remarkable therapist." Ken Duckworth, MD, Medical Director National Alliance on Mental Illness (NAMI) "To the fortunate reader, this book is an inspiring deconstruction of some of your own ideas and a personal treat. Enjoy!" Gordon Wheeler, PhD, President, Esalen Institute *Contemporary Images of Christian Ministry* RSM Press

Finding meaning in trauma work, as a traumatized healer yourself. The act of caregiving is physically exhausting and emotionally draining, yet caregivers describe it as rewarding and gratifying. Prolonged exposure to human suffering, however, is not without risks? caregivers report high rates of burnout and poor quality of life. Many care providers believe that their feelings do not matter; that they should ignore their pain, brush off their trauma, wipe away their tears, and just "suck it up." Here, Omar Reda a Libyan-born American psychiatrist who, as an emergency physician and trauma counselor provided care for medical staff caring for victims of trauma, calls upon other healers to break free from cycles of secrecy, toxic stress, and silent suffering so they can continue to empower and inspire those in their care. Filled with poignant first-person stories and clinical case studies, this book is an impassioned plea for psychosocial trauma care that prioritizes the health of both client and healer.

With over a million copies sold, this classic work is essential reading for all who ask, "Where has my struggle led me?" A chance encounter with a reproduction of Rembrandt's *The Return of the Prodigal Son* catapulted Henri Nouwen on an unforgettable spiritual adventure. Here he shares the deeply personal and resonant meditation that led him to discover the place within where God has chosen to dwell. As Nouwen reflects on Rembrandt's painting in light of his own life journey, he evokes a powerful drama of the classic parable in a rich, captivating way that is sure to reverberate in the hearts of readers. Nouwen probes the several movements of the parable: the younger son's return, the father's restoration of sonship, the elder son's resentfulness, and the father's compassion. The themes of homecoming, affirmation, and reconciliation will be newly discovered by all who have known loneliness, dejection, jealousy, or anger. The challenge to love

as God loves, and to be loved as God's beloved, will be seen as the ultimate revelation of the parable known to Christians throughout time, and is here represented with a vigor and power fresh for our times.

This is the first fully-illustrated biography of one of the greatest thinkers of the 20th century, famous for his pioneering exploration of dreams, the unconscious, and spirituality. Carl Jung continues to be revered today as a true revolutionary who helped to shape psychology, provided a bridge between Western and Eastern spirituality, and brought into general awareness such fundamental concepts as archetypes, the collective unconscious, and synchronicity. In this important book, Claire Dunne chronicles Jung's journey of self-discovery from a childhood filled with visions both terrifying and profound, through his early professional success, to his rediscovery of spirituality in mid-life. Special attention is paid to the tumultuous relationships between Jung and Sigmund Freud, the unconventional yet vital role performed by his colleague, Toni Wolff, and the revelatory visions Jung experienced following a close brush with death. The words of Jung himself and those who shared his work and private life are shared verbatim, connected by Claire Dunne's lively and accessible commentary and by an evocative array of illustrations including photographs of Jung, his associates, and the environments in which he lived and worked, as well as art images both ancient and contemporary that reflect Jung's teachings. Jung emerges as a healer whose skills arose from having first attended to the wounds in his own soul. This is an essential work of reference as well as a fascinating and entertaining read for everyone interested in psychology, spirituality, and personal development.

As professional healers & helpers, we must reconcile a paradox central to our work: that being selfish-putting time and effort into our own well-being-makes us much more effective at helping our clients. We have to learn how to better support one another professionally, and reciprocally.

We must, most of all, learn how to value ourselves in the same judgment-free way we value those we serve.

Life of the Beloved The Wounded Healer Ministry in Contemporary Society The perfect gift for seekers, the curious, and the spiritually hungry, The Little Book of Prayers now has a stunning new cover and a more prayer booklike format. Gathered from holy books and prayer books, from songs and spirituals, spoken traditions and poets, it is an unexpectedly approachable collection of common and uncommon prayers from around the world. The entries, one per page or spread, are chosen for their depth of feeling, beauty of expression, spiritual intensity, and sense of the universal. The book is organized into broad categories of praise, entreaty, contemplation, mourning, and grace; and two indexes one by authorship, and the other by topic make it immediately accessible. There are familiar prayers, like the Lords Prayer and 23rd Psalm, which, placed in new context, shine with a renewed beauty and wisdom. You'll find prayers unfamiliar to many in the West, such as the Opener from the Koran or the four vows of the Bodhisattva, chanted every evening in Zen monasteries around the world. And the surprising from the Prayer of the Unknown Confederate Soldier to the blues of Lightnin Hopkins to the poetry of Rumi. God help us to live slowly: To move simply: To look softly: To allow emptiness: To let the heart create for us. Amen. Michael Leunig You, whose day it is, make it beautiful. Ministry and Spirituality InterVarsity Press Traditionally, the roles of Christian ministry have been thought of as priest, pastor, and prophet. Donald E. Messer adds five contemporary images: Wounded Healer, Servant Leader, Political Mystic, Practical Theologian, and Enslaved Liberator. By combining these new images with the more traditional roles, readers will develop their own personal vision of Christian ministry.

The Wounded Healer Convergent Books Countertransference is an important part of the analytical process. It is concerned with the analyst's emotional response to the patient. As such, it can be a particularly difficult aspect of the analytical setting and especially so because of the threat of possible sexual involvement with the patient. At present there is little available on this difficult topic. Jungian analyst David Sedgwick tackles the subject bravely and shows how to use the countertransference in a positive way. The result is one of the finest

Jungian clinical texts of recent years. **A Story of Homecoming** Zondervan The secret to leadership and transformation of a group--or of another person--is the quality of the relationship one person has with another. The effective group leader or counselor will be the person who learns how to listen to other people. By studying and employing listening skills, church leaders will engage others more compassionately, allowing them to feel that their needs are being met. These skills can be used with persons who are terminally ill, inactive at church, going through a divorce, in a family with a severely ill person, unemployed, seeking a new church, grieving, traumatized by catastrophe, going through teenage adolescence, in marriage counseling, or leading a ministry team. John Savage offers eleven specific and teachable listening skills for improving relationships among those who do ministry in small-group settings or when offering counsel to others. The skills are taught through oral exercises and unfailingly helpful examples from actual congregational situations. The skills include paraphrasing, productive questions, perception check, expression of feelings and emotions, fogging, negative inquiry, behavior description, and story listening.

Daily Meditations for Spiritual Living Wm. B. Eerdmans Publishing

According to Henri Nouwen, the bestselling spiritual writer, every Christian is a minister—trying to live his life in the light of the Gospel. Creative Ministry is a thoughtful examination of the various complex tasks that are part of that way of life. Separate chapters treat each of the five areas that Nouwen considers the primary responsibilities of the minister: teaching, preaching, counseling, organizing, and celebrating. He shows how these main functions are inextricably tied to the minister's spiritual life and why they must be directed toward a creative dialogue with other Christians if they are

to be rewarding. It is also essential, he maintains, that the minister leave himself open, take risks, and "lay down his life for his friends" in order to give new life. "There is today a great hunger for a new spirituality," observes Nouwen, a hunger that requires new and creative forms of ministry. Citing numerous examples from his rich experience, the author offers practical advice for infusing daily pastoral work with meaning. The result is an insightful presentation and a resonant spiritual guide for every man and woman who wants to be of service.

Creative Ministry, the Wounded Healer, Reaching Out

Burns & Oates
This is a brave and courageous book, written by a woman who navigated the unknown lands of undiagnosed mental illness for over 6 decades. Her experiences of despair and hopelessness throughout those years eventually left her in a place of anxiety and depression that nearly took

her life. With insight and self-compassion, she reveals a journey of a terrifying childhood, cycles of profound depression and anxiety, anorexia, addiction, spiritual anguish, and eventual diagnoses. From all this arose a profound yearning for coherence, wholeness and healing. Her spiritual explorations were many; and, she speaks honestly of her troubled relationship with conservative Christianity and, decades later, her discovery of the freedom of Energy Healing, the practice of Reiki, the wonders of the supernatural world of Celtic mystery and magic, and the profound sacred transformation of the restorative practices of ancient Shamanism.

Is love a possibility within our reach? "We probably have wondered in our many lonesome moments if there is one corner in this competitive, demanding world where it is safe to be relaxed, to expose

ourselves to someone else, and to give unconditionally. It might be very small and hidden. But if this corner exists, it calls for a search through the complexities of our human relationships in order to find it." -- from *Intimacy Writing* from his vast experience as a pastoral counselor, Henri Nouwen addresses the basic question, "How can I find a creative and fulfilling intimacy in my relationship with God and my fellow human beings?" He conducts a rich and insightful exploration into the balance between intimacy and distance, the problems in trying to develop lasting and productive relationships on all levels, and the connections between intimacy and sexuality, pray, faith, and the mental well-being of the minister. Intimacy is an essential resource for anyone struggling to grasp the profound implications of this most basic human needs.
